

Thursday, 09th October

16.00- 19.30	Registration	Congress Center Sava
--------------	--------------	----------------------

Thursday, 09th October

15.30 – 18.00	Serbian Academy of Sciences and Arts 35, Kneza Mihaila Str. Belgrade
---------------	--

Session I : Rectal cancer: Prediction and prognosis: From Gen to Met

Chairs: Vladimir Kanjuh, Veselinka Susic, Jovan Hadzi Djokic, Vladimir Cuk, Velimir Markovic

Time	Lecturer	Theme
15.30 – 15.50	Philip Paty	Stem cell expansion in early colorectal tumorigenesis
15.52 – 16.12	Regina Beets Tan	Rectal cancer imaging: assessment and prediction of response to chemoradiotherapy
16.14 – 16.34	Bill Heald	TME – still the core concept with every technological advance
16.36 – 16.56	Vincenzo Valentini	What we learn from randomized trials in rectal cancer and what we can trust
16.58 – 17.18	Irinel Popescu	The simultaneous approach of synchronous liver metastases of colo-rectal cancer
17.20 – 17.40	Zoran Krivokapić	Genetic tests in clinical practice – Prediction and prognosis
17.40 – 18.00 Discussion		

Friday, 10th October

07.30 – 18.00	Registration	Congress Center Sava
---------------	--------------	----------------------

Friday, 10th October

08.15 – 08.30	Welcome and Official Opening
---------------	------------------------------

Friday, 10th October

Session II: From Rectal Cancer Non-Operative to Robotic 08.30 – 10.40

Chairs:

Time	Lecturer	Theme
08.35 – 08.50	Philip Paty	Non-operative management of rectal cancer – updated data from MSKCC
08.52 – 09.07	Yuri Shelygin	Trans anal endoscopic operations: past and future
09.09 – 09.24	Lars Pahlman	Are we giving too much radiotherapy in rectal cancer
09.26 – 09.41	Bill Heald	The complete response – time for it to have its place in our management protocols
09.43 – 09.58	Francis Seow Choen	Laparoscopic versus Robotic rectal cancer surgery
10.00 – 10.15	Bela Teleky	Is there a standardized treatment of rectal cancer in 2014?
10.15 – 10.30 Discussion		

10.30 – 10.45	Coffee/exhibition/posters
---------------	---------------------------

Friday, 10th October

10.50 – 11.20 **Honorary Lecture:**

Chairs: Nebojsa Lalic, Zoran Krivokapic

Najib Haboubi: **Radiation Bowel Disease: Pathology and Pathogenesis**

Session III: How I do it 11.25 - 13.30

Chairs:

Time	Lecturer	Theme
11.25 – 11.40	Francis Seow Choen	Graciloplasty after APER
11.42 – 11.58	Arun Rojanasakul	LIFT past, present and future
12.00 – 12.15	Giovanni Romano	The Pull-Trough procedure:a new role for an old operation
12.17 – 12.32	Stefan Post	How to treat III° rectal prolaps
12.34 – 12.49	Evangelos Xynos	Achieving Complete Mesocolic Excision (CME) for colon cancer by laparoscopy
12.51 – 13.06	Takashi Toyonaga	Endoscopic Submucosal Dissection in the colorectum - Indication, technique and results.
13.08 – 13.23	Miroslav Milicevic	RF assisted minimal blood loss liver resection for CRC liver metastases
13.25– 13.40 Discussion		

13.40 – 14.30	Lunch /exhibition/posters
---------------	---------------------------

Friday, 10th October

Session IV : Do we have problems with rectal cancer treatment? 14.30 – 16.20

Chairs:

Time	Lecturer	Theme
14.35 – 14.50	Yehiel Ziv	Low anterior resection syndrome
14.52 – 15.07	Ho-Kyung Chun	Factors associated with lateral pelvic recurrence
15.09 – 15.24	Stefan Post	Multimodal treatment of rectal cancer (or overtreatment in rectal cancer)
15.26 – 15.41	Evangelos Xynos	Conversion-To-Open of Laparoscopic Surgery for Rectal Cancer: Impact on Outcomes
15.43– 15.58	Emmanuel Tiret	Risk of leak of the low colorectal or coloanal anastomoses
16.00– 16.15	Jin Gu	Intermediate-Fraction Neoadjuvant Radiotherapy for Rectal Cancer
16.15 – 16.30 - Discussion		

16.30 – 16.45	Coffee/exhibition/posters
---------------	---------------------------

Friday, 10th October

Session V: Proctology

16.45 – 18.30

Chairs:

Time	Lecturer	Theme
16.45 – 17.00	Arun Rojanasakul	Applied pelvic floor anatomy for pelvic organ disorders
17.02 -17.17	William Meng	Establishment of Anorectal Physiology Laboratory
17.19 – 17.34	Robin Phillips	Gynaecological proctology (encompassing post-obstetric faecal incontinence, rectocele, rectovaginal fistula)
17.36 – 17.51	Dursun Bugra	Technical options in treatment of plynodal sinus and supportive hyadrenitis (with video presentation)
17.53 – 18.08	Tomas Skricka	Experiences with vaaft
18.10 – 18.25	Pravin Gupta	Hemorrhoids: Pathophysiology and clinical management
18.25 – 18.40 Disscusion		

Saturday, 11th October

07.30 – 18.00	Registration	Congress Center Sava
---------------	--------------	----------------------

Saturday, 11th October

Session VI: Do we need somebody else besides surgeon?

08.30 – 10.15 h

Chairs:

Time	Lecturer	Theme
08.35 – 08.50	Milutin Bulajić	Palliative endoscopic management of malignant colorectal strictures
08.52– 09.07	Nadezda Basara	A metastatic colorectal carcinoma: a curative approach?
09.09 – 09.24	Takashi Toyonaga	The frontiers of Endoscopic management for colorectal tumors
09.26 – 09.41	Irene Kuhrer	How does biomarkers influence the multidisciplinary team approach in colorectal cancer
09.43– 09.58	Emmanuel Tîret	Surgical decision for dysplasia in IBD
10.00 – 10.15 Discussion		

10.15 – 10.30	Coffee/exhibition/posters
---------------	---------------------------

Saturday, 11th October

Honorary lecture:

10.35 – 11.05

Chair: Zoran Krivokapic, Nebojsa Lalic

Robin Phillips: Familial adenomatous polyposis (large bowel, desmoid disease, upper GI tract)

Session VII: Consultant corner

11.10 – 12.35

Chairs: Robin Phillips

**Panel: Bill Heald, Stefan Post, Emmanuel Tiret, Lars Pahlman, Evangelos Xynos,
Vladimir Cuk, Marian Micev**

12.35 – 12.50	Coffee/exhibition/posters
----------------------	----------------------------------

Saturday, 11th October

Session VIII: Video session 12.55 – 14.30 h

Chairs:

Time	Lecturer	Theme
12.55 – 13.10	Evangelos Xynos	Laparoscopic ventral rectopexy
13.12– 13.27	Marek Szczepkowski	Novel concept of parastomal hernia repair – HyPER Technique – own experince
13.29 – 13.44	Nagy Attila Zoltán János	Mesh for parastomal hernia
13.46 – 14.01	Yuri Shelygin	The new approach of rectocele treatment
14.03 – 14.18	Yehiel Ziv	A new surgical technique for mucosal rectal prolapse
14.20 – 14.30 Disscusion		

14.30 – 14.40	Best poster award
----------------------	--------------------------

14.40 - 14.50	Closing Remarks
----------------------	------------------------

This a preliminary program and changes are possible and expected.
