

## COMMERCIAL SUPPORT/EXHIBITOR PROSPECTUS

ETI-AVS 2012  
September 5-8, 2012  
La Bagnaia Conference Resort  
Siena, Italy

### *Organizers*

Symposia  
Organizzazione Congressi (ITA)

International Society of  
Endovascular Specialists (USA)

Dear Friends and Colleagues,

We are pleased to announce the ETI-AVS 2012 (AVS) to be held on September 5-8, 2012, in collaboration with the Endovascular Therapy International (ETI) meeting in Siena, Italy. It is our great honor and pleasure to invite you to participate as a participant of this important educational program organized by the International Society of Endovascular Specialists (ISES), in collaboration with Symposia Organizzazione Congressi.

Building on the success of previous programs, the Program Directors wish to enhance the skills and expand the knowledge of professionals treating patients in every area of vascular disease. The ETI-AVS 2012 combined program offers a unique and comprehensive update on the state of the art in the field of the vascular disease through authoritative lectures, debates and panel discussions. The lively interactive discussion between the presenter, expert international faculty panel and the audience should stand out as the most engaging and beneficial aspects of the meeting.

The faculty of the ETI-AVS 2012 has established international reputation as both clinicians and leaders in their fields. We are anticipating an audience of clinicians from all specialties who treat the basic and advanced vascular issues that include vascular surgeons, interventional cardiologists, , advanced endovascular specialists and interventional radiologists.

The faculty will discuss vascular disease epidemiology, a wide variety of diagnostic procedures, various surgical techniques, and endovascular intervention topics. During interactive taped live case presentations, the faculty will discuss the standard of care and alternative options in specific patient cases with special emphasis how to perform complex interventional procedures and how to manage or avoid major complications.

There are many opportunities for companies and organizations to exhibit or support the ETI-AVS meeting. Customized packages can be developed to meet your organization's individual needs and objectives, as well as provision for many commercial support and marketing opportunities. Educational grants are available to support the excellent scientific program as well.

We would like to take this opportunity to invite you to register and to participate in this excellent and relevant educational program. We also invite the submission of interesting or cAreaenging cases for presentation which will provide a unique, interactive format. Please contact the organizing offices for more information or visit the website at [www.adriatic-vascular-summit.org](http://www.adriatic-vascular-summit.org) for continuous updates.

We look forward to welcoming you to Siena.

2012 ETI-AVS Program Directors

Piergiorgio Cao Edward Diethrich Igor Gregoric Zvonimir Krajcer

Carlo Setacci

## ETI-AVS 2012 Preliminary International Faculty

	Max Amor		Michel Mawad (Houston)
	Paolo Angelini (Houston)		Franco Nessi (Torino)
	Angelo Argenterì (Pavia)		Christoph Nienaber (Rostock)
	Fabrizio Benedetti-Valentini (Rome)		Öztekin Oto (Izmir)
	Giancarlo Biamino		Domenico Palombo (Genova)
	Giorgio M. Biasi (Milan)		Juan C. Parodi (Buenos Aires)
	Jacques Busquet (Saint Cloud)		Flavio Peinetti (Aosta)
	Lucien Castellani (Tours)		Ivo Petrov (Sofia)
	Patrizio Castelli (Varese)		Janet Powell (London)
	Roberto Chiesa (Milan)		Carlo Pratesi (Florence)
	Gioacchino Coppi (Modena)		Ourania Preventza
	Joseph Coselli		Claudio Rabbia (Torino)
	Alberto Cremonesi (Cotignola)		Donald Reid (Wishaw)
	Tony Das (Dallas)		Bernhard Reimers (Mirano)
	Lazar Davidovic (Beograd)		Jean-Baptiste Ricco (Poitiers)
	Csaba Dzsini (Budapest)		Plinio Rossi (Rome)
	Hans Henning Eckstein (Munich)		Paolo Rubino (Mercogliano)
	Roberto Ferraresi (Milan)		Jürg Schmidli (Bern)
	Mauro Ferrari (Pisa)		Claudio J. Schönholz (Charleston)
	Roberto Gandini (Rome)		Francesco Serino (Rome)
	Mauro Gargiulo (Bologna)		Giovanni Simonetti (Rome)

