Dear Colleague,

Liverpool 2013 is hosting the BBA meeting and we are working hard to make it memorable and fun. The theme is "lateral thinking" and we hope to stimulate debate by asking experts from outside our field to tell us about how they cope with problems we meet every day when treating burn patients.

We hope to go a bit high tech and set up an app which will have almost all the details of talks, papers, venues things to see in Liverpool and, with a bit of luck, some discounts on drinks in some of the local nightclubs.

The conference venue and all the social events are in the centre of the city making it easy for those who have missed the bus to get around on footor a cheap taxi fare for those in heels.

The welcome reception will be held in the newly opened Museum of Liverpool and this contemporary museum's emphasis is on fun so a good time should be had. We hope this is the start of a memorable night.

The dinner will be held in the magnificent Liverpool Anglican Cathedral. The inside of which has to be seen to be believed.

As well as the above, the organising committee are working hard to add some surprises to the meeting so, on their behalf, I'd like to invite you to come along for a really interesting fun time.

Looking forward to meeting you all.
Best Wishes

Ian James on behalf of the Local Organising Committee
