

## MONDAY NOVEMBER 9TH

08:00 - 13:00

### **Orthorisq**

#### **Physician accreditation**

- Mandatory training for accreditation
- Annual 1-day training in orthopedic and traumatologic surgery risk management

Large Hall – Paris Congress Center

*Registration only, reserved to Orthorisq members and free for paid-up Orthorisq members*

14:15 - 18:30

#### **Teaching conferences**

##### **1) Orthopedics**

- Osteoarthritic degeneration under- and over-lying lumbar and lumbar-sacral arthrodesis, Marc-Antoine Rousseau (Bobigny)
- Offset and length of the operated MI in total hip replacement, Xavier Flecher (Marseille)
- Extensor apparatus rupture in TKR, Michel Bonnin (Lyon)
- Complications and revision of reverse shoulder implants (excluding infection), Pascal Boileau (Nice)

##### **2) Traumatology**

- Traumatology of sacrum and L5 and S1 junctions, Hugues Pascal-Moussellard (Paris)
- Partial anterior cruciate ligament tear, Bertrand Sonnery-Cottet (Lyon)
- Role of arthroplasty in radial head fracture, Nicolas Bonnevalle (Toulouse)
- Carpal fracture and fracture-dislocation (excluding scaphoid), Laurent Obert (Besançon)

##### **3) General Topics**

- Traceability, materials vigilance, Philippe Tracol (Paris)
- How to do information in orthopedics-traumatology?, Pascal Gleyze (Colmar)
- Infection risk factor assessment in orthopedics-traumatology, Simon Marmor (Paris)
- New pain-management methods in day-care surgery, Marc Beaussier (Paris)

#### 4) Pediatric Traumatology pédiatrique

- Obstetric palsy of the brachial plexus (1st year treatment attitude), Abdelaziz Abib (Toulouse)
- Induced membrane: technique and indications, Richard Gouron (Amiens)
- L5-S1 spondylolisthesis, Philippe Violas (Rennes)
- Pathologic fracture, Dc and treatment attitude, Federico Canavese (Clermont-Ferrand)

#### 5) Surgical Techniques

- MI amputation and prosthetics in children, Jacques Griffet (Grenoble)
- Extraction of well-fixed THR stems, Jean-Michel Laffosse (Toulouse)
- Medial femoropatellar ligament reconstruction, Julien Chouteau (Annecy)
- Arthroscopic tibiotalar and subtalar arthrodesis, Xavier Roussignol (Rouen)

## TUESDAY NOVEMBER 10TH

08:00 - 12:30

### **Presentations**

08:00 - 12:30

### **Presentations and Nicolas Andry Circle round-table**

Frédéric Dubrana (Brest), Alain-Charles Masquelet (Paris)

8:30 - 10:00

### **Round-table Forefoot percutaneous surgery: assessment and perspectives**

Bruno Ferré (Agde), Olivier Laffenetre (Bordeaux), Didier Mainard (Nancy)

08:30 - 10:00

### **File discussion Shoulder / Elbow**

08:30 - 10:00

### **CAOS round-table What role for patient-specific guides in prosthetic implantation?**

Roger Badet (Lyon), Stéphane Plaweski (Grenoble)

08:30 - 10:00	<b>CJO (Young Orthopedists College) session</b>
10:30 - 12:30	<b>Round-table Current role of hip arthroscopy</b> Philippe Chiron (Toulouse), Nicolas Bonin (Lyon)
10:30 - 12:00	<b>CJO, CFCOT and SoFCOT, DESC graduates</b>
10:30 - 12:00	<b>Specialty society SoFROT (French Orthopedic and Traumatologic Research Society)</b>
12:15 - 14:00	<b>Orthorisq General Assembly</b>
13:00 - 14:00	<b>CFCOT General Assembly</b>
12:30 - 14:00	<b>Medical writing</b> Philippe Beaufils (Versailles)
14:00 - 15:30	<b>Symposium Fracture of the superior extremity of the femur in over-80 year-olds</b> Thierry Favier (Manosque), Philippe Massin (Paris)
14:00 - 15:30	<b>File discussion Wrist / Hand</b>
14:00 - 16:30	<b>Professional session</b>
14:00 - 18:00	<b>Presentations</b>
14:00 - 16:00	<b>Best of the year's theses (2014-2015)</b>

16:00 - 17:30	<b>Symposium Allograft in orthopedics</b> Stéphane Boisdard (Clermont-Ferrand), Gilles Missenard (Paris)
16:00 - 18:00	<b>Presentations</b>
16:30 - 18:00	<b>File discussion Hip</b>
16:00 - 18:00	<b>Round-table Day-care surgery in orthopedics: how far to go and when to stop?</b> Christophe Hulet (Caen), Bernard Llagonne (Epernay)
16:30 - 17:00	<b>SNCO General Assembly</b>
18:00 - 19:00	<b>Inaugural Session of the 90th Congress</b> Henry Coudane (Nancy), President of AOT Gilles Walch (Lyon), President of CNP-SOFCOT

