5TH ESES WORKSHOP

SURGERY OF THYROID
CANCER

BERLIN, MAY 23 – 25, 2013

INVITATION

EUROPEAN SOCIETY
OF ENDOCRINE SURGEONS

www.eses-workshop-berlin2013.de

WELCOME ADDRESS

Dear colleagues,
Dear friends,

Welcome to Berlin

The fifth biennial ESES Workshop will focus on thyroid cancer surgery with increasing importance due to its increased incidence, especially papillary carcinomas and awareness of lymph node surgery.

The sessions will focus on differentiated and medullary thyroid cancer, and extent of surgery for low and high risk cancers. Consensus statements are prepared and will be discussed extensively with all participants. Opportunity for submission of free papers and posters, state of the art lectures concerning special aspects of thyroid cancer surgery and the highlight, the keynote lecture about “Risk stratification for PTC and FTC” given by Martin Schlumberger complete an exciting program. In addition to the scientific program you will enjoy the informal reception during the poster party at Thursday, May 23, 2012, and the dinner at Friday evening at the famous “Käfer” restaurant at the top of the German Parliament (“Reichstag”) with a marvellous view over the entire city. We wish to invite you to a most enjoyable stay in Berlin with a rewarding workshop.

Henning Dralle
Kerstin Lorenz
Thomas Steinmüller

on behalf of the local organizing committee
ESES, European Society of Endocrine Surgery

SCIENTIFIC PROGRAM

Thursday, May 23, 2013
