

SCIENTIFIC PROGRAM:DAY 1		
TIME	TOPIC	SPEAKER
Plenary Session 1		
08:30 - 09:15	Advance in the Medical Management of Cushing Syndrome	
09:15 - 10:00	New drugs for dyslipidemia	
10:00 – 10:30	Coffee Break/Poster Viewing	
Track 1 Endocrinology		
10:30 - 11:00	Small and giant prolactinomas	
11:00 -11:30	Insulin Sensitization and Anti-Androgens for Adolescent Girls with Androgen Excess	
11:30 -12:00	Opening ceremony	
12:00 -12:15		
Track 2 Diabetes		
10:30 - 11:00	New Technology in DM	
11:00 - 11:30	GLP-1 agonists in Type 2 DM	
11:30 - 12:00	Opening ceremony	
12:00- 12:15		
12:15 -01:00	Prayer& Lunch	
01:00 -01:45	Satellite Symposia	
MTP		
02:00 - 02:45	Approach to Short Stature	
02:00 - 02:45	Navigating through the available therapies for Type 2 diabetes	
02:00 - 02:45	PCOS in adolescents	
02:50-03:35	MTPs repeated	
03:35-04:00	Prayer/Coffee Break/Poster Viewing	
Plenary Session 2		
04:00 -04:45	Monogenic DM	
04:45– 05:30	CV risks of oral hypoglycemic agents	

SCIENTIFIC PROGRAM:DAY 2		
TIME	TOPIC	SPEAKER
Plenary Session 3		
08:00 – 08:45	In-hospital non-ICU Hyperglycemia	
08:45 - 09:30	Adrenocortical cancer: new understanding of the pathogenesis and management	
09:30 – 10:00	Coffee Break/Poster Viewing	
Track 1 Endocrinology		
10:00-10:30	Diagnosis and Management of Bone Fragility in Childhood	
10:30 - 11:00	Primary hyperparathyroidism: Medical and surgical management of mild disease	
11:00 -11:45	Adult/Pediatric Oral Presentations from Abstracts	
11:45 -12:15	Osteoporosis: New update	
Track 2 Diabetes/Pediatrics		
10:00 -10:30	Delayed Puberty: Diagnosis and Management	
10:30-11:00	National project on DM and self-management	
11:00 – 11:45	Diabetes Oral Presentations from Abstracts	
11:45 – 12:15	Statin Intolerance: Mechanisms and Management	
12:00- 12:15	Q & A	
12:15 -01:00	Prayer& Lunch	
01:00 -01:45	Satellite Symposia	
MTP		
02:00 – 02:45	Acromegaly	
02:00 – 02:45	Thyroid nodules: Current approach	
02:00 – 02:45	Use of new drugs in the management of DM	
02:00 – 02:45	Pheochromocytoma/paraganglioma syndromes	
02:50-03:35	MTPs repeated	
03:35-04:00	Prayer/Coffee Break/Poster Viewing	
Plenary Session 4		
04:00 -04:45	New guidelines in the management of differentiated thyroid cancer	
04:45– 05:30	Growth hormone therapy: Non-classical indications and safety issues	

SCIENTIFIC PROGRAM: DAY 3

TIME	TOPIC	SPEAKER
Plenary Session 5		
08:00 – 08:45	Disorders of Mineral Metabolism in Children and Adolescents	
08:45 – 09:30	New insulins and insulin therapy in DM	
09:30 – 10:00	Coffee Break and Poster Viewing	
Track 7 Endocrinology		
10:00 - 10:30	GH deficiency in adults: Diagnosis and management	
10:30 - 11:00	Testosterone replacement: Pros and Cons	
11:00 - 11:30	Endocrine Hypertension	
11:30 – 11:45	Q & A	
Track 8 Diabetes and Obesity		
10:00 - 10:30	Medical Management of Obesity	
10:30 - 11:00	Medical Management of NASH	
11:00 - 11:30	Genetic Insulin resistance disorders	
11:30 – 11:45	Q & A	
11:45 – 12:45	Prayer& Lunch	
12:45 – 01:45	Satellite Symposia	
MTP		
01:45 - 02:30	Subclinical hyperthyroidism	
01:45 - 02:30	Osteoporosis: What to do when Bisphosphonates fail?	
01:45 - 02:30	Initiating Insulin in T2DM	
01:45- 02:30	Severe insulin Resistance syndromes	
Plenary Session 6		
02:30 - 03:15	Management of advanced thyroid cancer	
03:15	Closing Remarks	

Diabetes and Pediatric Endo

Adult Endocrinology
