

	Thu. 26 June	Fri. 27 June	Sat. 28 June
8.00		8.00 Session F Oral Communications	8.00 Session O Oral Communications
8.30	Session A Oral Communications		
9.00		9.00 Session G (6 speakers) THORACIC AND TORACOABDOMINA DISSECTIONS I <u>Lecture</u> G. Deriu : Nosography and natural history of treated and untreated descending thoracic aorta dissections J.C. Parodi : New concepts in aortic dissections J. Black : Lessons learned (or not) in Marfans Syndrome and Aortic Disease S. Trimarchi : Predictors of aortic growth after Type B dissection T. Kuratani : the new treatment strategy using TEVAR for acute and chronic type B aortic dissections J. Rodriguez Lopez : Measure of Success after Endovascular Repair of Type B Thoracic Aortic Dissections	9.00 Session P (8 speakers) UNUSUAL ASPECTS IN VASCULA AND ENDOVASCULAR SURGERY C. Liapis : Patient and Surgeon Radiation protection during EVAR and TEVAR V. Treska : Osteoprotegerin in the ethiopatogenesis of abdominal aortic aneurysm M. Veller : Vascular Trauma K. Felice De Sales : Visceral artery aneurysms: changing the standard to endovascular repair and addressing technical challenges S. Bonardelli : Aneurysms secondary to obstructive lesions of the Coeliac Trunk: indications and surgical techniques from 30 consecutive cases I. Koncar : Wall strength of AAA – does it influence on rupture event? Y. Hsiang : Vascular surgery in Canada, a Surgeon perspective F. Spinelli : Endovascular treatment of occlusions of superior vena cava A. Giannoukas : Hybrid procedures in lower limb revascularization
9.30	Session B (7+4) 9 speaker ABDOMINAL AORTA I L. Davidovich : Is open repair still the gold standard in the treatment of RAAA? A. Ippoliti : Current indication to open surgery for AAA V. Riambau : AAA repair is justified in patients with Chronic Renal Insufficiency: which is better? EVAR or open repair? C.J. Buckley : Use of helical EndoStaples in EVAR J. Carpenter : Nellix EVAR trails: status of the trials and devices F. Farneti : Single Center Experience with new Treovance Abdominal Stent Graft Andrea Stella : Update on Anaconda registry G. Pratesi : dedicated devices “all in one” on iliac branch technology: clinical experience G. Nano (<i>tba</i>)		
10.00		10.20 News from the Industry COOK E.Cieri : “Endovascular options in complex aortic disease”	
10.30		10:40 COFFEE BREAK	10.30 Session Q (4 speakers) CAROTID BODY TUMORS (round table) G. Opocher : Update on genetics of paragangliomas U. Verga : From genetic to clinical practice: an overview on a North Italian multicentric Paraganglioma database A. Munoz : Current treatment of carotid body tumor: a frequent vascular condition in high altitudes P. Karspazak : (<i>tba</i>)
11.00		11.00 Session H (5 speakers) THORACIC AND TORACOABDOMINA DISSECTIONS II F. Criado : Disease-specific endografts and strategies will be necessary to optimize TEVAR for treatment of aortic dissections J. Lombardi : Complicate type B aortic dissection treated with a composite device: long term data on the stable registry C. Shu : Adjunctive technique to facilitate endovascular repair of aortic dissection of the arch and its branches: hybrid repairs and chimney M. Ferreira : Branched devices to Chronic Type Dissections	11.15 COFFEE BREAK
	11.10 News from the Industry SEROM M. Gargiulo J. Hargreaves		
11.30	11.30 COFFEE BREAK	12.00 Session I (4-5 speakers) MULTILAYER (Coselli/Buckley/Dietrich/Chiesa) N. Frid : (<i>tba</i>) D. Palombo : Italian experience with	11.30 Session R (8 speakers) CAROTID DISEASES F. Verlato : Asymptomatic carotid disease and intracranial stenosis A. Prego : Carotid disease and atrial fibrillation: a very controversial and exiting issue, especially in asymptomatic patients F. Verzini : Carotid Artery Stenting with tapered vs cylindrical stents: does it matter? D. Radak : Simultaneous carotid stenosis and cerebral aneurysm prospective data basis long-term results: carotid endarterectomy and treatment of cerebral aneurysm-what to do C. Pratesi : Carotid Surgery in asymptomatic
11.50	Session C (7+4) 9 speakers ABDOMINAL AORTA II A. Von Ristow : EVAR without contrast:		

