

Preliminary Program

6th AOCMF Course—Advances in Operative Techniques in Oral and Maxillofacial Surgery (with Anatomical Specimens)

April 22 – April 24, 2015 Vienna, Austria

Mission

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of healthcare professionals to improve patient care in trauma or disorders of the musculoskeletal system.

The AO Principles of fracture management

Welcome

On behalf of AOCMF and your local and international faculty, I would like to welcome you to this AOCMF course.

AOCMF is a worldwide multi – specialty community that serves as the voice and professional resource for craniomaxillofacial trauma and reconstruction.

Our organization creates a forum for specialists who have common interests and enthusiasm in this field. It is our goal to encourage and inspire younger surgeons, such as residents, fellows, and early practitioners to pursue fulfilling careers in our field.

Education has always been a major pillar in AOCMF. Currently, more than 2,500 surgeons participate in over 80 AOCMF courses held worldwide per year. AOCMF Education is committed to remaining in the forefront of education and new developments as we strive to improve your educational experience with us.

We hope that your experience with us over the next few days will result in the acquisition of new knowledge, skills and understanding, which will translate into an improvement in the care that you are able to give your patients.

We also hope that, after attending this course, you will wish to develop a longer term relationship with AOCMF and become a member of our community. Make this organization yours by bringing in your opinions and ideas. Enjoy the camaraderie of our network and help us maintain and expand the preeminent position that AOCMF enjoys worldwide.

Yours sincerely,

A handwritten signature in black ink that reads "Warren Schubert".

Warren Schubert
Chairman AOCMF International

Goal of the course

This course with practicals on anatomical specimens is designed to present and teach all essential operative procedures in oral and maxillofacial surgery. We also offer you the chance to practice under expert guidance.

Target participants

- Maxillofacial Surgeons
- Plastic and reconstructive surgeons
- Otolaryngologists
- Surgeons of related disciplines

Course objectives

After the course, participants should be able to:

- know how to perform the most relevant surgical approaches safely
- be able to carry out the most essential operative procedures step by step
- develop and/or enhance their surgical skills in a variety of operative techniques in oral and maxillofacial surgery
- gain an improved understanding of complex anatomical structures

Course description

Course Concept: Practical on anatomical specimens, Lectures

This three – day intensive course trains on fresh frozen anatomical specimens.

Each practical session will include a step by step introduction followed by an on – site demonstration. Participants will then perform the same technique on anatomical specimens.

The course is organized with 2 participants per anatomical specimen.

Course Director

Christos Perisanidis
Vienna, Austria

Course Chairs

Emeka Nkenke
Vienna, Austria

Rolf Ewers
Vienna, Austria

International faculty

David J.	Kriet	Kansas, USA
Risto	Kontio	Helsinki, Finland
Günter	Lauer	Dresden, Germany
Gerson	Mast	Munich, Germany
Nikolaos	Papadogeorgakis	Athens, Greece

National faculty

Arnulf	Baumann	Vienna, Austria
Emeka	Nkenke	Vienna, Austria
Christos	Perisanidis	Vienna, Austria
Wolfgang P.	Pöschl	Wels, Austria
Michael	Pretterklieber	Vienna, Austria

CME Accreditation

An application has been made to the UEMS—EACCME for CME accreditation of this event.

The number of credit points or hours varies from country to country. The final information and number of credit points will be distributed with the course certificate.

Day 1, April 22, Wednesday, 2015

TIME	AGENDA ITEM	WHO
07:30 – 08:00	REGISTRATION	
08:00 – 08:20	Welcome address and introduction	C Perisanidis E Nkenke R Ewers G Mast
08:20 – 08:40	AO History, structure and membership	G Mast
08:40 – 09:00	Introduction of the anatomical training lab	M Pretterklieber
Session I	Airway Management	
09:00 – 10:00	Tracheostomy	G Lauer
Session II	Neck Dissections	
10:00 – 11:30	Supraomohyoid neck dissection	G Mast
11:30 – 12:00	COFFEE BREAK	
12:00 – 13:30	Modified radical neck dissection	G Mast
13:30 – 14:30	LUNCH	
Session III	Facial Nerve and Parotidectomy	
14:30 – 16:30	Facial nerve dissection	N Papadogeorgakis
16:30 – 16:45	COFFEE BREAK	
16:45 – 18:00	Parotidectomy	N Papadogeorgakis
18:00	End of Day 1	

Day 2, April 23, Thursday, 2015

TIME	AGENDA ITEM	WHO
Session IV	Rhinoplasty and Blepharoplasty	
08:00 – 10:00	Open rhinoplasty	D J Kriet
10:00 – 10:30	COFFEE BREAK	
10:30 – 11:30	Upper blepharoplasty	D J Kriet
11:30 – 12:30	Lower blepharoplasty	D J Kriet
12:30 – 13:30	LUNCH	
Session V	Approaches to the Orbit	
13:30 – 14:30	Transconjunctival approach	A Baumann
14:30 – 15:15	Transcaruncular approach	A Baumann
15:15 – 15:30	COFFEE BREAK	
Session VI	Approach to the TMJ	
15:30 – 17:30	Auricular approach	W P Pöschl
17:30	End of Day 2	

Day 3, April 24, Friday, 2015

TIME	AGENDA ITEM	WHO
Session VII	Approaches to the Maxilla	
08:00 – 09:00	Le Fort I osteotomy	R Kontio
09:00 – 09:45	Weber – Fergusson approach	E Nkenke

09:45 – 10:30	Labiomandibulotomy	E Nkenke
	COFFEE BREAK	
Session VIII	Approach to the Upper Face	
10:30 – 12:00	Coronal approach	C Perisanidis
12:00 – 12:15	Certificates	
12:15	End of Course

Evaluation guidelines

All AOCMF courses apply the same evaluation process, either ARS (audience response system) or paper and pencil questionnaires. This will help AOCMF to ensure that we continue to meet your training needs. In some regions, CME accreditation is dependent on the participant's evaluation results.

Intellectual property

Course materials, presentations, and case studies are the intellectual property of the course faculty. All rights are reserved.

Recording, photographing, or copying of lectures, practical exercises, case discussions, or any course materials is absolutely forbidden.

Security

Security check at the entrance of the building. Wearing of a name tag is compulsory during lectures, workshops, and group discussions.

No insurance

The course organization does not take out insurance to cover any individual against accidents, thefts or other risks.

Mobile phone use

Mobile phone use is not allowed in the lecture halls and in other rooms during educational activities. Please be considerate of others by turning off your mobile phone.

Transportation

Not provided for participants

Dress code

Casual
