SOCIAL PROGRAM

The most popular industrial monument in Germany for international visitors is the World Cultural Heritage Site at the Völklinger Ironworks. In the 2012 Deutschen Tourismus Zentrale (German Tourist Board) questionnaire it was rank 43 of the top 100 places of interest in all of Germany. For us this result is both acknowledgement and incentive.

SOCIAL PROGRAM

The Roman Museum in Homburg is a first-class tourist attraction. It gives a very realistic and lively insight into the everyday life of a Celtic-Roman settlement of 2.000 years ago.
