

AEPC PRE-COURSE

MARCH 18TH

San Donato Hospital – Aula Magna

08:30-08:50 Welcome and Introduction*G. Butera (Milan, Italy) – M. Carminati (Milan, Italy) – I. Michel –Behnke (Vienna, Austria)***08:50-10:30 MORNING SESSION I***Chairs: G. Brzezinska (Warsaw, Poland) – M. Chessa (Milan, Italy) – S. Qureshi (London, UK)*

08:50-09:10 Unusual access: jugular vein, trans-hepatic, axillary artery, carotid artery, transeptal, others
A.Eicken (Munich, Germany)

09:10-09:30 Hemodynamic assessment in special situations: restrictive cardiomyopathy, pericardial disease and pulmonary hypertension
R.Gitter (Linz, Austria)

09:30-09:50 The importance of radioprotection
C. Ovaert (Leuven, Belgium)

09:50-10:10 Complex atrial septosptomies
D. Boshoff (Leuven, Belgium)

10:10-10:30 RF: pulmonary valve perforation and other uses
I.Michel- Behnke (Vienna, Austria)

*10:30-11:00 coffee break***11:00-12:40 MORNING SESSION II***Chairs: D. Boshoff (Leuven, Belgium) - R.Gitter (Linz, Austria) - M.Witsenburg (Rotterdam, The Netherlands)*

11:00-11:20 Aortic coarctation
M. Chessa (Milan, Italy)

11:20-11:40 Retrieval techniques
G. Brzezinska (Warsaw, Poland)

11:40-12:00 Residual V SD closure
G. Butera (Milan, Italy)

12:00-12:20 Coronary artery fistulas assessment and treatment
S. Qureshi (London, UK)

12:20-12:40 Hemothorax and Retroperitoneal bleeding: signs, symptoms, treatment
J.Thomson (Leeds, UK)

*12:40-14:00 Lunch***14:00-15:30 ROUND TABLES WITH JUNIORS – bring your case**

15:30-17:30 AFTERNOON SESSION

Chairs: G. Brzezinska (Warsaw, Poland) – C. Ovaert (Leuven, Belgium) – J. Weil (Hamburg, Germany)

15:30-15:50 Communication with patients and families
M. Witsenburg (Rotterdam, The Netherlands)

15:50-16:10 PDA closure in a complex setting (hypertensive, adults and other situations)
J. Weil (Hamburg, Germany)

16:10-16:30 Multiple ASD closure
J. Thomson (Leeds, UK)

16:30-16:50 When you should stop your procedure: some examples
S. Qureshi (London, UK)

16:50-17:10 The day after the procedure – what to check and why
D. Boshoff (Leuven, Belgium)

17:10-17:30 Discussion

17:30-17:40 FINAL CONSIDERATIONS AND CLOSING REMARKS

I. Michel Behnke (Vienna, Austria) – G. Butera (Milan, Italy)

10TH IPC WORKSHOP**LIVE CASES**

March 19th
San Donato + Leuven

March 20th
San Donato + Napoli

March 21st
Muenchen + San Donato

MARCH 19th**08.00-10.00 SESSION 1: STILL BURNING QUESTIONS IN ASD CLOSURE****sala Plenaria**

Chair: Z. Hijazi (Doha, Qatar)

Panelists: M. Papa (Milan, Italy) – E. Bruckheimer (Tel Aviv, Israel)

Welcome and introduction
M. Carminati (Milan, Italy)

Large devices in childhood: have we got a follow up?
M. Schneider (Bonn, Germany)

ASD closure in elderly: why and how to do it?
H. Baumgartner (Muenster, Germany)

30/01/2015

State of the art with non-amplatzer devices

S. Qureshi (London, UK)

Erosions: results from literature and registries

G. Butera (Milan, Italy)

10.00-10.30 coffee break

10.30-12.30 SESSION 2: INCREASING PULMONARY BLOOD FLOW

sala Plenaria

Chair: M. Witsenburg (Rotterdam, The Netherlands)

Panelists: W. Brawn (Birmingham, UK) – M. Marasini (Genova, Italy)

PDA Stenting

G.Santoro (Napoli, Italy)

BT shunt is better!

