**June
2016**

Dear Colleague,

We are happy to announce that the XII edition of the Villa Bella Course will present comprehensive coverage of the most advanced techniques and concepts in breast aesthetic surgery.

It will be held on June 10, 11 and 12, 2016 in Salò - Gardone, stunningly beautiful towns on the shores of Lake Garda, Italy.

It will focus on live surgery (there will be 10 major operations) as well as practical and didactic lectures and video presentations. A wide range of topics will be covered that will enhance your professional development and continuing medical education.

The main topic this year will be mammaplasty. The most effective techniques will be carefully dealt with. Every procedure will be analyzed in detail, highlighting advantages and disadvantages and examining any possible complications and their solutions.

As usual, together with the surgeons from Villa Bella Clinic, well known surgeons from all over the world will be involved to show the participants the most recent evolutions of their techniques, sharing their latest findings, tips and tricks. High broadcasting quality as well as constant audience-operator interaction will be assured by the most updated audio-video technology, granting a true "live" experience.

Attending this course will inform you on the newest and most interesting techniques in the field. Panels will discuss controversial areas, the limitations to techniques and procedures, in addition to complications and patient safety.

Given the general approval we achieved last year, also this year, for the second time, the course venue will be the

Grand Hotel, in Gardone Riviera.

www.grandhotelgardone.it/en

The hotel is a historical building, built in 1884, as the first large hotel on Lake Garda. One can state that the Grand Hotel Gardone testifies the elegance and style of an era. Amongst the many celebrities who stayed at the Grand Hotel Gardone are: Churchill, Nabokov, Maugham, Sabin, King George of Saxony, D'Annunzio and many of the most famous Hollywood actors (just as an example: Clarke Gable and Vivien Leigh, the stars of *Gone with the Wind*). The view of the lake is majestic, refined and very picturesque.

The hotel has 167 bedrooms where the participants of the course and their families, can stay. Obviously, there is also a large selection of other hotels of various quality and prices in the neighbourhood to choose from. Fine cuisine with local specialties can be enjoyed in the Grand Hotel at the pool snack bar, the lakeside restaurant or a candlelight dinner on the big terrace. But lake Garda is very famous in Italy for the excellent food that you can enjoy in any restaurant or small "trattoria". The Gala Dinner will be held in the fantastic Villa Fiordaliso restaurant, as usual, and it is a highlight of the course.

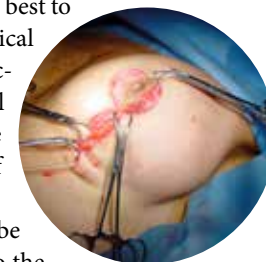

The 2016 faculty will be composed by some of the best plastic surgeons in the world. Beside my father Giovanni Botti, we will also have the pleasure to include Pietro Berrino (Genova, Italy), Mario Pelle Ceravolo (Rome, Italy), Elisabeth Hall Findlay (Banff, Canada), Dennis Hammond (Grand Rapids, USA), Kotaro Yoshimura (Tokyo, Japan), Ernst Magnus Noah (Kassel, Germany), Patrick Mallucci

(London, UK), Alessandra Marchi (Verona, Italy), Gino Rigotti (Verona, Italy), Marzia Salgarello (Rome, Italy), Eric Santamaria (Mexico City, Mexico), Fabio Santanelli di Pompeo (Rome, Italy), Michael Sheflan (Tel Aviv, Israel), Alexis Verpaele (Gent, Belgium), Dennis von Heimburg (Frankfurt, Germany), as part of the invited guests. We have asked to all of these friends to explain their techniques from anatomy and specific physiopathology all the way to the appropriate treatments. The different operations proposed will be demonstrated both theoretically and practically with live video surgery. All of the faculty members will do their best to provide the participants with practical technical knowledge to perform successful breast procedures. We will spend three days with some of the most world recognized masters of aesthetic plastic surgery.

Live surgery demonstrations will be broadcast from Villa Bella Clinic to the Auditorium in the Grand Hotel.

Social activities will be just as interesting and the lucky ones who accompany you will certainly enjoy the great experiences the area offers such as: boat tours on lake Garda, local markets, ancient charming villages, Verona, Venice, the Dolomite mountains, golf courses, Gardaland (the largest amusement park in Europe) and many more activities.

Come and join us!!
