

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Thursday, 05 May 2016 (Day 1)					
Start	End	Title	Moderators/Faculty	Location/Documents	Duration
08:30	09:00	Lecture Registration			30
09:00	09:05	Opening remarks Welcome and Course Organization	Bruno Peirone		5
09:05	09:10	Lecture Case of the day	Toby Gemmill		5
09:10	09:30	Lecture What's new in articular fracture repair	Bruno Peirone		20
09:30	09:50	Lecture Approaches to the elbow joint: tips and tricks	Toby Gemmill		20
09:50	10:20	Lecture Complex distal humeral fractures	Michael Kowaleski		30
10:20	10:40	Lecture Complex proximal radius and ulna fractures	Toby Gemmill		20
10:40	11:00	coffee break			20
11:00	12:20	Workshop Distal humeral Y fracture Proximal ulna comminuted fracture			80
12:20	12:40	Lecture Incomplete ossification of the humeral condyle (IOHC)	Alessandro Piras		20

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Thursday, 05 May 2016 (Day 1)					
Start	End	Title	Moderators/Faculty	Location/Documents	Duration
12:40	13:00	Lecture Fracture and luxation of the feline elbow joint	Alessandro Piras		20
13:00	14:00	Lunch			60
14:00	14:30	Lecture planning case of the day	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		30
14:30	16:00	Workshop Caudal approach to the elbow joint (left) Fixation of a Y fracture of the humeral condyle (lag screw and plates) (right)	Toby Gemmill; Alessandro Piras		90
16:00	16:30	Lecture Minimally invasive articular fracture repair	Kenneth Bruecker		30
16:30	17:00	coffee break			30
17:00	17:45	Workshop Distal humeral comminuted intra-articular fracture double plates			45
17:45	18:00	Workshop wet lab exercises discussion (Rads)	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		15
18:00	18:30	Discussion case of the day discussion	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		30

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Thursday, 05 May 2016 (Day 1)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration	
18:30	19:00	Lecture Day sum-up			30	

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Friday, 06 May 2016 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
08:25	08:30	Lecture Case of the day	Michael Kowaleski		5
08:30	08:50	Lecture Approaches to the hip joint - tips and tricks	Michael Kowaleski		20
08:50	09:30	Lecture Acetabular fractures treatment options	Kenneth Bruecker		40
09:30	10:00	Lecture Complex fractures of the distal femur	Toby Gemmill		30
10:00	10:30	Lecture Intra-articular and iuxta-articulat distal tibial fracture	Alessandro Piras		30
10:30	11:00	coffee break			30
11:00	12:30	Workshop Complex acetabular fracture with reconstruction plate Peri-acetabular fracture in cat with 2.4 LCP T plate			90
12:30	13:00	Lecture Planning case of the day			30
13:00	14:00	Lunch break			60

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Friday, 06 May 2016 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration	
14:00	16:00	Workshop Approach to the hip joint with great trochanter osteotomy (right) Fixation of a sacro-iliac joint luxation (left) Fixation of a distal tibial fracture with plate (right)	Kenneth Bruecker; Michael Kowaleski; Alessandro Piras		120	
16:00	16:30	coffee break			30	
16:30	17:00	Lecture Hip luxation in dogs	Bruno Peirone		30	
17:00	17:30	Lecture Sacro-iliac luxation in dogs and cats	Kenneth Bruecker		30	
17:30	18:30	Workshop wet lab exercises discussion (Rads)	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		60	
18:30	19:00	Workshop case of the day discussion	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		30	

AOVET Course-Advances in Small Animal Fracture Management

05 May 2016 - 07 May 2016, Cremona, Italy

Saturday, 07 May 2016 (Day 3)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
08:30	08:50	Lecture Biomechanics of complex long bone fractures	Kenneth Bruecker		20
08:50	09:10	Lecture Distal radius-ulna fractures in toy breed dogs	Bruno Peirone		20
09:10	09:40	Lecture Tibia fractures with MIPO	Alessandro Piras		30
09:40	10:10	Lecture Radius-ulna fractures with MIPO	Toby Gemmill		30
10:10	10:30	Lecture Femur fractures with MIPO	Bruno Peirone		20
10:30	11:00	Coffee Break			30
11:00	12:30	Workshop Comminuted tibia fracture with MIPO (left) Radius-ulna wedge fracture with MIPO (right)	Toby Gemmill; Bruno Peirone		90
12:30	13:30	lunch			60
13:30	14:30	Lecture wet lab exercises discussion (Rads)	Kenneth Bruecker; Toby Gemmill; Michael Kowaleski; Bruno Peirone; Alessandro Piras		60
14:30	15:00	Closing remarks Course Closure			30