	Onur Göksel (Istanbul)		Andrea Stella (Bologna)
	Bruno Gossetti (Rome)		Maja Strozzi (Zagreb)
	Franco Grego (Padova)		Sherif Sultan (Galway)
	Koray Güven (Istanbul)		Piotr Szopinski (Warsaw)
	Stephan Haulon (Lille)		Maurizio Taurino (Rome)
	Luigi Inglese (Milan)		Matthew M. Thompson (London)
	Arnaldo Ippoliti (Rome)		Barry Toombs
	Michael J. Jacobs (Maastricht)		Giovanni Torsello (Münster)
	Stephen Joy (Syracuse)		Jos C. van den Berg (Lugano)
	Tomaj Ključevsek (Ljubljana)		Frank Veith (New York)
	Tomislav Klokocovnik (Ljubljana)		Frank E.G. Vermassen (Gent)
	Waclav Kuczmik (Katowice)		Fabio Verzini (Perugia)
	Dimitrij Kuhelj (Ljubljana)		James Willerson
	Mario Lachat (Zurich)		Cees Wittens (Maastricht)
	Ivo Lovricević (Zagreb)		Paolo Zamboni
	Nicola Mangialardi (Rome)		
	Marco Manzi (Abano Terme)		
	Josip Maskovic (Split)		
	Klaus Mathias (Dortmund)		

Please return to the ETI-AVS web site at  
[www.adriatic-vascular-summit.org](http://www.adriatic-vascular-summit.org) for  
 updated list of faculty.

## **ABOUT THE ENDOVASCULAR THERAPY INTERNATIONAL / ADRIATIC VASCULAR SUMMIT (ETI-AVS)**

The ETI-AVS 2012 will include discussion on vascular disease epidemiology, the wide variety of diagnostic procedures, various surgical techniques, and endovascular intervention and peripheral vascular topics. During interactive live case presentations, the faculty will discuss the standard of care and alternative options in specific patient cases with special emphasis on how to perform complex interventional procedures and how to manage or avoid major complications.

### **Course Objectives**

At the end of the ETI-AVS, the participant will be better prepared to:

- Assess the newest technology and interventional techniques and determine the appropriate application to their patients
- Diagnose and assess patients with peripheral vascular disease
- Review new advances in the endoluminal repair of abdominal and thoracic aortic aneurysms
- Critically evaluate the appropriate use of stent grafts for aortic aneurysm repair
- Understand the appropriate use of vascular closure devices
- Discuss the appropriate use of stents for carotid, iliofemoral, renal and aortic disease
- Integrate into their practices the knowledge obtained through case presentations
- Apply the results of evidence-based medicine in the management of their patients
- Discuss the latest imaging technologies utilized in endovascular techniques and interventional medicine
- Integrate these forms of therapy into a clinical practice to minimize complications in vascular, coronary and peripheral interventions

### **Course Format**

The ETI-AVS focuses on the most relevant topics in vascular and endovascular medicine today. New and innovative therapies are being developed at a breakneck pace, and the AVS provides the environment for discussion and interaction to meet our educational objectives.

### **Target Audience**

The ETI-AVS is designed for professionals in the vascular and endovascular fields including vascular surgery, interventional cardiology, radiology, neurology, vascular surgery, neuro, cardiothoracic surgery, and others interested in our rapidly evolving area of vascular medicine and peripheral vascular and endovascular surgery, techniques and interventions.

### **Scientific Sessions Include:**

New Developments in Treatment of Aortic Aneurysms  
Unresolved Issues in Treatment of Cerebrovascular Disease  
CAreaenging Case Presentations  
CCSVI  
Latest Advances In Evaluation And Treatment Of Patients With CLI

**Great Debates on Relevant Topics such as:**

Abdominal Aortic Aneurysms are for the Most Part Best Treated with Endovascular Approach  
The Value of Cerebral Protection Devices During CAS has been Greatly Overestimated  
A Well Done RCT comparing PTA vs. BMT in MS Should be Planned  
Drug Eluting Technology: The Holy Grail of the 21<sup>st</sup> Century?  
The Angiosomes Concept: Do We Really Need?

**Featuring:**

- Live Taped and Interactive Case Presentations
- CAreaenging Case Presentations
- Debates

**Educational Symposium/Workshop Session:**

Venous Course and Technical Symposium  
Dedicated Satellite Symposia

**Accreditation**

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Institute for the Advancement of Human Behavior (IAHB) and International Society of Endovascular Specialists (ISES).

The American Medical Association has determined that physicians not licensed in the US who participate in this CME activity are eligible for AMA PRA Category 1 Credit(s)<sup>TM</sup>

The IAHB is accredited by the ACCME to provide continuing medical education for physicians.

