Hôpital
Erasme

Goals:

The goal of this clinically-oriented meeting is to provide intellectual interaction with leading experts, to gather the essential information needed to treat neurological/neurosurgical patients, including those with traumatic brain injury, subarachnoid hemorrhage and intracranial hemorrhage.

Target:

Our target audience includes doctors working in general ICUs or in the emergency room, as well as neurosurgeons and neurologists who are interested in improving their understanding of the fundamentals of neuro-monitoring and management.

Meeting place:

Université libre de Bruxelles
Campus Erasme (Auditorium BI-003)
Route de Lennik 800 - B-1070 Brussels

Attendance will be limited to 80 participants on a first come basis
