

THE AORTIC VALVE

**BESPOKE SURGICAL SOLUTIONS
FROM THE HEART TEAM**

Friday 26th June 2015

EDUCATION CENTRE, BRISTOL ROYAL INFIRMARY

State-of-the-art lectures and video presentations from international pioneers and experts.

A meeting focused on aortic valve preservation and bespoke solutions for complex cases, primarily aimed at a CARDIOLOGY audience.

Clinical Directors

Serban Stoica, Stephanie Curtis,
Mandie Townsend and Tim Lovell

**Bristol Heart Institute and
the Children's Hospital**

Aimed at

- Consultant Cardiologists
- Surgeons and Anaesthetists
- Allied Professions

Objective

The following areas will benefit from in depth presentations:

- acquired and congenital aetiologies
- the evidence for unusual aortic valve solutions
- best practice for patient selection and perioperative evaluation
- echo masterclass
- specific surgical and catheter solutions
- the structure of an aortic valve preservation programme

Participants will be given media with key talks, videos and the relevant literature.

THE AORTIC VALVE

Friday 26th June 2015

EDUCATION CENTRE, BRISTOL ROYAL INFIRMARY

Welcome

It is with great pleasure that we invite you to the first 'The Aortic Valve – Bespoke Surgical Solutions from the Heart Team' Meeting to be held in Bristol.

The focus of the meeting is aortic valve preservation and bespoke solutions for complex cases and we very much look forward to welcoming a host of international pioneers and experts who will deliver state of the art presentations and participate in interactive discussion and debate.

Places are limited and we urge that you, and your team, register early either on-line through www.millbrook-medical-conferences.co.uk or by completing and returning the registration form at the back of this invitation document.
