

Sunday, December 08, 2013

| | Hall A | Hall B | Hall C | Hall D |
|-------------|--|------------------------------|---|---|
| | Pre-Congress Session | Sponsored Satellite Symposia | Parallel Session | Educational Session |
| 09:00-14:00 | Swiss Society MD | | | |
| 12:00-14:00 | "Old enough to be Young" (Erik Wolters, Moussa Youdim and Peter Riederer) | | | |
| | About dopamine, 5-HT and lisuride - Speaker: Reinhard Horowski | | | |
| | Historical overview of pathomechanisms underlying PD and future prospects for therapy - Speaker: Toshiharu Nagatsu | | | |
| | Preclinical drug development of selegiline - Speaker: Kálmán Magyar | | | |
| 14:00-14:30 | Break | | | |
| 14:30-16:00 | | Sponsored Symposium 1 | Parallel Session (Gerald Stern) | Educational Session (Erik Wolters) |
| | | | Movement disorders during Sleep - Speaker: Ron Postuma | Parkinson and Parkinsonism - Speaker: Erik Wolters |
| | | | Movement Disorders related Sleep disorders - Speaker: Wolfgang Oertel | Pathology in Parkinsonism - Speaker: Glenda Halliday |
| | | | Restless Legs Syndrome, PLMS - Speaker: Lynn Rijsman | Diagnosis in PD - Speaker: Daniela Berg |
| 16:00-16:30 | Break | | | |
| 16:30-18:00 | | Sponsored Symposium 2 | Parallel Session (Valerie Voon) | Educational Session (Ray Chaudhuri) |
| | | | The role of Dopamine in Behaviour - Speaker: Antonio Strafella | Autonomic manifestations in PD - Speaker: Ray Chaudhuri |
| | | | Movement disorders in Childhood - Speaker: Francisco Cardozo | Neuropsychiatric manifestations in PD - Speaker: Daniel Weintraub |
| | | | Movement disorders in Psychiatry - Speaker: Marie-An de Letter | Sleep-wake disorders in PD - Speaker: Christian Baumann |
| 18:00-18:30 | Break | | | |
| 18:30-20:00 | Opening Ceremony | | | |
| | Opening Lectures: Physiology of Behaviour - Speaker: Mark Hallett Pathophysiology of Parkinsonian Behaviour - Speaker: Peter Redgrave | | | |
| 20:00-22:00 | Welcome Reception | | | |

