

AOTrauma Nordic Course—Foot & Ankle Reconstruction with Anatomical Specimens

25 Aug 2016 - 26 Aug 2016, Tampere, Finland

Thursday, 25 Aug 2016 (Day 1)					
Start	End	Title	Moderators/Faculty	Location/Documents	Duration
09:00	09:30	Other Registration and coffee			30
09:30	09:40	Lecture Primary goals and strategies in the management of severe injuries of the F&A	Heikki-Jussi Laine		10
09:40	09:50	Lecture Navicular fractures / Chopart fracture-dislocations			10
09:50	10:00	Lecture Lisfranc injuries – What do we know and do not know?	Heidi Haapasalo		10
10:00	10:10	Lecture Chronic Achilles tendon rupture	James Nunley		10
10:10	10:20	Lecture Trauma of the posterior tibial and peroneal tendons	Oliver Michelsson		10
10:20	10:30	Lecture Treatment of post-traumatic tendomuscular dysfunction of the foot and ankle			10
10:30	10:40	Lecture Failed pilon tibial fracture	Markus Knupp		10
10:40	10:50	Lecture Supramalleolar osteotomy	Markus Knupp		10
10:50	11:00	Lecture Calcaneal fractures – how to use the options of treatment?	Heikki-Jussi Laine		10

AOTrauma Nordic Course—Foot & Ankle Reconstruction with Anatomical Specimens

25 Aug 2016 - 26 Aug 2016, Tampere, Finland

Thursday, 25 Aug 2016 (Day 1)						
Start	End	Title	Moderators/Faculty	Location/Documents	Duration	
11:00	11:10	Lecture Malunited calcaneal fracture	James Nunley		10	
11:10	11:15	Discussion Discussion			5	
11:15	12:00	Lunch			45	
12:00	12:15	Other Introducing the Cadaver Lab			15	
12:15	14:45	Workshop (cadaver) Deliberation of the tibial nerve Medial approach to sustentaculum tali Posterior tibial tendon transfer for drop foot Spring ligament reconstruction Plating of navicular fracture FDL transfer to navicular bone	Heidi Haapasalo; Markus Knupp; Heikki-Jussi Laine; Oliver Michelsson; James Nunley		150	
14:45	15:15	Coffee Break			30	
15:15	17:15	Workshop (cadaver) TMT II-III fusion Supramalleolar osteotomies Posterior plating of the tibia FHL-transfer for chronic Achilles tendon rupture	Heidi Haapasalo; Markus Knupp; Heikki-Jussi Laine; Oliver Michelsson; James Nunley		120	
		Course dinner at 7 pm			0	

AOTrauma Nordic Course—Foot & Ankle Reconstruction with Anatomical Specimens

25 Aug 2016 - 26 Aug 2016, Tampere, Finland

Friday, 26 Aug 2016 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
08:00	09:30	Workshop (cadaver) Group A: Cadaver Exercises Mini-invasive treatment of calcaneal fracture by sinus tarsi approach Primary subtalar fusion for calcaneal fracture Lateral ligament reconstruction by tendon graft Group B: Case presentations	Heidi Haapasalo; Markus Knupp; Heikki-Jussi Laine; Oliver Michelsson; James Nunley		90
09:30	11:00	Workshop (cadaver) Group B: Cadaver Exercises Mini-invasive treatment of calcaneal fracture by sinus tarsi approach Primary subtalar fusion for calcaneal fracture Lateral ligament reconstruction by tendon graft Group A: Case presentations	Heidi Haapasalo; Markus Knupp; Heikki-Jussi Laine; Oliver Michelsson; James Nunley		90
11:00	12:00	Lunch			60
12:00	15:00	Workshop (cadaver) Plating of talar neck fracture Comminuted fractures of the talar body / malleolar osteotomies Reconstruction options for tibialis anterior tendon Jones' fracture Plantar plate injury	Heidi Haapasalo; Markus Knupp; Heikki-Jussi Laine; Oliver Michelsson; James Nunley		180