A.Giamberti (Milan, Italy)

RVOT stenting

O. Stumper (Birmingham, UK)

Surgical considerations

W. Brawn (Birmingham, UK)

12.30-14.00 distribuzione box lunch

13.00-14.00 LUNCH 1: THE COMPLEX ASD

sala Visconti 1

Chairs: C. Bussadori (Milan, Italy) - A. Cabalka (Rochester MN, USA)

How to define and imaging of the atrial septum in complex cases

A.Ludomirsky (New York NJ, USA)

Multiple atrial septal defects

F. Gutierrez-Larraya (Madrid, Spain)

Large ASDs and deficient rims

O.Ormerod (Oxford, UK)

Defects associated with aneurysmal atrial septum

A. Peirone (Cordoba, Argentina)

13.00-14.00 LUNCH 2: MEDTRONIC SYMPOSIUM

sala

Sforza

Programme to be received

13.00-14.00 LUNCH 3: AEPC ADVANCED FELLOW COURSE –PDA: HOW TO CLOSE THEM AND HOW TO KEEP THEM OPEN

sala Gonzaga

Chairs: G. Butera (Milan, Italy) - I. Michel-Behnke (Vienna, Austria)

PDA stenting in duct-dependent pulmonary circulation

30/01/2015

G. Santoro (Napoli, Italy)

PDA stenting in duct-dependent systemic circulation

D. Schranz (Giessen, Germany)

PDA closure in children

N. Narin (Kayseri, Turkey)

PDA closure in adults

G. Butera (Milan, Italy)

13.00-14.00 LUNCH 4: PULMONARY VALVE STENOSIS AND PULMONARY ATRESIA-INTACT IVS

sala Visconti 2

Chairs: B. Dalvi (Mumbai, India) – P. Ewert (Muenchen, Germany)

Pulmonary valve stenosis in newborns

G. Agnoletti (Turin, Italy)

Pulmonary valve stenosis in children, adolescents and adults

G. Brzezinska (Warsaw, Poland)

PA-IVS: my key points in order to succeed

F. Garay (Santiago, Chile)

Results over the long-term

A. Danti (Bologna, Italy)

14.00-16.00 SESSION 3: TRICKY AND RISKY SITUATIONS

sala Plenaria

Chair: G. Brzezinska (Warsaw, Poland)

Panelists: G. Agnoletti (Turin, Italy) - F. Garay (Santiago, Chile)

Breaking stents

P. Ewert (Muenchen, Germany)

Dilating/breaking conduits

B. Dalvi (Mumbai, India)

Recanalization of total occluded venous channels

J. De Giovanni (Birmingham, UK)

Perforating covered stents

J. Cheatham (Columbus, USA)

16.00-16.30 coffee break

16.30-18.30 SESSION 4: PULMONARY VALVES
--

sala Plenaria

Chair: P. Bonhoeffer (Siena, Italy)

Panelists: M. Carminati (Milan, Italy) – J.L. Zunzunegui (Madrid, Spain)

The Melody valve: world wide experience

A. Eicken (Muenchen, Germany)

Sapien Valve in large RVOT
A.J. Mansour (Riyadh, Saudi Arabia)

The new Medtronic infundibular reducer
J. Cheatham (Columbus OH, USA)

The Venous Valve
S. Qureshi (London, UK)

When should we replace the pulmonary valve?
Alessandra Frigiola (London, UK)

MARCH 20th

08.00-10.00 SESSION 5: IMAGING OR IMAGINING?

sala Plenaria

Chair: C. Ruiz (New York, USA)