Monday, December 09, 2013

| | Hall A | Hall B | Hall C | Hall D | Hall E |
|-------------|---|--|--|--|--|
| | Preclinical Parallel Session | Clinical Parallel Session | Translational Parallel Session | State of the Art | Oral / Poster / Hot Topic Session |
| 08:00-09:30 | Premotor Animal Models (Sylvia Mandell) | Biomarkers / Predictors in PD (1) (Eldad Melamed) | The Role of Proteins in Neurodegenerative Disorders (1) (Britt Mollenhauer) | Educational Sessions (Jay van Gerpen) | Hot Topics Sessions (Amos Korczyn) |
| | Premotor Parkinsonism Models - Speaker: Erwan Bezard | Genetics: State of the Art - Speaker: Vincenzo Bonifati | Synuclein and Synucleinopathies - Speaker: John Hardy | Treatment in PD - Speaker: Jay van Gerpen | TBA - Speaker: Peter Riederer |
| | Motor Parkinsonism Models - Speaker: Darren Moore | Genetics: Developments - Speaker: Zbigniew Wszolek | αSynuclein-targeting Immunotherapy in PD - Speaker: Achim Schneeberger | PD treatment-related complications - Speaker: Fabrizio Stocchi | TBA - Speaker: Edna Grünblatt |
| | Dyskinesia Models -Speaker: Angela Cenci -Nilsson | Genetics: the Yield - Speaker: Christian Wider | Tau and Tauopathies - Speaker: Eva Mandelkow | CDS and DBS - Speaker: Angelo Antonini | TBA - Speaker: Manfred Gerlach |
| | | | | | TBA - Speaker: Emmanuelle Pourcher |
| | | | | | Neuropsychological and imaging profile of patients with Parkinson's Disease and Freezing of Gait - Speaker: Pramod Pal |
| | | | | | Role of lactoferrin in Parkinson's disease - Speaker: Etienne Hirsch |
| 09:30-10:00 | Break | | | | |
| | Plenary Session | | | | |
| 10:00-11:30 | Melvin Yahr Symposium - PD: from Electrophysiology to Behaviour (Christian Baumann, Peter Riederer) | | | | |
| | Pathophysiology of (Parkinsonian) Behaviour - Speaker: John Caviness | | | | |
| | Neurophysiology of (Parkinsonian) Behaviour - Speaker: Peter Brown | | | | |
| | Pathophysiology of Speech and Emotions - Speaker: Neill Graff-Radford | | | | |
| 11:30-11:45 | Short Break | | | | |
| | | | Forum | State of the Art | Oral Abstract |
| 11:45-13:15 | Sponsored Symposium 3 | | Genetic testing: does it makes sense? (Eng King Tan) | Educational Session (Zbigniew Wszolek) | Oral Abstract Session 1 (Heinz Reichmann) |
| | | | Discussants: Eng King Tan, Edna Grunblatt, Vincenzo Bonifati | Genetic parkinsonism - Speaker: Zbigniew Wszolek | |
| | | | | Vascular parkinsonism - Speaker: Barbara Pickut | |
| | | | | Iatrogenic parkinsonism - Speaker: Andrzej Friedmann | |
| 13:15-13:30 | Short Break | | | | |
| | Plenary Session | | | | |
| 13:30-15:00 | Jules Bernard Luys Symposium - PD: from Pathology to Behaviour (Erik Wolters, John Duda) | | | | |
| | Staged Pathology in PD - Speaker: Irena Alafuzoff | | | | |
| | When Pathology comes to Clinical Expression - Speaker: Wilma van de Berg | | | | |
| | A-Synucleinopathic phenotypes - Speaker: Glenda Halliday | | | | |
| 15:00-15:30 | Break | | | | |
| | Preclinical Parallel Session | Clinical | Translational Parallel Session | State of the Art | Oral Abstract |
| 15:30-17:00 | Aldehyde Dehydrogenase in PD (Moussa Youdim) | Biomarkers / Predictors in PD (2) (Edna Grunblatt) | The role of Proteins in Neurodegenerative Disorders (2) (Roger Nitsch) | Educational Session | Oral Abstract Session 2 (Ivan Bodis-Wollner) |
| | PD and ALDH - Speaker: Peter Riederer | Premotor Biomarkers in PD: Overview - Speaker: Omar El Agnaf | Prion propagation, toxicity and degradation - Speaker: Adriano Aguzzi | MSA - Speaker: Gregor Wenning | |
| | ALDH Model of PD -Speaker: Randy Strong | Gene Signature in the Blood - Speaker: Sylvia Mandell | Prions and prionoids in neurodegenerative diseases - Speaker: Pawel Liberski | PSP - Speaker: Andrew Lees | |
| | ALDH Autotoxicity of Dopamine Neurons - Speaker: Jonathan Doorn | Protein Biomarkers in the CSF - Speaker: Britt Mollenhauer | Pathological alpha-synuclein transmission - Speaker: Kelvin Luk | CBD and CBS - Speaker: Anthony Lang | |
| 17:00-17:15 | Short Break | | | | |
| | Sponsored Symposium | Clinical | Forum | State of the Art | Oral Abstract |
| 17:15-18:45 | Sponsored Symposium 4 | Videosession Hypokinetic Disorders (Andrew Lees) | Neuroplastic interventions: a myth? (Alfredo Berardelli) | Educational Session (Claudio Bassetti) | Oral Abstract Session 3 (Jagdish Sharma) |
| | | Speakers: Andrzej Friedman, Gregor Wenning | Discussants: Alfredo Berardelli, Michael Zigmund,Pramod Pal | Sleep-related movement disorders - Speaker: Claudio Bassetti | |
| | | | | Psychological movement disorders - Speaker: Mark Edwards | |
| | | | | Psychiatric movement disorders - Speaker: Marie-An De Letter | |

