INTERNATIONAL CONGRESS ON ECMO

PARIS TEMPORARY CIRCULATORY
SUPPORT COURSE

— | *PARIS TCS* | —

La Pitié Salpêtrière Cardiology Institute will organize next June the First World Congress for short-term mechanical assistance for Cardiac and Respiratory failure.

This congress will gather all medical specialists interested in the care of patients suffering severe or refractory cardiogenic shock and respiratory failure.

A congress specific track will be dedicated to all aspects of cardiogenic shock support.

Cardiologists and particularly interventional cardiologists, heart surgeons, intensivists, anesthesiologists will have the opportunity to discuss with world key opinion leaders the new technologies emerging for temporary mechanical circulatory support for cardiogenic shock.