Panelists: M. Lombardi (Milan, Italy) - L. Shapiro (Cambridge, UK)

The role of 3D rotational angiography
G.J. Krings (Utrecht, The Netherlands)

3D printers and structural heart disease
A. Ludomirsky (New York, USA)

Holographic catheterization: just science fiction?
E. Bruckheimer (Tel Aviv, Israel)

2D echocardiography, standard angiography and mental integration: your brain is the best tool!
D. Schranz (Giessen, Germany)

10.00-10.30 coffee break

10.30-12.30 SESSION 6: HYPOPLASTIC LEFT HEART SYNDROME

sala Plenaria

Chair: J. Cheatham (Columbus OH, USA)

Panelists: G. Pongiglione (Rome, Italy) – O. Stumper (Birmingham, UK)

Debate: Hybrid is better
D. Schranz (Giessen, Germany)

Surgery is better
W. Brawn (Birmingham, UK)

Engineering
F. Migliavacca (Milan, Italy)

12.30-14.00 distribuzione box lunch

13.00-14.00 LUNCH 5: CASES IN THE BOX: ASD CREATION

sala Visconti 1

Chairs: A. Micheletti (Milan, Italy) – P.L. Trong (Bremen, Germany)

Foetal case
I. Michel-Behnke (Vienna, Austria)

30/01/2015

TGA: Rashkind procedure in tricky situations

G. Marasini (Genova, Italy)

Fontan fenestration

A. Cabalka (Rochester MN, USA)

Pulmonary hypertension

J. Thomson (Leeds, UK)

13.00-14.00 LUNCH 6: GORE SYMPOSIUM	sala Sforza
--	--------------------

Chair: M. Carminati (Milan, Italy)

Programme to be received

13.00-14.00 LUNCH 7: AEPC ADVANCED FELLOW COURSE – STENTING PULMONARY ARTERIES

sala Gonzaga

Chairs: D. Boshoff (Leuven, Belgium) – F. Gutierrez-Larraya (Madrid, Spain)

Imaging PAs

M. Lombardi (Milan, Italy)

Choosing the balloon and the stent

F. Garay (Santiago, Chile)

Treating bifurcation

O. Stumper (Birmingham, UK)

Redilatation of PA stents: challenges and tricks

F. Berger (Berlin, Germany)

13.00 – 14.00 LUNCH 8: HOW TO SORT OUT DIFFICULT SITUATIONS	sala Visconti 2
--	------------------------

Chairs: M. Chessa (Milan, Italy) – C. Ruiz (New York NJ, USA)

Stent dislocation

J.L. Zunzunegui (Madrid, Spain)

Vessel rupture

E. Bruckheimer (Tel Aviv, Israel)

Device embolization

A. Fraise (London, UK)

Balloon ruptures

D. Hagler (Rochester NY, USA)

14.00-16.00 SESSION 7: FOETAL PROCEDURES	sala Plenaria
---	----------------------

Chair: C. Pedra (Sao Paulo, Brazil)

Panelists: V. Fesslova (Milan, Italy) – J. Weil (Hamburg, Germany)

Aortic valve

W. Tworetzky (Boston MA, USA)

Pulmonary valve

R. Gitter (Linz, Austria)

IAS stenting

L. Benson (Toronto, Canada)

16.00-16.30 Coffee break

16.30 – 18.30 SESSION 8: RISKS IN CARDIAC CATHETERIZATION	sala Plenaria
--	----------------------

Chair: G. Butera (Milan, Italy)

Panelists: I. Spadoni (Massa, Italy) – J. Thomson (Leeds, UK)

The invisible risk in cardiac catheterization: radiation exposure!

