20 – 22 October 2016 | Cleveland Clinic Abu Dhabi

Welcome Message

Dear Colleagues,

We are excited to invite you to Cleveland Clinic Abu Dhabi's First Annual Otolaryngology Symposium to be held from 20 – 22 October 2016. Over three days, the symposium will feature parallel sessions focusing on a range of topics from rhinology allergy; laryngology & voice disorders; otology & implantable hearing devices; skullbase surgery; head & neck cancer and reconstruction; sleep disorders; and airway & thyroid diseases and surgery.

The symposium aims to enhance expertise among ENT physicians, surgeons and caregivers through lectures, clinical case-based sessions and panel discussions facilitated by world-class clinicians and surgeons. Listen to experts share best practices for managing disorders medically and surgically. Sessions are structured to allow delegates to engage in discussions with faculty to allow for deeper understanding and knowledge-sharing.

The weather in October is the perfect time to explore Abu Dhabi's many wondrous natural and cultural treasures. The desert beckons visitors who can go dune-bashing on 4×4's or see it from the air on a hot-air balloon or helicopter. Indulge your adventurous side and engage in water-sport activities or ride the world's fastest roller-coaster. Visit the architectural wonders of Emirates Palace, the Sheikh Zayed Grand Mosque, and Ferrari World.

We look forward to welcoming you to the symposium in Abu Dhabi.

Sincerely,

Alain Sabri, MD
Symposium Chair

First Annual Otolaryngology Symposium

20 – 22 October 2016 | Cleveland Clinic Abu Dhabi

Committee
