Luís Machado (Portugal)

Subject: FORTE Summer School

Dear Eucomed Compliance Officer - Christine Sainvil,

FORTE, as the European Federation of Orthopaedic Trainees, represents residents and young orthopaedic surgeons interest throughout Europe, since 2005.

We would like to bring to your attention our Educational project, set to start in the Summer of 2016: the first **European Orthopaedic Summer School**.

Attached you can find all the information regarding this event, which will combine the opportunity to bring together different European National and Specialty Societies, with the purpose of raising Orthopaedic Education to a higher level. This kind of event will not only **help trainees** to make annual reviews, updates and prepare for their Board exams but also will be beneficial for **networking** and exchange of ideas **between different European countries**.

We feel that this is an exciting project and the first of its kind. To launch this type of events, it's crucial to have the healthcare industry support, so we submit our project to appreciation, to access any compliance issue that may arise. Looking forward to hear from you.

Sincerely,

João Vide, MD
FORTE President

Nikolaos Paschos, MD, PhD
FORTE Secretary
