

In Conjunction with
Prague Intervention X

Prague, June 2-4, 2016

Vascular Medicine from A-Z
Preliminary Programme

Major Sessions

1. **Pathophysiology of atherosclerosis**
chair: K. Prasad
2. **Imaging techniques of cardio-vascular pathologies**
chair: R. Sharma
3. **Coronary artery disease**
chair: O. Pachinger
4. **Peripheral artery disease**
chair: W. Zhou
5. **Surgical therapy of aortic diseases**
chair: J. Elefteriades
6. **Current techniques of EVAR/TEVAR**
chair: C. Shu
7. **Endovascular management of thoraco-abdominal aneurysms**
chair: T. Ohki
8. **Critical limb ischemia: selection of endovascular versus interventional therapy**
chairs: F.W. Franz, N. Azuma
9. **Medical therapy of cardio-vascular diseases**
chair: T. Whayne
10. **Organisation of reperfusion therapy for STEMI**
chairs: I. Dakota, O. Hlinomaz
11. **Healthcare systems**
chair: S.P. Saha
12. **Novel risk factors in pathogenesis of end-stage renal disease**
chair: E. Molmenti
13. **Development in oral anticoagulation**
chair: B. Luderitz

In Conjunction with
Prague Intervention X

Prague, June 2-4, 2016

Vascular Medicine from A-Z

Preliminary Programme

14. **New trends in interventional cardiology**
chair: J. Veselka
15. **Current highlights in cardio-vascular surgery**
chair: V. Rohn
16. **Current strategies in therapy of stroke**
chair: A. Krajina, A. Tomek
17. **Development in cardio-vascular imaging methods**
chair: T. Adla
18. **Role of genetics in current cardio-vascular medicine**
chair: P. Tomašov
19. **Interventional therapy in arrhythmology**
chair: L. Riedlbauchová

Oration Lectures

Professor John B. Chang Memorial Lecture

K. Prasad, E. Molmenti

Professor Kailash Prasad's Lecture

P. Aarnio

Professor Otmar Pachinger's Lecture

J. Veselka
