International Continence Society Educational Course as One-Day Add-on Course to the Bi-annual Meeting of the Hungarian Continence Society

11-12th October 2013
Budapest, Danubius Hotel Gellért

Dear Colleagues,

The Hungarian Continence Society is organising its 4th Congress with international speakers attending from Holland, Germany, Austria and Great Britain. The theme of this year's conference is to make incontinence treatment interdisciplinary across the range of patient care services from urology through physiotherapy to patient care.

As usual, this year too we continue our collaboration with the Austrian Continence Society, whose pillar member, Helmut Madesbacher has done a lot to ensure that our country shall undertake the organisation of the International Training Society Conference. All lectures should be focusing the general objectives set by the international societies. Incontinence means health and socio-cultural problems to solve. We hope that the 4th Congress will provide edification for all participants in the fields of adverse effects of urinary and fecal incontinence.

Dr. Antal Hamvas
General Secretary of the Hungarian
Continence Society

Prof. Dr. Ferenc Katona
President of the Hungarian
Continence Society

Scientific Committee of the trainings day lectures:

Prof. Dr. Helmut Madesbacher and board members of the International Incontinence Society.

Organising Committee:

Dr. Antal Hamvas Dr. András Klauber Dr. Attila Majoros

Scientific Committee:

Prof. Dr. Ferenc Katona Dr. Zoltán Bajory
Dr. Zsolt Juhász Dr. Ákos Pytel
Dr. László Szabó Dr. Zsolt Simon
Dr. Attila Sipos

Main topics:

Physiotherapy methods and results in incontinence care.
Hospital care of incontinent patients during treatments of other illnesses.
Qualitative and quantitative indicators of incontinence care tools

THE CONGRESS ACCREDITATION CODE NUMBER: 51170
