

## ADVANCED COURSE

NOVEMBER 25-26

2016

This course has 34 participants working on 17 surgical tables supervised by more than 10 International experts in this field, i.e. 1 expert per table. The table will be fully equipped with a STORZ camera of 2.4 mm attached to a video system and the instrumentation required. The advanced course is intended for all those who have experience in wrist arthroscopy as well as for those who have already attended the basic course. It enables the participant to carry out more sophisticated techniques with the help of international experts. Teaching is both theoretical and practical and there is a high ratio of experts to participant.

FRIDAY  
NOVEMBER 25

### MORNING

8.00 AM

Registration and welcoming of participants

8.30 AM

### LECTURE 1

– Complete reconstruction of TFCC

9.10 AM

### PRACTICAL 1

– Complete reconstruction of TFCC

12.30 PM

Lunch at the Institute

### AFTERNOON

2.00 PM

### LECTURE 2

– Interposition in SLAC  
– Wrist Arthroscopic dorsal capsuloligamentous repair

2.45 PM

### PRACTICAL 2

– Interposition in SLAC  
– Wrist Arthroscopic dorsal capsuloligamentous repair

6.30 PM

End of session

8.30 PM

Dinner in honor of the participants

SATURDAY  
NOVEMBER 26

### MORNING

8.30 AM

### LECTURE 3

– Partial scaphoid implant  
– Arthroscopic CMC joint arthritis

9.10 AM
