- Antonio Cella (Salò, Italy),
- Elisabeth Hall- Findlay (Banff, Canada),
- Dennis Hammond (Gran Rapids, USA),
- Ernst Magnus Noah (Kassel, Germany),
- Patrick Mallucci (London , UK),
- Alessandra Marchi (Verona,Italy),
- Mario Pelle Ceravolo (Rome, Italy),
- Gino Rigotti (Verona, Italy),
- Marzia Salgarello (Rome,Italy),
- Eric Santamaria (Mexico City, Mexico),
- Fabio Sanatanelli di Pompeo (Rome, Italy),
- Michael Scheflan (Tel Aviv, Israel),
- Marcos Sforza (London, UK),
- Patrick Tonnard (Gent, Belgium),
- Dennis von Heimburg (Frankfurt, Germany),
- Kotaro Yoshimura (Tokyo, Japan)
- XXXXXXXXXXXXXXXXXXXXXXXXXX

All the round tables will be moderated, by C. Botti, G.Botti and M. Pelle

Featuring:

- Implant breast augmentation (areolar, inframammary and transaxillary approach)
- Breast fat grafting
- Mastopexy (periareolar, vertical, and small inverted T techniques)
- Autoprosthesis
- Tuberous Breast correction
- Breast reduction (various pedicles)
- Correction of animation deformities
- Treatment of double bubble and implant displacement
- Correction of capsular contracture
- Treatment of folding/wrinkling deformities
- and much much more...!

Every lecture will last 15 minutes and will be followed by 5 minutes of questions/answers.

Friday June 10, 2016

All about breast augmentation

07.00-07.30 Registration

07.30-07.40 Introduction to the course *G. Botti, C. Botti, M. Pelle*

07.40-08.00 Breast implant evolution: progress and false illusions *G. Botti*

Live surgery

08.00-08.45 Breast augmentation (inframammary approach) surgeon: *A. Cella*

08.45-09.30 Breast augmentation (periareolar approach) surgeon: *P. Berrino*

09.30-10.00 coffee break

10.00-10.45 Breast augmentation (transaxillary approach). Surgeon: *G. Botti*

10.45-11.30 Breast augmentation with fat. Surgeon: *K. Yoshimura*

Lectures

The never-ending implant fight

11.30-11.50 My tips to obtain great results in BA with macrotextured implants XXXXX

11.50-12.10 My tips to obtain great results in BA with polyurethan covered implants *P. Tonnard*

12.10-12.30 My tips to obtain great results in BA with nanotextured implants *M. Sforza*

12.30-14.00 Lunch at the lake side

14.00-14.20 Aesthetics and planning in breast surgery *E. Hall- Findlay*

14.20-14.40 No-frill strategy in breast augmentation: precise implant choice, rapid markings and straightforward procedure *G. Botti*

14.40-15.00 Breast Augmentation: Subglandular vs Submuscular vs Subfascial *E. Santamaria*

15.00-15.20 My experience with nanotextured implants *C. Botti*

15.20-15.40 In which cases polyurethane is indicated or indispensable. *M. Pelle*

15.40-16.00 Ultrasound-assisted dual plane breast augmentation *F. Santanelli di Pompeo*

16.00-16.20 Risk stratification in breast augmentation *D. Hammond*

16.20-16.50 Round table Is ALCL a real problem or an overestimated issue? Honest opinions about advantages and drawbacks of different implants; Most effective ways to choose an implant. Big implants: what limits? XXXXX; *F. Santanelli di Pompeo; E. Hall Findley; M. Sforza; D. Hammond; P. Tonnard*

16.30-17.30 open coffee break

Difficult surgery made easier

16.50-17.10 Revisional augmentation mastoplasties *P. Berrino*

17.10-17.30 Pectoralis muscle splitting to prevent animation deformity *M. Pelle*

17.30-17.50 Double bubble, bottoming out and other implant displacements *C. Botti*

17.50-18.10 Treatment of bottoming out after breast augmentation *E.M. Noah*

18.10-18.30 Tuberous breast surgery - single step procedure with implants *D. von Heimburg*

18.30-18.40 Short lecture: Tuberous breast correction *M. Sforza*

18.40-19.10 Secondary surgery in tuberous breast correction *D. von Heimburg*

19.10-19.30 Round table Is capsular contracture linked more to the implant itself or to improper surgical maneuvers? How to handle IMF? Displacement, rotation and flipping: can we have control on them?

