39TH ECC EUROPEAN CONGRESS OF CYTOLOGY

MILAN, SEPTEMBER 20TH-23TH, 2015

The innovative and focused scientific program will handle all the aspects of cytology from A to Z. Highlight of 39th ECC will be:

- Scientific Sessions of the Main International Scientific Cytology Societies
- Innovative Technology in Cytology:
 - Tele-Cytology
 - Remote Training
 - Remote cytology diagnosis via Satellite/Internet for developing Countries
- Cytology in a multidisciplinary context.
- Quality Control
- Quality Assessment
- Quality Improvement
- Requirements for Training Cyto-technicians and Pathologists
- Unique opportunity to reach not only cytologists but also several specialty audiences in one location

Welcome Message

The Italian Society of Pathology and Cytodiagnostics-Italian Division of International Academy of Pathology (SIAPEC-IAP), jointly with the Italian Society of Cytology (SICi), has the great pleasure and honor to organize the 39th European Congress of Cytology, on behalf of the European Federation of Cytology Societies (EFCS).

It will be held in September 20th-23th, 2015 in Milan in the Centro Congressi di Milano (MICO) during the 2015 Universal Exposition EXPO, which will offer visitors a veritable journey around the world, through the cultures, histories and innovations of over 140 participating countries.

The focused scientific program of the Congress will handle all the aspects of cytology from A to Z. Highlight of 39th ECC will be: innovative technology in cytology, cytology in multidisciplinary context, quality control, quality assessment and improvement, requirements for training cyto-technicians and pathologists. It will be a unique opportunity to reach expert cytopathologists coming from every part of Europe and beyond, and several specialty audiences in one location. In addition to the most recent advances of the art, several practical cytology issues will be addressed in a number of workshops and slide seminars.

I am sure that the participation to this event will give the opportunity to spend days of intense and constructive work with the possibility to establish new scientific collaboration and new friendly interaction. I wish to everyone willing to participate an interesting and pleasant stay.

See you in Milan.

Luigi Di Bonito,
President of the 39th European Congress of Cytology