Tuesday, December 10, 2013

| | Hall A | Hall B | Hall C | Hall D | Hall E |
|-------------|---|---|---|---|---|
| | Preclinical Parallel Session | Clinical Parallel Session | Translational Parallel Session | State of the Art | Oral / Poster / Hot Topic Session |
| 08:00-09:30 | Tremor: Recent Developments (Paolo Barone) | Biomarkers / Predictors in PD (3) (Emanuelle Pourcher) | Iatrogenic Movement Disorders (Fabrizio Stocchi) | Educational Session (Rick Helmich) | Hot Topics Sessions (Amos Korczyn) |
| | Oscillating Motor Networks in Tremors - Speaker: Jan Raethjen | Autonomic Disorders predicting PD - Speaker: Horacio Kaufmann | Acute Tardive Disorders - Speaker: Pierre Burkhard | Tremor: pathophysiology - Speaker: Rick Helmich | TBA - Speaker: Barbara Pickut |
| | New therapeutic strategies (incl. gamma knife) in tremors - Speaker: Jean Regis | Laboratory tests predicting for PD - Speaker: Lama Chahine | Chronic Tardive Disorders - Speaker: Anthony Lang | Tremor: clinical classification - Speaker: Alexander Rajput | TBA - Speaker: Jagdish Sharma |
| | From Models to Morphology - Speaker: Elan D. Louis | Genetic/Clinical Predictors PDD - Speaker: Roger Barker | Dyskinesia - Speaker: Paolo Barone | Tremor: treatment - Speaker: Francois Vingerhoets | Baseline cognitive and psychiatric data from PPMI study - Speaker: Daniel Weintraub |
| | | | | | TBA - Speaker: Ivan Bodis-Wollner |
| | | | | | TBA - Speaker: Heinz Reichmann |
| | | | | | Functional plasticity in the cerebello-cortical pathway in experimental Parkinson's disease - Speaker: Etienne Hirsch |
| 09:30-10:00 | Coffee Break | | | | |
| | Plenary Session | | | | |
| 10:00-11:30 | Gordon Holmes Symposium, Tremor in Neurological Diseases (Jon Stoessl, Wolfgang Oertel) | | | | |
| | Tremor: Clinical Spectrum - Speaker: Rick Helmich | | | | |
| | Tremor: Pathophysiology - Speaker: Mark Hallett | | | | |
| | Tremor: Treatment - Speaker: Francois Vingerhoets | | | | |
| 11:30-11:45 | Short Break | | | | |
| | Sponsored Symposium | Clinical Parallel Session | Forum | State of the Art | Oral / Poster / Hot Topic Session |
| 11:45-13:15 | Sponsored Symposium 5 | | Practical issues on pumps and needles in MD treatment (Per Odin) | Educational Session (Daniel Truong) | Oral Abstract Session 4 (Heinz Reichmann) |
| | | | Discussants: Marina de Koning-Tijssen, Teus van Laar, Angelo Antonini | Dystonia: pathophysiology - Speaker: Daniel Truong | |
| | | | | Dystonia: clinical classification - Speaker: Susanne Schneider | |
| | | | | Dystonia: treatment - Speaker: Dirk Dressler | |
| 13:15-13:30 | Short Break | | | | |
| 13:30-15:00 | George Cotzias Symposium - Emerging Conservative Strategies in MD (Ron Pfeiffer, Ray Chaudhuri) | | | | |
| | Forced Physical Exercise - Speaker: Michael Zigmund | | | | |
| | Emerging Pharmacotherapeutical Strategies - Speaker: Olivier Rascol | | | | |
| | The promises of Stem Cells - Speaker: Hideki Mochizuki | | | | |
| | The promises of Iron -chelating Antioxidantia - Speaker: Moussa Youdim | | | | |
| 15:00-15:30 | Coffee Break | | | | |
| | Preclinical Parallel Session | Clinical Parallel Session | Translational Parallel Session | State of the Art | Oral / Poster / Hot Topic Session |
| 15:30-17:00 | Dystonia: Genotypes and Phenotypes (Christian Wider) | Related Disorders (Kalyan B. Bhattacharyya) | Parkinsonism & Related Disorders: A Summary and discussion of the Best Scientific and Clinical Articles from 2012-13 (Zbigniew Wszolek & Ronald Pfeiffer) | Educational Session (Marina de Koning-Tijssen) | Oral Abstract Session 5 (Ivan Bodis-Wollner) |
| | Genetics in Dystonia - Speaker: Christine Klein | Gilles de la Tourette Syndrome - Speaker: Andreas Hartmann | Speakers: Eric Ahlskog, RobertRodnitzky | Myoclonus - Speaker: Marina de Koning-Tijssen | |
| | Genotypes in Dystonia - Speaker: Alberto Albanese | Niemann Pick and Gaucher's Disease - Speaker: Gerald Stern | | Chorea - Speaker: Jan Roth | |
| | Phenotypes in Dystonia - Speaker: Daniel Truong | FUS mutations - Speaker: Owen Ross | | Ballism - Speaker: Daniel Waldvogel | |
| 17:00-17:15 | Short Break | | | | |
| | Sponsored Symposium | Clinical Parallel Session | Forum | State of the Art | Oral / Poster / Hot Topic Session |
| 17:15-18:45 | Sponsored Symposium 6 | Videosession Hyperkinetic Disorders (Francisco Cardozo) | Stem cells: is there a future? (Hans de Munter) | Educational Session (Andreas Hartmann) | Oral Abstract Session 6 |
| | | Speakers: Teus van Laar, Marina De Koning-Tijssen | Discussants: Etienne Hirsch, Hideki Mochizuki, Eldad Melamed | Tics - Speaker: Andreas Hartmann | |
| | | | | Ataxia: pathophysiology and classification - Speaker: Barry Kremer | |
| | | | | Ataxia: clinical manifestations and treatment - Speaker: Barry Kremer | |

