

7th Update Symposium Cardiopulmonary Exercise Testing Saturday March 12, 2016

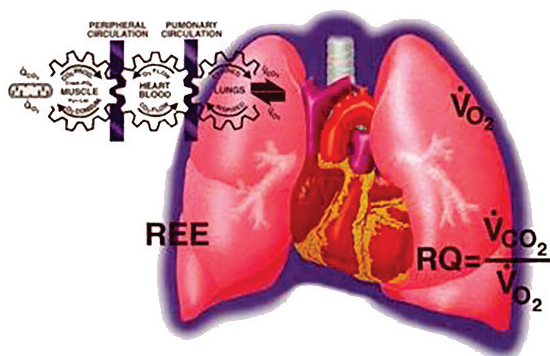

Acertys

Passionate partner
Solid solutions

The Working Group on Cardiovascular Prevention and Rehabilitation joins forces once again with Acertys Healthcare to organise the 7th Update Symposium - Cardiopulmonary Exercise Testing.

Theoretical background and practical issues concerning exercise tests will be presented and discussed, together with some interesting case studies.

Due to the multidisciplinary character of these exercise tests, this course is intended for cardiologists, pulmonologists, sports doctors, physiotherapists, nurses, students and technicians.

Lecturers:

Prof. Dr. Johan DE SUTTER
Department of Cardiology
AZ Maria Middelares - Ghent

Dr. Hermann ESCHENBACHER
Senior Product Manager CPX
CareFusion - Hoechstberg - Germany

Dr. Ines FREDERIX