12.00	Duplex and fluoroscopy guided stent-graft implant F. Moll: Role of MRI in type II endoleaks M. Matsagkas: Several options in preserving the internal iliac artery during EVAR for aortoiliac AAA N. Mosquera: New possibilities to treat and prevent Type II endoleak C. Rabbia: Prevention and treatment of type II endoleak P. Frigatti: Chimney and sandwich techniques for secondary procedures after infrarenal aortic repair E. Ducasse: Open Chimney for juxta renal aneurysm G. Torsello: Chimney endografting for pararenal aortic pathologies using transfemoral access and the lift technique A. Jawien: (tba)	multilayer stent in complex aortic disease R. Aun: Peripheral and thoraco-abdominal management with multilayer S. Sultan: Early mid-term results of the first 103 cases of multilayer flow modulator: independent global MFM registry C. Vaislic: Two Years follow-up	patients A. Pereira: Timing of carotid endarterectomy after acute stroke F. Speziale: Urgent and emergent carotid endarterectomy for severe stroke and instable neurologic deficit. C. Darling: Carotid intervention in the acute stroke: lessons learned first?
12.30			
13.00		13.00	
13.30	LUNCH	LUNCH	
14.30	Session D 8 speakers THORACIC AND THORACOABDOMINAL AORTA J. Coselli: The History of Thoracoabdominal Aortic Aneurysm Repair: Perils, Possibilities, and Perspectives C. Dzsini: Surgical treatment of thoracic and thoraco-abdominal aortic coarctations G. Fraedrich: Left subclavian artery revascularization prior to TEVAR is generally not necessary C. Nienaber: Endovascular approaches for the ascending aorta: now or never? R. Dalman: Snorkel versus fenestrated endografts; indications, outcomes and advantages of either approach R. Chiesa: Hybrid aortic arch repair: experience of 180 cases P. Cao: Two staged Thoracoabdominal Branched procedures: lights and shadows N. Mangialardi: the impact of the radial fit on the treatment of aortic pathologies R. Hinchliffe: (tba)	14:30 Session L (5 speakers) INFECTIONS Edward: Management of infected endografts Bonvini: regrafting for abdominal aortic graft infections R. Chiesa: Management of aorto-esophageal and aortobronchial fistulae M. Ferrari (tba) B. Gossetti (tba)	
15.00			
15.30		15:30 Session M (8 speakers) CRITICAL LIMB ISCHEMIA / STEM CELLS J. Ricotta: Orbital Atherectomy for calcified lesions in CLI- Results of Clarity Trial Poletto Giorgio: Novel Hybrid technique in the femoro-popliteal revascularization C. Setacci: "Time is tissue": a new systematic approach to diabetic foot infections: is it really new or just newly recognized? M. Cairoli: Stem cell therapy for critical limb ischemia with no real possibilities for revascularisation M. Iafrati: Cellular/Bone marrow therapy for critical limb ischemia	
16.00	16.00 News from the Industry MEDTRONIC J. Graves : Medtronic's Future Innovations for Expanding Aortic Endovascular Therapy?		
	16.20		
16.30	COFFEE BREAK	16:30 News from the Industry	
16.40	Session E (5 speakers) CATASTROPHIC EVENTS J. Black: Carotid aneurysm in post-partum VEDS patient L. Davidovich: Compelled surgery of thoracic aorta aneurysm through right thoracotomy M. Taurino: Aorto-iliac endograft infection and duodenal fistula in patient with previous urogynaecological surgery G. Melissano: Retrograde dissection after TEVAR S. Pirrelli: chest-tube insertion into the left pulmonary artery	ETHICON	
17.00		16:50	
		COFFEE BREAK	
		17.10 Session N (8 speakers) CRITICAL LIMB ISCHEMIA J. Fernandes e F.: Popliteal and peripheral aneurysms-from open to endovascular Always? When not? D. Schneider: Techniques for crossing the difficult SFA occlusion	

		Y. Gueffic: <i>(tba)</i> V. Dorrucchi: The Italian Propaten multicenter long term results in the treatment of critical limb ischaemia E. Galeazzi: Critical limb ischemia: is surgical approach in disappearance in the endovascular era F. Benedetto: Popliteal pedal bypass versus extreme endovascular therapy for CLI F. Zaraca: Lower extremity traumatic injury at level II trauma center Lunz: <i>(tba)</i>	
17.30			
	17.40		
18.00			
18.30		18.10	
19.00		20.30 GALA DINNER (Villa Trissino-Marzotto)
