

THURSDAY MAY 26

	Auditorium 1 (1500 pax) First Floor
10:00 - 11:30 am	Symposium: Sy 1
11:30 - 11:45 am	BREAK
11:45 - 1:15 pm	Symposium: Sy 2
1:15pm - 2:45 pm	LUNCH
2:45 - 4:15 pm	Symposium: Sy 3
4:15 - 4:30 pm	BREAK
4:30 - 6:00 pm	Symposium: Sy 4
6:30 - 7:00 pm	Open Ceremony

FRIDAY MAY 26

	Auditorium 1 (1500 pax) First Floor	Auditorium 6 +7 (750 pax) Ground Floor	Auditorium 2 (400 pax) First Floor	Auditorium 8 (350 pax) First Floor
8:30 - 10:30 am	8:30 am: Session: S 1	8:30 am: Session: S 2	8:30 am: Session: S 3	8:30 am: Session: S 4
	Electrode design	Music appreciation: New achievements	Vestibular funtion	Advances in cochlear implant programming
10:30 - 11:15 am	BREAK			
11:15 - 12:15 am	11:15 am: Round Table: RT 1	11:15 am: Round Table: RT 2	11:15 am: Round Table: RT 3	11:15 am: Round Table: RT 4
	Electrode design and drug delivery system	Music education, impact on language development and literacy	Bilateral CI and Vestibular function in children	Telefitting and new technologies
12:15 - 2:00 pm	LUNCH			
2:00 - 3:30 pm	2:00 pm: Session: S 5	2:00 pm: Session: S 6	2:00 pm: Session: S 7	2:00 pm: Session: S 8
	New Horizons in surgery	Long term outcomes	Basic science and hot topics	Linguistics and bilingual enviroments
3:30 - 4:00 pm	BREAK			
4:00 - 5:30 pm	4:00 pm: Session: S 9	4:00 pm: Session: S 10	4:00 pm: Session: S 11	4:00 pm: Session: S 12
	Computer aided and robotic surgery	Long term outcomes what have we learnt?	Inner ear anatomy and phisiology	Imaging techniques: Up to date
5:30 - 6:30 pm	5:30 pm: Round Table: RT 5	5:30 pm: Round Table: RT 6	5:30 pm: Round Table: RT 7	5:30 pm: Round Table: RT 8
	Cochlear Implantation in Special Cases	Rehabilitation:innovation and assessment	Genetics and gene therapy	Non-users, why?

SATURDAY MAY 27

	Auditorium 1 (1500 pax) First Floor	Auditorium 6 +7 (750 pax) Ground Floor	Auditorium 2 (400 pax) First Floor	Auditorium 8 (350 pax) First Floor
8:00 - 9:30 am	8:00 am: Session: S 13	8:00 am: Session: S 14	8:00 am: Session: S 15	8:00 am: Session: S 16
	Bimodal and bilateral	CI, SSD and Tinnitus	CI and quality of life	Programing Techniques: New perspectives
9:30 - 10:00 am	BREAK			
10:00 - 11:30 am	10:00 am: Session: S 17	10:00 am: Session: S 18	10:00 am: Session: S 19	10:00 am: Session: S 20
	Bilateral implantation in very young children	Children with SSD	CI in chronic middle ear diseases	Cognitive processing, speech and language development
11:30 - 12:30 am	11:30 am: Round Table: RT 9	11:30 am: Round Table: RT 10	11:30 am: Round Table: RT 11	11:30 am: Round Table: RT 12
	Why one ear is not enough	Is there a sensitive period for treating SSD in children	Management of malformed cochleas	Achievements of teenagers and young adults with CI
12:30 - 2:00 pm	LUNCH			
2:00 - 2:30 pm	2:00 pm: Session: S 21	2:00 pm: Session: S 22	2:00 pm: Session: S 23	2:00 pm: Session: S 24
	Long terms sucess of hearing preservation	ABI in children	Blindness and other impairments	Electrophysiology
3:30 - 4:00 pm	BREAK			
4:00 - 5:30 pm	4:00 pm: Session: S 25	4:00 pm: Session: S 26	4:00 pm: Session: S 27	4:00 pm: Session: S 28
	Failures in hearing preservation	Reimplantation	Children with special needs: what issues?	Objective measurements
5:30 - 6:30 pm	5:30 pm: Round Table: RT 13	5:30 pm: Round Table: RT 14	5:30 pm: Round Table: RT 15	5:30 pm: Round Table: RT 16
	Indication of cochlear implant in severe hearing loss: how far can we go?	Failures in cochlear implants	CI in challenging children adolescents and young adults	Current Status of Newborn hearing screening

SUNDAY MAY 28

	Auditorium 1 (1500 pax) First Floor	Auditorium 6 +7 (750 pax) Ground Floor	Auditorium 2 (400 pax) First Floor	Auditorium 8 (350 pax) First Floor
8:30 - 9:30 am	8:30 am: Session: S 29	8:30 am: Session: S 30	8:30 am: Session: S 31	8:30 am: Session: S 32
	Best selected e-posters	Best selected e-posters	Best selected e-posters	Assistive Hearing Technology
9:30 - 10:00 AM	BREAK			
10:00 - 11:30 am	10:00 am: Session: S 33	10:00 am: Session: S 34	10:00 am: Session: S 35	10:00 am: Session: S 36
	CI: New indications and border line cases	Other devices	Therapy in CI	Parental and patient concerns
11:30 - 12:30 am	11:30 am: Round Table: 17	11:30 am: Round Table: 18	11:30 am: Round Table: 19	11:30 am: Round Table: 20
	Access to cochlear implants around the world	Indication for implantable hearing aids and bone conductors	New therapy approaches	Ethics
12:30 AM	CLOSING CEREMONY & E-POSTER AWARDS