H. Baysson (Fontenay-aux-Roses, France)

CCAD registry: UK experience

S. Qureshi (London, UK)

Management of emergencies in the cath lab: how to train staff

Z. Hijazi (Doha, Qatar)

18.30-19.30 SESSION 9: IPC AWARD	sala Plenaria
---	----------------------

Chairs: M. Carminati (Milan, Italy) - S. Qureshi (London, UK)

MARCH 21st

08.00-10.00 SESSION 10: AORTIC COARCTATION	sala Plenaria
---	----------------------

Chair: D. Hagler (Rochester NJ, USA)

Panelists: A.J. Mansour (Riyadh, Saudi Arabia) – J. Weil (Hamburg, Germany)

Data from literature and registries

A. Cabalka (Rochester MN, USA)

Atreric aortic coarctation

M. Chessa (Milan, Italy)

Hypoplastic horizontal aorta

L. Benson (Toronto, Canada)

Blood pressure during follow up after transcatheter therapy

M.G. Russo (Napoli, Italy)

10.00-10.30 coffee break

10.30-12.30 SESSION 11: COMPLEX STRUCTURAL PROCEDURES	sala Plenaria
--	----------------------

Chair: H. Sievert (Frankfurt, Germany)

Panelists: R. Gitter (Linz, Austria) – A. Frigiola (Milan, Italy)

Trans-catheter aortic and mitral valve: ready for congenital?

H. Baumgartner (Muenster, Germany)

Transcatheter aortic/mitral leaks

30/01/2015

D. Hagler (Rochester NJ, USA)

Transapical aortic/mitral leaks

C. Ruiz (New York, USA)

Tricuspid valve implantation

M. Gewillig (Leuven, Belgium)

Surgical applications of Melody Valve

W. Tworetzky (Boston MA, USA)

12.30-14.00 distribuzione box lunch

13.00-14.00 LUNCH 9: ST JUDE SYMPOSIUM

sala SFORZA

Programme to be received

13.00-14.00 LUNCH 10: MISCELLANEA

sala Visconti 1

Chairs: F. De Luca (Catania, Italy) – A. Fraisse (London, UK)

Pulmonary artero-venous malformations

F. Gutierrez-Larraya (Madrid, Spain)

MAPCAs: why, when and how to treat

M. Gewillig (Leuven, Belgium)

Coronary artery fistulas

M. Schneider (Bonn, Germany)

Interventions in Mustard

J. De Giovanni (Birmingham, UK)

13.00-14.00 LUNCH 11: AEPC ADVANCED FELLOW COURSE –PULMONARY VALVES TRANSCATHETER IMPLANTATION

sala Gonzaga

Chairs: O. Milanese (Padova, Italy) - J. Thomson (Leeds, UK)

Role of MRI

P.L. Festa (Massa, Italy)

Sapien valve: step-by-step

Z. Hijazi (Doha, Qatar)

Melody implantation: step-by-step

M. Chessa (Milan, Italy)

Potential complications: how to prevent and how to treat

J.L. Zunzunegui (Madrid, Spain)

13.00-14.00 LUNCH 12: PATENT FORAMEN OVALIS CLOSURE

sala Visconti 2

Chairs: F. Bedogni (Milan, Italy) – C. Ruiz (New York, NY, USA)

Current indications after published trials

30/01/2015

F. Berger (Berlin, Germany)

Job-related indications: scuba divers, pilots and athletes

A. Peirone (Cordoba, Argentina)

Platypnea-orthodoxia

O. Ormerod (Oxford, UK)

Data on available devices

H. Sievert (Frankfurt, Germany)

14.00-16.00 SESSION 12: WHERE ARE WE WITH?

Sala Plenaria

Chair: G. Butera (Milan, Italy)

Panelists: O. Milanesi (Padova, Italy) - R. Rossi (Brazil)

Coronary fistulae

B. Dalvi (Mumbai, India)

VSD Closure with PFM coils

P. L. Trong (Bremen, Germany)

Intervention in failing Fontan

F. Berger (Berlin, Germany)

Biodegradable stents

M. Witsenburg (Rotterdam, The Netherlands)