Wednesday, December 11, 2013

| | Hall A | Hall B | Hall C | Hall D | Hall E |
|-------------|--|--|--|--|--------------------------------|
| | Preclinical Parallel Session | Clinical Parallel Session | Translational Parallel Session | State of the Art | Oral Abstract Session 7 |
| 08:00-09:30 | Autophagia in Neurodegenerative Disorders (Angela Cenci-Nilsson) | Neurorehabilitation (Susan Calne) | Developments in Neuro-imaging (David Brooks) | Educational Session (Manfred Gerlach) | |
| | Autophagia in the etiopathogenesis of PD - Speaker: Zhenyu Yue | Neurorehab: the Tools-Speaker: Erwin van Wegen | PET - Speaker: Jon Stoessl | ADHD - Speaker: Manfred Gerlach | |
| | Role of iron in UPS impairment - induced dopamine neuron degeneration - Speaker: Weidong Le | Neurorehab: the Organization - Speaker: Bastiaan Bloem | SPECT - Speaker: Johannes Booij | OCD - Speaker: Throstur Bjorgvinsson | |
| | Impaired autophagic flux in neuronal cells - Speaker: Young Jun Oh | The patient as a Partner - Speaker: Mark Hirsch | Sonography - Speaker: Daniela Berg | ICD - Speaker: Valerie Voon | |
| 09:30-10:00 | Coffee Break | | | | |
| | Plenary Session | | | | |
| 10:00-11:30 | David Marsden Symposium Dystonia in Neurological Diseases (Ryan Uitti & Marina de Koning-Tijssen) | | | | |
| | Dystonia: Clinical Spectrum - Speaker: Kailash Bhatia | | | | |
| | Dystonia: Pathophysiology - Speaker: Alberto Albanese | | | | |
| | Dystonia: Treatment - Speaker: Dirk Dressler | | | | |
| 11:30-11:45 | Short Break | | | | |
| | Plenary Session | | | State of the Art | |
| 11:45-13:15 | Lauri Laitinen Symposium Emerging Neurosurgical Strategies in MD (Olivier Rascol & Pierre Pollak) | | | Educational Session (Daniel Waldvogel) | |
| | DBS: New Targets - Speaker: Andres Lozano | | | The art of phenotyping in movement disorders - Speaker: Daniel Waldvogel | |
| | DBS: New Techniques -Speaker: Marwan Hariz | | | Scales and tests in movement disorders - Speaker: Pablo Martinez-Martin | |
| | Sonication - Speaker: Ernst Martin | | | Imaging modalities in movement disorders - Speaker: David Brooks | |
| 13:15-13:30 | Short Break | | | | |
| | Preclinical Parallel Session | Clinical Parallel Session | Translational Parallel Session | State of the Art | Oral Abstract Session |
| 13:30-15:00 | Interactive Case Discussions: the overlap of Proteinopathies (Wilma van den Berg) | Interactive life Case Discussions | Dystonia plus (Alfredo Berardelli) | | Oral Abstract Session 8 |
| | Speaker: Wilma van den Berg, John Duda, Irina Alafuzoff | Speakers: Francois Vingerhoets, Christan Baumann | Dystonia plus: Overview - Speaker: Susanne Schneider | | |
| | | | Dystonia plus: Pathophysiology - Speaker: Andreas Hartmann | | |
| | | | Dystonia plus: Phenotypes - Speaker: Kailash Bhatia | | |
