Dear colleagues,

We are proud to present EuroValve, a new annual congress that will take place in Spain, France and Italy.

The first edition will be held in Convencion Hotel in Madrid, on November 8 & 9, 2013.

As you know, valvular heart disease is getting more and more frequent and now represents one of the most frequent heart diseases.

Incredible advances have occurred in the last few years about valves diseases, concerning both their evaluation and their management.

New diagnostic techniques, new therapeutic strategies, new therapeutic methods are now available. From genetics to surgery, from epidemiology to transcatheter valve replacement, from echocardiography to new imaging techniques,

EuroValve 2013 will illustrate these most recent advances, presented by the best world specialists in valve disease

The format of EuroValve 2013 will be as attractive as possible, including clinical cases discussions, meet the expert sessions, controversies, symposia, and other interactive sessions.

We are looking forward to meeting you in Madrid.

José Luis Zamorano, Gilbert Habib, Patrizio Lancellotti

GETTING AROUND

From the airport to Hotel Convención:

24-hrs Airport Express Shuttle – Fully recommendable, this new shuttle service is our first choice. Quick, cheap and comfortable, it departs every 15m from each arrival terminal and needs only 2 stops. The hotel stop, 200m from our main door the main door of 4 stars hotel located near el Parque del Retiro, is the first and unmissable one.

Other Options

Metro – Tube stations can be found in T1 and T2. Not the quickest but the most economic option. O'Donnell tube station is only minutes away from our hotel near O'Donnell Maternity Hospital.

Taxi – Taxi in Madrid is relatively economic compared to other European cities.

From Atocha train station – (high speed train station):

Our recommendation – If you travel with luggage we recommend the 24-hour Airport Shuttle. Our 4 star hotel is located 200m away from the second stop (O'Donnell).

Arriving by car

Arriving to the hotel by car cannot be any easier.

The following are the most common routes:

Coming from A1, A2 – Follow the signs towards M-30 direction A3 (Clockwise in the map). Take exit 7 – C/ O'Donnell. Once in O'Donnell, you will quickly find the hotel on your right hand side.

Coming from A3, A4, A5 – Follow the signs

towards M-30 direction A2 (Anticlockwise in the map). Take exit 11 – C/ O'Donnell. Once in O'Donnell, you will quickly find the 4-star hotel on your right hand side.
