SECOND ANNOUNCEMENT

SHOULDER ARTHROPLASTY CONVENTION 2015

3rd Munich Master Course

15 - 17 October 2015

Live surgeries ■ Lectures ■ Debates ■ Workshops

SCIENTIFIC COMMITTEE

Peter Habermeyer (Germany)
Markus Loew (Germany)
Tony Romeo (USA)
Gilles Walch (France)

www.shoulder-convention.org

PROGRAMME

What is new – What is well-proven?

Find out more during 2 days of scientific lectures and 1 day of hands on training

- Scientific lectures
- Cadaver workshops
- Live surgeries
- Debates
- Mini battles
- Dry-labs
- Company workshops

Thursday, 15 October 2015

Morning

Personal training

- New and established products in shoulder arthroplasty

Cadaverworkshop Arthrex Cie

Cadaverworkshop Tornier Cie

Afternoon

Convention opening

Scientific lectures

- Trauma: From ORIF to joint replacement

Friday, 16 October 2015

Breakfast session

Round table

- Expert discussion – Case presentations
- You can bring your cases

Morning

Scientific lectures

- Long stem - short stem – stemless - resurfacing
- Special indications

Noon

Lunchbreak workshops

Afternoon

Scientific lectures

- The challenge of the glenoid
- Patient specific instruments and implants

Saturday, 17 October 2015

Breakfast session

Live surgeries

- Anatomic short stem
- Reversed arthroplasty

Morning

Scientific lectures

- Convertible stems and glenoids (kinematics, designs, results)
- Patient specific instruments and implants

Noon

Lunchbreak workshops / live surgeries

Afternoon

Scientific lectures

- What will the future of shoulder arthroplasty be?

FACULTY

Pascal BOILEAU (FRA)

Juan BRUGUERA (ESP)

Ulrich H. BRUNNER (GER)

Sebastian CODA (CHI)

Lieven DE WILDE (BEL)
