

APRIL 7, 2015, TRAINING DAY

8:30-14:30

8:30-8:35-Welcome

8:35- 8:45 Perioperative medical assesment ----- TBD

8:45- 8:55 Anatomical Issues for decisi3n making-----TBD

8:55-9:00 Case Presentation----TBD

9:00- 9:15 Case Discussion

9:15-10:15 LIVE SURGERY STREAMING (Meanwhile Open Discussion)

10:15-10:25 Open Aortic Approaches----- TBD

10:25- 10:35 Juxta Renal AAA: Open Approach----- TBD

10:35- 10:45 Hypogastric revascularization in Open AAA tratment----- TBD

10:45-11:00 Why Open AAA treatment should be the first option?----- TBD

11:00-11:40 LIVE SURGERY STREAMING (Meanwhile Open Discussion)

11:40-12:00 COFFE BREAK

12:00-12:10 Fast protocols for planning and sizing EVAR---- TBD

12:10-12:20 How do I choose the graft for EVAR?----TBD

12:20-12:25 Case Presentation---TBD

12:25- 12:35 Case discussion---TBD

12:35-13:20 LIVE SURGERY STREAMING (Meanwhile Open Discussion)

13:20-13:30 Why do I think PEVAR is the best option?--- TBD

13:30-13:40 How do I deal with complex necks in EVAR?--- TBD

13:40-13:50 Hypogastric revascularization in EVAR---- TBD

13:50- 14:00 Modern Follow up Protocol for EVAR---- TBD

14:00- 14:30 LIVE SURGERY STREAMING (Meanwhile Open Discussion)

15:30-19:00 HANDS ON TRAINING (EVAR PLANNING, PERCUTANEOUS ACCESS AND EVAR SIMULATORS)

APRIL 8, 2015, UPDATE DAY

8:30-16:30

8:30-11:00 BEFORE AND AFTER THE PROCEDURE

8:30-8:35- Welcome

8:35- 8:45 Update in the perioperative cardiovascular management ----- TBD

8:45- 8:55 Can we planning without a CT?-----TBD

8:55-9:05 Renal outcomes following EVAR— TBD

9:05-9:15 Can we forget the CT in the EVAR FU?-----TBD

8:30- 10:30 LIVE SURGERY STREAMING (2 live cases)(Meanwhile Open Discussion)

10:00- 10:20 Is there any limitation for PEVAR?----- TBD

10:00-10:10 Combining control and conformability: Optimal treatment of aortic disease-TBD

10:30-11:00 COFFE BREAK

11:00-12:30 AAA: NECK ISSUES

11:50-12:00 Parallel grafts: Midterm effectiveness---- TBD

12:00-12:10 Fenestrated/ Branched EVAR: The best approach for Pararenal AAAs----TBD

12:20- 12:30 Do we need more conformable grafts?--TBD

11:00-12:30 LIVE SURGERY STREAMING (2 live cases)(Meanwhile Open Discussion)

12:30-14:00 AAA: iILIAC ISSUES

13:20-13:30 SOU experience using IBE--- TBD

13:30-13:40 Does Low Profile expand feasibility for EVAR?— TBD

13:40-13:50 Peruggia experience using IBD ---- TBD

14:00-15:00 LUNCH

12:30- 14:00 LIVE SURGERY STREAMING (Meanwhile Open Discussion)

15:00-16:30 NEW SOLUTIONS FOR OLD PROBLEMS

15:00-15:10 Can Endoanchors increase EVAR durability?---- TBD

15:10-15:20 Type II endoleaks: Forget them performing EVAS--- TBD

15:20-15:30 Can we treat more AAAr with the new grafts?---TBD

15:30-15:40 Neck angulation and IFUs: Do new grafts change our practice?--- TBD

15:00- 16:30 LIVE SURGERY STREAMING (Meanwhile Open Discussion)
