

Preliminary Program

AOCMF Course—Principles in Craniomaxillofacial Fracture Management for ORP

COPENHAGEN, Denmark, 21-22 MARCH 2014

THURSDAY MARCH 21, 2012

TIME	AGENDA	WHO
08:30-09:00	Registration	
09:00-09:15	Welcome address, introduction of faculty and course objectives	
09:15-09:30	History and structure of AO and AOCMF	
09:30-10:00	Bone physiology and fracture healing	
10:00-10:30	Principles of intermaxillary fixation and occlusion	
10:30-11:00	COFFEE BREAK	
11:00-11:30	Surgical approaches to the mandible	
11:30-12:00	Osteosynthesis techniques in the mandible	
	- Lag screws	
	- Load-bearing osteosynthesis	
	- Load sharing osteosynthesis	
12:30-13:30	LUNCH	
13.30-14.00	Treatment of mandibular corpus fractures	
14:00 -15:00	Practical 1: Fracture of mandibular symphysis	

	Fixation with 2 1-0 miniplates
	Fixation med 2.4 lag screws
15.00-15.30	COFFEE BREAK
15.30-16.00	Treatment of condylar and subcondylar fractures
16.00-16.30	Osteosynthesis in bone with reduced quality <ul style="list-style-type: none"> - atrophic mandibels, - comminuted and defect fractures - infected fracture sites
16.30-17.30	Practical 2: Mandibular body- segmental defect
17.30-18.00	Discussion
20.00	Get together

Friday, March 22, 2014

08:00-08:30	Anatomy and surgical approaches the midface
08:30-09:00	Fractures of the zygomatico-orbital complex
09.00-09.30	Le Fort, Panfacial and NOE fractures
09.30-10.00	TEA & COFFEE
10.00-11.00	Practical 5: Fractures of the midface and orbit floor

12.00-13.00 LUNCH

13.00 -13.30 Discussion

13.30-14.00 Level Traume 1 Traumacenter - Organization

14.00-14.30 Computer- aided planning and surgery in CMF

14.30-15.00 Tumor resections and reconstruction

15.15 Closing remarks and certificates

Chairman Thomas Kofod

Co-Chair Daniel Danielson