Easiest and most effective treatment of tuberous breast. Why do many augmented breasts look worse after a few years? *M. Scheflan; A. Verpaele; E.M. Noah; P. Berrino; K. Yoshimura*

20.00 Cocktail

Saturday June 11,2015

All about breast lifting

Live surgery

07.30-08.45 Mastopexy with autoprosthesis *C. Botti*

08.45-10.00 Pexy-augmentation *M. Pelle*

10.00-10.30 coffee break

10.30-11.45 Mastopexy: secondary case (implant and pocket change with circumvertical pexy) *G. Botti*

Lectures

What is the best breast lifting procedure?

11.45-12.05 Augmentation mastopexy: surgical technique *M. Salgarello*

12.05-12.25 Why periareolar mastopexy is not a beloved technique *M. Pelle*

12.30-14.00 Lunch at the lake side

14.00-14.20 When to choose augmentation, mastopexy and mastopexy-augmentation *E.Hall Findlay*

14.20-14.40 Augmentation mastopexy: the importance of pre-op planning and advantage of the single step procedure *D. von Heimburg*

14.40-15.00 Technical pearls in augmentation mastopexy *D. Hammond*

15.00-15.20 Orbix : lower breast support by silicone sling *E.M.Noah*

15.20-15.40 Autoprosthesis: my personal evolution *G. Botti*

15.40-16.00 Secondary breast surgery - what's the big deal? *P. Mallucci*

16.00-16.20 The use of polyurethane implants in secondary augmentation mastopexy *M. Salgarello*

16.20-16.40 What 30 years of mastopexies have taught me. *M. Schefflan*

16.40-17.00 Round table Do you believe in internal hammock to fix breast new position?

Pexy/Augmentation in two stages: is it sometimes convenient? How short can be a "short scar" mastopexy: still room for T, J or L pexies? Is purse-string periareolar mastopexy (with and without implants) a predictable and effective tool? *D.von Heimburg, M.Salgarello, P.Mallucci, E. Santamaria, M. Schefflan*

16.30-17.00 open coffee

To fill or not to fill: that is the question...

17.00-17.20 Fat grafting in aesthetic breast surgery *D. Hammond*

17.20-17.40 Biology and strategy of fat grafting: more than a filler *K. Yoshimura*

17.40-18.00 Fat grafting: my way *G. Rigotti*

18.00-18.20 What I do to optimize fat taking rate *A. Marchi*

18.20-18.40 Fat grafting for breast augmentation and reconstruction in Asians *K. Yoshimura*

18.40-19.00 Round table Graft augmentation: facts and chats. Your way to get better result in breast augmentation with fat. Is fat a good option to reconstruct the breast after subcutaneous mastectomy? Fat grafting and breast cancer: just an old useless story? *G. Rigotti; A. Marchi; K. Yoshimura; P. Berrino*

20.00 Gala dinner

Sunday June 12, 2015

All about breast reduction

Live surgery

08.00-09.20 Breast reduction (superior pedicle with liposuction) *G. Botti*

09.20-10.40 Breast reduction (supero-medial pedicle) *E. Hall- Findley*

10.40-11.00 coffee break

11.00-12.20 Breast reduction (inferior pedicle) *D. Hammond*

Lectures

Small is better

12.20-12.40 What to do when the patient tells you: Gee..... I wish I had gone bigger!!!! *E. Santamaria*

12.40-13.00 Breast asymmetries and their treatment *M. Schefflan*

13.00-14.30 Lunch at the lake side

14.30-14.50 Supero-medial vertical breast reduction *E. Hall -Findlay*

14.50-15.10 SPAIR breast reduction *D. Hammond*

15.10-15.30 Breast reduction: tips and tricks *P. Berrino*

15.30-15.50 Breast re-reduction *E. Hall Findlay*

16.00-16.30 Round table Choice of pedicle in secondary reduction. Simultaneous reduction and implants: smart or crazy? Liposuction in breast reduction: convenient or dangerous? How to face a NAC ischemia? Too much or insufficient breast reduction: what happened? Your worse breast surgery complication *E. Hall -Findlay, G Rigotti, K Yoshimura, M. Salgarello*

16.30-17.00 Final bang Let's take advantage of all these great surgeons who agreed to share their vast experience and knowledge with us. Questions and answers with all of the faculty members.

17 Adjourn
