

Dear Colleagues,

It is our great pleasure to invite you to join us here, in the beautiful city of Leiden, The Netherlands, for our "Springtime Cervical Spine" CSRS-ES Theoretical Course.

We will cover all clinical spine diseases. Each session will be devoted to a pathology.

An International panel of distinguished CSRS-ES Board members will provide an overview and introduce each subject.

All attendees will be encouraged to participate actively in case discussions in order to establish general conclusions/consensus.

Come join us for what will certainly be an enlightening course day for all!

We look forward to seeing you very soon in Leiden!

Carmen Vleggeert-Lankamp, MD

Willem Pondaag MD

Pieter Schutte, MD
