Osteosynthese International 2015

In the footsteps of Louis Joseph Seutin, Albin Lambotte, Jean Verbrugge, Robert Danis, Robert Soeur and Robert Lacroix
The Belgian contribution to fracture care

Dear colleagues,

On behalf of the scientific committee, I'm proud and honored to host 'Osteosynthese International 2015', the Annual Meeting of the Gerhard Küntscher Society, on 10-11 September in Brussels, Belgium.

The Gerhard Küntscher Society is a worldwide well-recognized non-profit scientific organization whose main goal is to stimulate research in the field of operative fracture care.

Building on last years successful meeting editions, our proposal includes open sessions with opportunity for discussion and focus lectures by international experienced faculty as well as industrial partner workshops designed for young colleagues, residents and experienced clinicians. Ample time will be provided for free communications for oral and poster presentations. This meeting will be a unique opportunity for all involved in orthopedic trauma management, to share their knowledge and expertise.

Even if some of you could think that everything has been said, things are evolving every day in these fields. Undoubtedly you will find many topics of interest and discussion.

Brussels, the Capital of Europe, will take care of the hosting and your comfort. The meeting will take place in the Academy Palace, the former Palace of William, Prince of Orange, which is situated next to the Royal Palace in the center of Brussels.

Apart from its famous chocolates and beers, the green city of Brussels is in the centre of European culture, with many museums, beautiful parks, fascinating walks, trendy restaurants and bars.

So, in summary, there is no need to hesitate: join us for the Annual Meeting 2015, submit your abstracts and support your trainees and colleagues to come and benefit from Osteosynthese International 2015 in Brussels.

Pieter Reynders
Congress President

Invited Faculty

Olivier BORENS

University Hospital Lausanne, Switzerland

Peter GIANNOUDIS

University of Leeds, United Kingdom

Pierre HOFFMEYER

University Hospital Geneva, Switzerland

Stefaan NIJS

University Hospitals Leuven, Belgium

Michael RASCHKE

University Hospital Münster, Germany

Peter ROBIN

University Hospital Geneva, Switzerland

Pol ROMMENS

University Medical Center Mainz, Germany

Nigel ROSSITER

*Hampshire Hospitals, NHS Foundation Trust,
United Kingdom*

Gerhard SCHIDMAIER

Heidelberg University Hospital, Germany

David SELIGSON

University of Louisville, Kentucky, USA

Adam STARR

UT Southwestern Medical Center, Dallas, USA

Call for Abstracts

The Scientific Committee welcomes the submission of abstracts for oral communication, poster and video presentation.

The submission categories will be based on the following themes:

- Intramedullary nailing techniques for different long bones fractures
- The extended indication for nailing, tips and tricks case reports
- Osteo-articular infections
- Non-unions
- Fractures around implants
- Reconstruction of bone deformities by centro-medullary devices
- Research in operative fracture care
- Psychological effect of surgical trauma care

Please visit www.osteosynthese2015.be to submit your abstract
Deadline for receipt of abstracts: 1 June 2015

Abstract Timeline

Abstract submission deadline: 1 June 2015

Notification of acceptance of abstract: 10 July 2015

Registration deadline for presenting authors: 15 August 2015