The IAHB designates the ADRIATIC VASCULAR SUMMIT for AMA PRA Category 1 Credit(s)<sup>TM</sup>. Number of hours are pending. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The program of ETI-AVS 2012 will be accredited by the European Board of Vascular Surgery (EVCME) and by the Agenas Provider for Italian Continuing Medical Education (ECM). In order to acquire the credits, participant is requested to attend Scientific Sessions of all days (from September 5 to September 8, 2012).

**Disclaimer**

The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.

**Faculty Disclosure**

It is the policy of ISES to ensure balance, independence, objectivity, and scientific rigor in all of its sponsored educational programs. Commercial support from industry does not influence educational content, faculty selection, and/or faculty presentations, and, therefore, does not compromise the scientific integrity of the educational activity.

Discussion of off-label product usage and/or off-label product use during cases are made at the sole discretion of the faculty and not endorsed by ISES or the program directors for this activity.

Faculty participating in continuing medical education activities sponsored by ISES are required to disclose to the audience any real or apparent conflict of interest related to the content of their presentation(s). Faculty not complying with this policy are not permitted to participate in this activity.

### **Unlabeled and Unapproved Products and/or Procedures**

Faculty at this activity may discuss information about pharmaceutical agents and/or devices and/or procedures that is outside of U.S. Food and Drug Administration approved labeling. This information is intended solely for continuing medical education and is not intended to promote off-label use of these medications, devices and procedures. If you have questions, contact the medical affairs department of the manufacturer for the most recent prescribing information.

### **Commercial Financial Support**

ETI-AVS 2012 is sponsored in part through exhibit fees and unrestricted educational grants from medical device and pharmaceutical industries. A complete list of supporters will be distributed at the meeting.

*Commercial support from industry does not influence educational content, faculty selection, and/or product usage during demonstrations and, therefore, does not compromise the scientific integrity of this ISES program. The decision to discuss off-label product usage and/or off-label product use during demonstration is made at the sole discretion of the faculty. Off-label product usage is not endorsed by the program directors or ISES.*

### **Preliminary Focused Scientific Program Topics**

The ETI-AVS 2012 will offer a comprehensive review of state-of-the-art techniques, the newest approaches and up to date information on, but not limited to:

- The latest advances in evaluation and treatment of patients with peripheral arterial disease
- Contemporary management of carotid artery disease
- New developments in treatment of abdominal aortic aneurysm
- Contemporary management of coronary artery and Valvular heart disease and the latest results with percutaneous aortic valve procedures
- Unresolved issues in treatment of carotid artery disease (the latest results of carotid stent trials, future of CAS, current indications for CAS)
- Unresolved issues in treatment of Aneurysmal disease (results of latest clinical trials, treatment of cAortaenging aortic anatomy)
- New developments in treatment of aortic pathologies and thoracic aortic aneurysms
- Controversies in treatment of venous pathologies (varicose veins, venous malformations, access sites, acute and chronic DVT)

### **Call for Interesting Cases**

CAreaenging or innovative clinical cases, with or without complication that have been managed may be submitted for review and consideration of inclusion in the scientific program. Individuals whose cases are selected for a special session will become members of the faculty and have their meeting registration fee waived. Deadline for case submissions is July 1, 2012. Please contact the ISES Office or visit [www.adriatic-vascularsummit.org](http://www.adriatic-vascularsummit.org) for more information or to download or electronically submit case submission form.

## **Sponsorship and Marketing Opportunities**

The ETI-AVS 2012 provides exhibitors the opportunity to maximize their exposure to meeting attendees. Sponsorship offers proven methods for exposing your products and/or services, building traffic to the exhibit area and helping prepare clients for your personal message in face to face discussions. There is a sponsorship opportunity for every budget. Industry support enables ETI-AVS 2012 to produce educational activities which promote improvement in patient care and physician practice patterns.

Each sponsorship opportunity provides added values to enhance your exposure. Sponsorship and marketing opportunities should be reserved as soon as possible. Remember, if there is an opportunity that is not listed which has proven successful to your organization, please contact us and we can discuss implementation of such to meet your objectives.

