

**11<sup>th</sup> INTERVENTIONAL CONGRESS ON COMPLICATIONS DURING  
PERCUTANEOUS CARDIOVASCULAR INTERVENTIONS : PREVENTION AND  
MANAGEMENT, LAUSANNE, SWITZERLAND**

**Wednesday, June 24, 2015**

**Complication case review session 1:**

**13:30 – 15:15 Coronary interventions**

Cases 1 to 5

**14:00 – 14:15 Key-note lecture:**

Is PCI really that complicated?

My tips and tricks to prevent complications

Ulrich Sigwart

**15:15 – 15:45 Coffee & Tea Break**

**Complication case review session 2:**

**15:45 – 17:00 Coronary interventions**

Cases 6 to 8

**17:00 – 18:30 Technology updates**

**Thursday, June 25, 2015**

**08:15 – 09:00 Special joint guest lecture**

Interventional cardiology in perspective:  
past, present and future

Eberhard Grube & Antonio  
Colombo

**Complication case review session 3:**

**09:00 – 10:30 Acute coronary syndromes**

Cases 9 to 13

**10:30 – 11:00 Coffee & Tea Break**

**Guest lectures:**

**11:00 – 12:30 A viewpoint on the future of  
cardiovascular interventional medicine**

The “fusion” interventional surgeon is just  
around the corner

Hugo VanErmen

Whither goes the interventional  
cardiologist?

Malcolm Bell

**12:30 – 13:30 Lunch Break & Satellite Symposium**

**Complication case review session 4:**

**13:30 – 15:00 Coronary interventions**

Cases 14 to 17

**15:00 – 15:30 Coffee & Tea Break**

**15:30 – 16:30 Small interventional Debates:**

Debate 1: CTO interventions:

Keeping perspective

Morton Kern

The determined approach

George Sianos

Debate 2: DAPT after PCI

Prolonged DAPT should now be standard  
of care

Jack Tan

Prolonged DAPT is overrated and should  
rarely be recommended

Thomas Cuisset

**Complication case review session**

**16:30 – 18:00 5: coronary interventions**

Case 18 to 21

**Friday, June 26, 2015**

**08:30 – 09:30 Guest lectures: Perspectives of interventional cardiology in...**

Germany	Michael Haude
U.S.A	Malcolm Bell
Denmark	Christian Wachtell
Singapore	Jack Tan
South Africa	Tom Mabin
Bulgaria	Vasil Velchev
Vietnam	Nhan Vo Than
Russian Federation	Evgeny Merkulov
Switzerland	Marco Roffi

**09:30 – 11:00 Complication case review session 6: Valve & structural interventions**

Cases 22 to 25

**11:00 – 11:30 Coffee & Tea Break**

**11:00 – 11:30 Guest lectures: Percutaneous interventional cardiovascular medicine 5 years from now: insights into the future**

TAVI	Stephan Windecker
PCI	Michael Haude
Research	Amir Lerman

**12:30 – 13:30 Key-note lectures at lunch**

Current controversies in physiological lesion assessment  
Spontaneous coronary dissection

Morton Kern  
Amir Lerman

**13:45 – 15:30 Complication case review session 7: In collaboration and organised by the Swiss Working Group Interventional Cardiology and Acute Coronary Syndromes**

Cases 1 to 6

**15:30 – 15:45 Award for the best complication case**

## COMPLICATIONS FORUM

Wednesday, June 24, 2015

### **Complications forum 1:**

**17:00 – 18.30 Coronary interventions**

Presentation of 6 cases

Thursday June 25, 2015

### **Complications forum 2:**

**11:00 – 12:30 Coronary interventions**

Presentation of 7 cases

### **Complications forum 3:**

**12:30 – 13:30 Valve and structural interventions**

Presentation of 4 cases

### **Complications forum 4:**

**15:30 – 16:30 Coronary interventions**

Presentation of 4 cases

Friday, June 21, 2013

**08:30 – 10:30 Complications forum 5**

Presentation of 8 cases

**11:30 – 13:00 Complications forum 6**

Presentation of 8 cases
