

Thursday 17 March 2016

09:30	Welcome and introduction	15:20	Various forms of Hybrid arch repair – B Rylski, Freiburg Keynote lecture Live-in-a-box surgical case Discussion
	PROXIMAL THORACIC AORTIC SURGERY	16:00	BREAK
09:40	Indications for a timely surgical strategy A Della Corte, Naples		AORTIC DISSECTION
10:00	Various classifications of the bicuspid aortopathy A Della Corte, Naples	16:30	All sites for cannulation, perfusion and strategy to prevent malperfusion K Tsagakis, Essen
10:20	A practical guide to the extent of resection in bicuspid aortopathy R De Paulis, Rome	16:50	Indications and contraindications on arch replacement during an acute dissection D Pacini, Bologna
10:40	Discussion	17:10	How to deal with a root dissection M Grimm, Innsbruck
11:00	<u>The Bentall procedure</u> - M Grimm, Innsbruck Keynote lecture Live-in-a-box surgical case Discussion	17:30	How to treat an acute dissection in patients with connective tissue diseases F Schoenhoff, Berne
11:40	<u>The remodelling procedure</u> - P Urbanski, Bad Neustadt Keynote lecture Live-in-a-box surgical case Discussion	17:50	Discussion and Close
12:20	<u>The reimplantation procedure</u> - R De Paulis, Rome Keynote lecture Live-in-a-box surgical case Discussion		
13:00	LUNCH		
	ARCH SURGERY		
14:00	<u>Standard surgical arch replacement</u> - D Pacini, Bologna Keynote lecture Live-in-a-box surgical case Discussion		
14:40	<u>Classic and frozen elephant trunk</u> – M Shrestha, Hannover Keynote lecture Live-in-a-box surgical case Discussion		

	Friday 18 March 2016		Saturday 19 March 2016
	PECULIAR ASPECTS OF AORTIC SURGERY	09:00	WETLAB WITH THE FACULTY Remodelling Reimplantation
09:00	Safe training in aortic surgery - analysis of data E Quintana, Barcelona	13:00	Close and depart
09:20	Strategy for the treatment of an infected aortic graft prosthesis F Schoenhoff, Berne		
09:40	How to deal with a small aortic annulus. When is small too small? What are the options? How to fit a larger valve prosthesis R De Paulis, Rome		
10:00	How to deal with a small annulus in case of double valve replacement (Video) E Quintana, Barcelona		
10:20	Discussion		
	A Glimpse Into A Thoracic Endovascular Aortic Repair Experience		
10:30	Guidelines for the use of thoracic endovascular aortic repair in thoracic aortic disease Live-in-a-box clinical cases B Rylski, Freiburg		
10:50	Landing zone and sizing. Tips and tricks with video B Rylski, Freiburg		
11:10	Discussion		
11:30	The use of thoracic endovascular aortic repair in acute and chronic type B dissection D Pacini, Bologna		
11:50	Thoracic endovascular aortic repair vs frozen elephant trunk in various anatomical conditions M Shrestha, Hannover		
12:10	How to follow-up patients after thoracic endovascular aortic repair? K Tsagakis, Essen		
12:30	Discussion		
12:50	LUNCH		
13:50	WETLAB WITH THE FACULTY Bio-Bentall Aortic annulus enlargement		
17:30	Discussion and close
