

YOUNG VASCULAR SPECIALIST – WS

(Venue: Laboratori d'Habilitats Clíniques Facultat de Medicina. C/ Casanova, 143. 08036 Barcelona)

OVERVIEW:

A selected group of young talented and promising vascular specialists are invited by the SITE-update committee to participate in a preliminary session with face off discussion with experts and hands on sessions with the most advanced endovascular simulators. Young participants (30-40 yo) are selected internationally by the SITE committee based on their personal CV, publications, presence in international symposiums and their special relevance and enthusiasm in the development of advances in endovascular techniques in their daily practice.