## WEDNESDAY NOVEMBER 11TH

08:00 - 12:30	<b>Specialties Day</b> <ul style="list-style-type: none"> <li>• AFCP (French Foot Surgery Association)</li> <li>• GETRAUM (Traumatology Research Group)</li> <li>• SFCR (French Society of Spine Surgery)</li> <li>• SFHG (French Society of the Hip and Knee)</li> <li>• SOFEC (French Shoulder and Elbow Society)</li> <li>• GSF-GETO (French Sarcoma Group/Bone Tumor Study Group)</li> </ul>
10:30 - 12:30	<b>Physiotherapy program</b>
14:00 - 16:30	<b>Specialties Day (contd.)</b>

14:00 - 17:00

**Physiotherapy program (contd.)**

14:00 - 18:00

**Specialties Day**

SFCM (French Hand surgery Society)

- See more at: <http://www.sofcot-congres.fr/en/wednesday-november-11th#sthash.gD03qh6X.dpuf>

## THURSDAY NOVEMBER 12TH

08:00 - 12:00

**Presentations**

08:00 - 12:30

**Specialty Societies**

• SOFOP (French Society of Pediatric Orthopedics)

• CAOS (French Society for the Development of Computer-Assisted Surgery in Orthopedics)

08:00 - 09:30

**Round-table What remains of meniscectomy?**

Bertrand Sonnery-Cottet (Lyon), Philippe Beaufile (Versailles)

08:00 - 09:30

**File discussion Foot & ankle**

10:00 - 11:30

**Round-table Role of dorsalis major transfer in the treatment of rotator-cuff tear**

Daniel Molé (Nancy), Jean Kany (Saint-Jean)

10:30 - 13:00

**Theater nurses' program**

10:00 - 12:00

**EFFORT forum Percutaneous anterior column reconstruction in osteoporotic and traumatic thoracolumbar spine fracture**

Enric Caceres Palou (Barcelona, Spain) Charles Court (Paris)

10:30 - 12:00

**File discussion Tumors**

12:00 - 13:30

**CNP-SOFCOT and AOT General Assemblies**

13:00 - 16:00

**Specialty Societies (contd.) : SOFOP - CAOS**

14:00 - 17:30

**Presentations**

14:00 - 15:30

**File discussion Knee / Spine**

14:00 - 15:00

**SICOT forum :**

Management of upper femoral fractures in the elderly - *Aging and fragility fractures – A new challenge for the orthopedic surgeon*

Chair: Maurice Hinsenkamp (Bruxelles) and Philippe Merloz (Grenoble)

1° Introduction :

• The global challenge of fragility fractures for the next ten years, *David Marsh* (Londres, IK)

2° Pre and peri-operative assessment – Emerging models:

• Development of a geriatric fracture center (upper femoral fractures), *Hans-Christoph Pape* (Aachen, Allemagne)

• Trauma admission protocol and integrated care pathway, *Jacques Caton* (Lyon)

3° Fractures treatment:

• Surgical treatment of fractures: new developments and controversies, *Jean-Marc Féron* (Paris)

• Hip fractures in very frail older people with comorbidities, *Jérôme Tonetti* (Grenoble)

4° Repair, Recovery, Rehabilitation after fractures:

• The need for multi-component interventions based on what we know about

	<p>consequences of hip fractures, <i>Hubert Blain</i> (Montpellier)</p> <ul style="list-style-type: none"> <li>• Bone fragility and secondary prevention. Systems to prevent re-fracture: Bone health, pharmaceuticals, Physical activity and falls prevention [Belgian Bone Club], <i>Stephan Goemaere</i> (Ghent, Belgique)</li> </ul> <p>5° Changing Policy and practice:</p> <ul style="list-style-type: none"> <li>• Geriatric fractures center, Orthopaedic fractures center or multidisciplinary alliances? ; Consensus guidelines; Quality standards and systematic performance measurement for the care of older people with fragility fracture, <i>David Marsh</i> (London, UK)</li> </ul> <p>6° Panel discussion</p>
15:50 - 16:00	<b>Prize-giving</b>
16:00 - 17:30	<p><b>Symposium I0-year results of open and arthroscopic surgical repair of rotator-cuff tear: posterosuperior and anterosuperior full-thickness tear</b></p> <p>Philippe Collin (Rennes), Jean-François Kempf (Strasbourg)</p>
16:30 - 17:30	<b>Theater nurses' program</b>
16:00 - 17:00	<b>Presentation</b>
16:00 - 17:30	<b>File discussion Traumatology</b>
16:30 - 18:00	<b>File discussion Pediatrics</b>