With your organization's generous support, benefits and visibility to your company can include:

Pre and post meeting correspondence  
The ETI-AVS 2012 and ISES Online! Web sites  
Onsite scientific meeting program materials  
Insert placed in the professional meeting attendee's satchels/bags

A variety of sponsorship and marketing opportunities are available and include but are not limited to:

### **Support Opportunities**

#### *Attendee and faculty premiums*

- Registration badges
- Lanyards
- Attendee meeting satchels/bags
- Writing tablets
- Scholarship grants
- Faculty support

#### *Events*

- Online web based case presentations
- Refreshment and coffee breaks
- Morning and luncheon symposiums and workshops
- Welcome reception
- Scientific faculty dinner

#### *Scientific Opportunities*

- Breakfast or Lunch Symposiums
- Scientific Abstract Supplement

#### *Advertising and promotion*

- Final scientific program
- Pocket program
- Online advertising on ETI-AVS 2012 and ISES Online! Web sites
- Email blasts

- Customized signage
- Hanging or customized banners
- Promotional insert with registration materials

*Media and technology*

- Speaker ready room
- Audiovisual support

*Scholarships*

Please contact the Organizers for information on educational grants about scholarships for physicians in training.

**Commercial Support Levels / Educational Grant Opportunities**

In an effort to offer companies maximum visibility beyond the exhibit area and individual sponsorship and marketing opportunities, the ETI-AVS 2012 has established commercial support and educational grant support levels with associated recognition and visibility at the meeting.

Please refer to the sponsorship and marketing information and application form or contact the Organizer's office for details on each commercial support, sponsorship and marketing opportunity available to our valued industry partners.

The ETI-AVS 2012 also offers Unrestricted Educational Grant Opportunities at the following levels

Diamond  
Platinum  
Gold  
Silver  
Bronze  
Ruby

Please refer to the Sponsorship and Marketing Application for details of levels of support, recognition, other opportunities and important information.

**Exhibit Information**

*A Partial List of the Benefits of Exhibiting at the ETI-AVS 2012 meeting includes:*

- Access to multidisciplinary professionals
- Positive association with a meeting presented by the renowned Endovascular Therapy International and the International Society of Endovascular Specialists (ISES)
- "Scheduled" exhibit area traffic prompted by strategically timed attendee breaks served in the Exhibit Area
- Special additional marketing opportunities, including industry educational sessions

### **Attendance History**

ETI-AVS meetings have attracted physicians specializing in the fields of clinical and interventional cardiology and radiology, vascular and thoracic surgery, angiology among other specialties. In 2011, ETI and AVS welcomed a total of more than 500 attendees from over 25 countries.

Physicians who attend the ETI-AVS 2012 rely on exhibitors and commercial supporters to provide information about the therapies and devices available to treat patients with cardiovascular and peripheral vascular disease. Those that attend the meeting are the future decision-makers in terms of the products and services the companies and organizations provide.

### **Technical exhibition**

An exhibition of scientific and technical equipment will be organized in the Congress Area.

### **Exhibitor Information**

Exhibitors must represent products and/or services that promote pharmacologic and device-based therapy or enhancements to the healthcare profession.

#### *Tabletop Booth Package*

The following are included at no extra charge for table top exhibitors:

- A standard identification sign indicating company name as listed on the Exhibit Application
- One (1) skirted table with two (2) chairs
- Exhibitor listing in the onsite program
- Two (2) complimentary registrations
- Recognition on signage at the ETI-AVS 2012
- Listing on the ISES and AVS web sites

See Exhibit Application Form for further information about exhibit fees.

#### *Exhibit Days*

Hours of Exhibitor Move-In, Hours and Move-Out to be Announced. Please refer to the AVS web site or Exhibitor Service Kit for more information. Hours are subject to change.

#### *Industry Registration*

Complimentary registrations must use utilize the Exhibitor Registration Form. To register additional industry representatives, please complete the AVS Registration Form or go to [www.adriatic-vascular-summit.org](http://www.adriatic-vascular-summit.org).

#### *Exhibitor Service Kit*

The Exhibitor Service Kit will be available the week of June 15, 2012 and available for downloading on the ETI-AVS web site. Links to the documents will be sent to registered exhibitors and commercial supporters.

### **Language**

The official language of the congress is English. No simultaneous translation will be provided.

## Information / Registration Desk and Secretariat

Secretariat and Information /Registration Desk at Congress Venue will be on duty from September 5th through 8th.

