[Utrecht University Hall](#)

Domplein 29

3512 JE Utrecht

The dinner will be held at the University Main Hall, which is situated next to the Dom Tower in the medieval Museum Quarter of Utrecht. It consists of two main parts. The oldest part of the building is the Main Hall, which was built in 1462. This was originally a religious building used by catholic priests for their meetings. It was also the place where the Union of Utrecht was signed. This Union is considered to be the origin of the Dutch state. The document

that was signed is considered to be its first constitution. University Hall, containing the main entrance, was built much later, in 1889 in a neo-classical style. Weather permitting, pre-dinner drinks will be served in the courtyard.
