We are pleased to announce the fourth edition of the International Meeting on Aortic Disease (IMAD 4) to be organized in Liège in 2014.

The meeting will focus on basic research, as well as on the treatment of aortic valves, aneurysms, dissections (types A and B) and occlusive diseases. We welcome you in Liège in 2014 and look forward to sharing with you another exciting conference on aortic diseases!

Course Director:

- Natzi SAKALIHASAN

Co-Directors:

- Gillian COCKERILL
- Jean-Olivier DEFRAIGNE
- John A. ELEFTERIADES
- Helena KUIVANIEMI
- Nicos LABROPOULOS
- Frank A. LEDERLE
- Victor LEGRAND
- Jean-Baptiste MICHEL
- Christoph NIENABER
- Marc A. RADERMECKER

IMAD 2014 highlights:

- Causes and management of bicuspid aortic valve diseases,
- Indications and mid-term results of the TAVI,
- Management of thoracic aortic dissection (Place of the TEVAR in asymptomatic cases),
- Management of thoracic and thoraco-abdominal aortic aneurysms,
- Radiological markers of aortic diseases,
- Management of AAA with Concomitant cancer diseases.
