**State of the art and future perspectives in vascular
and endovascular surgery**

Chairmen: Franco Grego and Giovanni Deriu

Department of Cardiac, Thoracic and Vascular Sciences
Section of Vascular and Endovascular Surgery - University of Padua, Italy

Padua, Italy
June 26th - 27th - 28th, 2014

Dearest Colleagues,

two years after the first VIP Congress, in which the preferred guests were Latin American surgeons, in 2014 the second edition will see North American surgeons at the center of the scientific scene.

The program will focus on the treatment of arterial diseases: technical aspects and future perspectives in vascular and endovascular surgery will be discussed by an outstanding international faculty.

The congress will be held in the historical center of Padua, whose University, one of the oldest in the world, has been honoured through the centuries by illustrious scientists as Copernico, Galileo, Vesalius, Harvey and Morgagni. Well-known for its beauty, as is testified by the frescos in the Scrovegni Chapel, Giotto's masterpiece, and with good connections to Venice and Verona, Padua is one of the nicest cities in Northern Italy.

We invite you to participate in this unique event and hope you will enjoy your stay!

Franco Grego and Giovanni Deriu
VIP 2014 Chairmen

Topics of the congress

Vascular diseases, technical aspects, state of the art and future perspectives of vascular, endovascular and hybrid procedures. Carotid and supra-aortic trunks – Descending thoracic aorta aneurysms – Type B dissections – Thoraco-abdominal aneurysms – Aortic arch and hybrid procedures – Abdominal aorta aneurysms – Visceral and renal artery diseases – Peripheral aneurysms – Peripheral obstructive arterial disease – Diabetic foot – Critical limb ischemia – Ruptured aortic aneurysms – Vascular traumatism – Acute limb ischemia – Complications in vascular and endovascular surgery and their management – Infections – Imaging in vascular disease – Neo angiogenesis – Gene therapy – Access surgery – Follow up.

Abstract submission deadline: 5 May 2014

The best abstract presentation will be awarded a prize.

Congress venue: Centro San Gaetano – Via Altinate 71, Padova (Italy)