### *Opening hours*

September 5  
1.00 pm - 6.30 pm

September 6  
7.30 am - 6.30 pm

September 7  
7.30 am - 6.30 pm

September 8  
7.30 am - 12.00 am

## Coffee and Refreshment

Coffee and refreshment will be organized in the Exhibition area and is included with registration.

## Certificate of attendance

A certificate of attendance will be given to all registered participants upon presentation of their badge at the Secretariat Desk on September 8, 2012.

## Housing

Rooms will be available at a special rate and will begin on May 1, 2012. Attendees will have a choice of rooms in four and five star hotels, all of which are nearby the conference center. To receive the special group rate, please note the cutoff date for reservations on the web site. All reservations are subject to availability. Please visit the ETI-AVS 2012 web site for the latest information or to download hotel reservation form.

## Registration Information

Information about registration for the ETI-AVS 2012 is available online at [www.adriatic-vascular-summit.org](http://www.adriatic-vascular-summit.org) where forms can be downloaded or registration made through our online, secure system. Special registration discounts are provided for current members of ISES and our collaborative and endorsing societies and organizations. A list of these organizations is provided online.

Physician	\$500 Euros
Physician in Training	Complimentary
Other (Nurse, Technician, Industry, Engineer)	\$275 Euros

## HOW TO REACH THE ETI-AVS CONFERENCE VENUE

La Bagnai Conference Center is situated in a short 12 km from Siena.

From North: Exit A1 Firenze Impruneta, take the motorway Firenze-Siena towards Siena and drive for about 60km. Near Siena, follow signs for Grosseto and take the 223 Strada Statale, which connects Siena to Grosseto. Follow this road for about 12 km until the 56 km mark.

From South: Exit A1 Valdichiana/Bettolle/Sinalunga, take the Siena-Bettolle motorway toward Siena and follow it for about 42 km. Near Siena, follow signs for Grosseto and take the 223 Strada Statale, which connects Siena to Grosseto. Follow this road for about 12 km until the 56 km mark.

By AIRPLANE:

- International airport of Florence (Amerigo Vespucci) 82 Km
- International airport of Grosseto (Corrado Baccarini) 62 Km
- Airport of Siena (Ampugnano) 12 Km

By TRAIN:

- Railway station of Siena 12 Km
- Railway station of Florence, Grosseto or Chiusi with connections to Rome and Milan - 45 minutes by car

## ABOUT SIENA, ITALY

Tuscany, the cradle of Renaissance art and Italian literature, is custodian of much prestigious, archaeological, architectural and artistic heritage, belonging to its vast cultural inheritance, which is maintained and conserved by our homeland. Museums, historic monuments and world-class art galleries embellish the ancient cities of a region that is very conscious of its past.

Built on three ridges, with green strips of farmland between them, Siena seems brighter than the nearby Florence, its historic rival. From all over the city, there are fabulous views of the Tuscan hills, the valleys, and the city's most famous monuments: Torre del Mangia, Palazzo Pubblico and the Cathedral. From the ancient gateways in the city walls, paved roadways lead through towering "palazzos" to the centre and to the Piazza del Campo, where the famous medieval bareback horse race, the Palio, takes place each year on the 2nd of July and 16th of August. Visible from many corners of the city, the cathedral, the 14th century Duomo, with its mysterious stripes and glittering façade, dominates the hill on which it stands.

Magical floors and works of art lie within. There are many art galleries to visit: the Museo Civico, the Pinacoteca Nazionale, the Museo dell'Opera, the Santa Maria della Scala, all housing brightly coloured, detailed, beautiful works of Medieval and Early Renaissance Art. But Siena is not living in the past, it is also a modern city. There is much more than the treasures of the Medieval world for the visitor to discover, such as the Gallery of Modern Art, fabulous patisseries, buzzing markets, designer shops, and the Enoteca, housed in the vaults beneath the fortress, where visitors can find a superb collection of Italian wines.

## **Rules and Regulations**

In accordance with ACCME guidelines, product information cannot be distributed at any scientific sessions. Posters or exhibits are not permitted immediately outside or inside the session rooms. Companies may not display or demonstrate products, processes or services, solicit orders, or distribute advertising material at any location (within or outside the Exhibit Area) other than in their assigned exhibit space. The exhibit space may be subject to forfeit if the guidelines are violated.

### *Installation and Dismantle Policy*

Exhibitors must install and break down their exhibit space during the designated installation and dismantle times. If an exhibit does not complete with these items, ISES reserves the right to delay the exhibitor's setup until deemed appropriate.

