Friday November 27th 2015

PLENARY SESSION

Chairs: D. Himpe - N. Van Regenmortel

9:00 - 9:15	Introduction and Welcome to the 5th iFAD Meeting! M. Malbrain
9:15 - 9:35	<i>Honorary IFAD Opening Lecture</i> The Guinea Pig Club: the Advent of Salt Water Resuscitation D. Muckart
9:35 - 9:50	Pro-Con Debate Perioperative Goal Directed Therapy: PRO M. Cecconi
9:50 - 10:05	Pro-Con Debate Perioperative Goal Directed Therapy: CON A. Perel
10:05 - 10:20	Rebuttal and Voting

10:20 - 10:55

COFFEE BREAK

PARALLEL SESSIONS

	Balanced Solutions	Volume Status
	<i>Chairs:</i> <i>P. Elbers - M. Mythen</i>	<i>Chairs:</i> <i>A. Perel - X. Monnet</i>
10:55 - 11:15	What everyone should now about Balanced Solutions P. Caironi	What everyone needs to know about Fluid Responsiveness - Fluid Challenges X. Monnet
11:15 - 11:30	PRO: I need balanced solutions D. Lobo	PRO: I need CVP monitoring Anders Perner
11:30 - 11:45	CON: Saline is just fine N. Van Regenmortel	CON: I don't need CVP monitoring D. Reuter
11:45 - 12:00	Rebuttal and Voting Round Table Discussion	Rebuttal and Voting Round Table Discussion

12:00 - 13:00

LUNCH

SATELLITE SYMPOSIA

	TRACK A	TRACK B
	<i>Chairs: N. Van Regenmortel - TBA</i>	<i>Chairs: M. Malbrain - TBA</i>
13:00 - 13:30	(Supported by unrestricted grant BAXTER)	Tips and tricks on how to get the most out of your PiCCO M. Malbrain (Supported by unrestricted grant PULSION)
13:30 - 14:00	(Supported by unrestricted grant BAXTER)	(Supported by unrestricted grant MAQUET)
14:00 - 14:30	(Supported by unrestricted grant FRESENIUS)	Supported by unrestricted grant (Supported by unrestricted grant EDWARDS)

Friday November 27th 2015

ABSTRACT PRESENTATIONS

14:30 - 14:40	TBA	TBA
14:40 - 14:50	TBA	TBA
14:50 - 15:00	TBA	TBA
15:00 - 15:10	Discussion <i>Chairs: N. Van Regenmortel - TBA</i>	Discussion <i>Chairs: M. Malbrain - TBA</i>

15:10 - 15:40

COFFEE BREAK

PARALLEL SESSIONS

	Albumin <i>Chairs:</i> <i>N. Van Regenmortel -</i>	Ultrasound Monitoring <i>Chairs:</i> <i>D. Lichtenstein - M. Malbrain</i>
15:40 - 15:55	What everyone should now about Albumin P. Caironi	What everyone should now about Critical Care Ultrasound M. Slama
15:55 - 16:10	PRO: I need albumin on the ICU L. Gattinoni	PRO: I need US monitoring J. Poelaert
16:10 - 16:25	CON: I don't need albumin! P. Elbers	CON: I don't need US monitoring A. Wong
16:25 - 16:40	Rebuttal and Voting Round Table Discussion	Rebuttal and Voting Round Table Discussion
	Acid-Base & Urine	Capita Selecta
16:40 - 16:55	Urine & Assessing Volume Status P. Caironi	Why measure pulmonary pressures? D. Chiumello
16:55 - 17:10	Stewart Approach R. Gatz	The Glycocalyx: new insights C. Ince
17:10 - 17:25	TBA	Effect of fluids on cardiac function D. Annane
17:25 - 17:35	Discussion	Discussion

Saturday November 28th 2014

PLENARY SESSION Chairs: A. Perel - D. Lobo

8:45 - 09:10	Introduction N. Van Regenmortel
09:10 - 09:30	Opening Lecture Periop fluid management: how restrictive should we go? M. Mythen
09:30 - 09:50	PRO-CON Debate: Blood Transfusion on the ICU CON: don't exaggerate A. Perner
09:50 - 10:10	PRO: don't hold back C. Ince
10:10 - 10:20	Round Table Discussion

10:20 - 10:55	COFFEE BREAK
---------------	---------------------

PARALLEL SESSION		
	Acute Blood Loss	ARDS & Sepsis
	<i>Chairs: TBA</i>	Chairs: TBA
10:55 - 11:10	What everyone needs to know about The Colloid-Crystalloid Debate R. Gatz	What everyone needs to know about treating ARDS L. Gattinoni
11:10 - 11:20	PRO: I need colloids M. Mythen	ARDS - The Monitored Approach D. Reuter
11:20 - 11:30	CON: Crystalloids are fine R. Hahn	ARDS - The Clinical Approach JL. Vincent
11:30 - 11:40	Rebuttal and Voting	Rebuttal and Voting
11:40 - 12:00	A Whiter Shade of Pale in Trauma D. Muckart	GDT in Sepsis - What's left? A. Vieillard-Baron

12:00 - 13:00	LUNCH
---------------	--------------

ABSTRACT PRESENTATIONS		
	Chairs: N. Van Regenmortel - TBA	Chairs: M. Malbrain - TBA