### *Photography and Videotaping*

Photographing and videotaping is prohibited both in the Exhibit Area and in the Scientific Sessions unless express consent provided by the organizers.

### *Security*

Exhibitors must make provisions for safeguarding its goods, materials, equipment and display at all times.

### *Fire Protection*

All materials used in the exhibit area must conform to local fire ordinances and be in accordance with regulations established by the hotel. All displays are subject to inspection by the local fire and safety authority. Fire stations and fire extinguisher equipment are not to be covered or obstructed in any manner.

### *General Conduct of Exhibitors*

- Exhibits must be adequately staffed during exhibit hours
- Canvassing or distributing advertising material outside the exhibit area is not permitted
- Electrical and mechanical apparatuses must be muffled to prevent noise from interfering with other exhibitors
- Exhibit personnel may not enter another company's exhibit space without that company's permission
- Aisles must be kept free of materials at all times

### *Security*

Exhibitors must make provisions for safeguarding goods, materials, equipment and displays at all times. The organizers are not responsible for the loss of any property.

### *Subletting Space*

Exhibitors may not permit any other party to exhibit within their space any goods other than those manufactured or distributed by the contracting exhibitor, or permit the solicitation of business by others within its space.

### **Exhibitor Application Terms**

Exhibitors agree to abide by the ETI-AVS 2012 Rules and Regulations, a copy of which is included in the Commercial Support Prospectus and made a part of this application and contract by reference and fully incorporated herein. If this application and contract has not been received, properly signed and accompanied by full payment, this application and contract may be declared null and void so that space may be reassigned.

All applications must be signed in order to confirm exhibit reservations. We agree to abide by all rules and regulations governing the exposition as enclosed and which are a part of this application. Acceptance of this application by management constitutes a contract.

### **Cancellation Policy**

Requests for cancellation of reserved exhibit space must be made in writing. Refunds less a \$100 Euros administrative fee will be granted for requests received on deadline. Please contact the Organizers for payment arrangements and deadlines. No refunds will be allowed for space left unoccupied during the ETI-AVS 2012

## ABOUT ISES

The International Society of Endovascular Specialists (ISES) is dedicated to enhancing global research, education and clinical expertise in the treatment of one of the world's number one killers - vascular disease. Using innovative technologies and interventional techniques ISES strives to improve patient care throughout the world.

ISES is a non profit international medical society with a focus on improving education and research in vascular and endovascular disease for improved patient care provided by physicians, hospitals, medical, pharmaceutical companies and all professionals involved. Through its organizational efforts, ISES is able to award scholarships, develop new community and global education programs, as well as sponsor physician and industry educational opportunities to meet the organization's mission in improving patient care.

ISES understands that the most effective endovascular therapies evolve from integrated solutions rather than fragmented responses. The Society convenes a multidisciplinary team of international specialists to converge current methodologies, pioneer new procedures, and develop new technologies resulting in more effective, less invasive treatment modalities. Together these specialists are the path makers of a rising medical sub-specialty.

Endovascular specialists turn to ISES as a single source for sharing knowledge and engaging in productive debate – a springboard for groundbreaking, life-enhancing therapies.

### About the *Journal of Endovascular Therapy (JEVT)*

The *Journal of Endovascular Therapy (JEVT)*, the official publication of ISES, has an established reputation in peer-reviewed journalism. As a forum for all physicians, scientists, and allied healthcare professionals interested in peripheral endovascular techniques and technology, the Journal is one of the world's leading peripheral vascular disease publications.

*JEVT* is available to subscribers worldwide in both print and electronic formats. ISES members receive a complimentary annual subscription to the publication.

### About ISES Education and Research Institute

The ISES Education and Research Institute (ERI) is a global education, training, and research division of the Society that provides high-quality training programs and curricula targeted to endovascular specialists throughout the world. The mission of the Institute is to promote multidisciplinary interaction and knowledge exchange on a variety of areas related to clinical practice and medical device use with the goal of meeting the educational needs of physicians and allied health professionals in the endovascular field. The Institute reflected the Society's longstanding commitment to achieving its education and training goals within an organizational framework geared to respond rapidly to today's changing healthcare environment.

Visit ISES Online! at [www.isesonline.org](http://www.isesonline.org) to learn more about membership, our educational programs, and services.

Visit JEVT Online! at [www.jevt.org](http://www.jevt.org) to learn more about the Journal and its nearly two decades of renowned scientific content.
