

# RBSS 2016

*Rome, Italy*

**June 7<sup>th</sup>**

## *Afternoon Instructional Courses*

**14.00 - 16.00**

### **Primary Breast Augmentation**

Chairman: *Rancati*

- Marking: Avoiding mistakes (*Randquist; Del Yerro*)
- Choosing the correct implant shape for every breast type (*De Vita*)
- Tips and tricks used to choose the access and the plane (*Mallucci*)
- Fat grafting and breast augmentation : an alternative and/or a complement ? (*Adams*)
- Double bubble, waterfall deformity, visible/palpable implant, jumping breast: Ways of preventing them (*Spear*)
- Preventing capsular contracture (*Adams*)

**16.00 - 16.30**

### **Coffee break**

**16.30 - 18.30**

### **Breast reduction/mastopexy**

Chairman: *Nava*

- Large breasts: achieving the best compromise between stability of the result and morbidity (*Hamdi; Nava*)
- Upper pedicle (s): always safe and versatile? (*Frascino*)
- Maintaining long term upper pole definition (*Rancati; Marujo – TBC*)
- Problems and solutions of the pos-bariatric breast reduction/mastopexy (*Mendes*)
- Vertical vs inverted T scar: immediate vs late Outcome (*Breuing; Mallucci*)

# RBSS 2016

*Rome, Italy*

**June 8<sup>th</sup>**

## *Morning Instructional Courses*

**8.00 - 10.00**

### **Implant based immediate BR**

Chairman: *Breuing*

- Indications for the DTI approach (*Breuing*)
- Technical details in TE positioning (*Cordeiro*)
- Tips and tricks in DTI (*Schefflan*)
- Timing of TE substitution vs post op RT (*Kronowitz – TBC*)
- ADM : Biological differences and their use (*Breuing*)
- Morbidity and results in 2 stage BR (*Cordeiro*)
- How to reduce complication rate with ADM (*Schefflan*)
- Oncological safety and a realistic use of fat grafting (*Kronowitz – TBC*)

**10.00 - 10.30**

### **Coffee break**

**10.30 - 12.30**

### **Mastopexy and revision augmentation**

Chairman: *Spear*

- Strategies used in mastopexy of previous augmented breasts (*Rancati; Randquist*)
- Pu implants in revisional augm./mastopexy (*Pompeti*)
- Fat grafting in complicated revisional surgeries (*Grisotti*)
- Autologous and eterologous materials in revisional augmentation/mastopexy (*Spear; Mallucci*)
- Different implants choices for mastopexy augmentation and revisional cases (*Del Yerro*)
- How to approach difficult revisional cases (*Frascino*)

**12.30 - 13.30**

### **Lunch with faculty**

# RBSS 2016

*Rome, Italy*

**June 8<sup>th</sup>**  
**CONGRESS**

**13.45 - 14.00**

## **Opening e Welcome**

*De Vita; Pompei*

*De Santis (SICPRE President) – TBC*

**14.0 - 15.45**

## **Videoconference from NY – Sloan Kettering Cancer Center**

Chairman: *Cordeiro*

- *Sacchini*: Breast Cancer Surgery: Impact today and in the future – what are we expecting – **TBC**
- *Hudis*: Adjuvant and Neoadjuvant chemotherapy: Morbidity in BR: development and relapse – **TBC**

**15.45 - 16.45**

## **The Gladiators' fight**

Referee: *Spear*

2stage BR: when and why  
(*Cordeiro & Kronowitz – TBC*)

**vs**

Direct To Implant  
(*Schefflan & Breuing*)

**16.45 - 17.15**

## **Coffee break**

**17.15 - 18.15**

## **Session DTI & ADM: their uses and how to reduce the complication rate**

Chairman: *Breuing*

Summarizer: *Farhadi*

- Human derived ADM (*Spear*)
- Bovine ADM (*Schefflan*)
- Porcine ADM (*De Vita*)
- Meshes (*Pompei*)

**18.15 - 19.15**

## **Session Autologous BR**

Chairman: *Mc Culley*

Summarizer: *Hamdi*

- Diep flap : simplify the preop planning and sculpturing (*Andree*)
- Preventing mistakes with perforators dissection and recipient vessels (*Masia*)
- When and which “non abdominal” flap? (*Farhadi*)
- The autologous alternative with LD: when and how (*Santanelli*)

# RBSS 2016

*Rome, Italy*

June 9<sup>th</sup>  
**CONGRESS**

**08.15 - 09.45**

## **BCT: how to reduce morbidity and improve results**

Chairman: *Cervelli*

Summarizer: *Andree*

- The oncological orientation and indication for the oncoplastic Surgery (*Douek*)
- NSM in the large and ptotic breast : risks and reconstructive alternatives (*FarHadi*)
- Glandular flaps in oncoplasty: simplifying the approach and choice vs tumor site (*Mc Culley*)
- Extreme BCT: reducing number of mastectomies? (*McMillan*)
- A realistic role of the chest wall perforators flaps in Oncoplasty (*Hamdi*)
- SRM: how to improve the results and reduce the morbidity (*Nava – TBC*)

**09.45 - 10.45**

## **The boxing ring - 2 vs 2 fighters**

Referee: *Grisotti*

Fat grafting and the oncological breast: “free use”

(*Kronowitz – TBC & Rancati*)

**vs.**

“restrictions”

(*Cordeiro & Sarfati – TBC*)

**10.45 - 11.15**

## **Coffee break**

**11.15 - 12.15  
complications**

## **Revisional BR: different ways of approaching major**

Chairman: *Mc Millan*

Summarizer: *Kronowitz – TBC*

- *Rancati*
- *Mc Culley*
- *Andree*
- *Masià*

- 12.15 - 13.15**                      **Industries tribune**  
Chairmen: *Scheflan*
- 13.15 - 14.15**                      **Light Lunch**
- 14.15 - 16.00**                      **Expert 's messages regarding Mastopexy/Augmentation**  
Chairman: *Nava*  
Summarizer: *Del Yerro*
- How one choses the access and plane in Augmentation Mastopexy (*Marujo & Frascino – TBC*)
  - The criteria in choosing implant size and shape (*Randquist & Mallucci*)
  - How to prevent typical problems and deformities in mastopexy with implants (*Nava & Del Yerro*)
  - Tips for using fat in b. augmentation with or without mastopexy (*Grisotti & Auclair*)
- 16.00 - 16.30**                      **Coffee break**
- 16.30 - 17.30**                      **The Wrestling ring**  
Referee: *Adams*
- Round Implants supporters  
(*Mendes & Marujo – TBC*)  
**vs.**  
Anatomical Implant users  
(*Farhadi & Randquist*)
- 17.30 - 19.00**                      **Particular arguments regarding Special Breasts**  
Chairman: *Santanelli*  
Summarizer: *Mc Culley*
- Fat grafting and the tuberous breast (*Grisotti*)
  - The ex-obese breast (*Mendes*)
  - The revisional breast: the actual role of ADM/Meshes (*Breuing*)
  - The ALCL Lymphoma and breast implants (*Sarfati – TBC*)
  - The contracted breast (*Spear*)
  - The breast with a “broken implant” (*Adams*)

# RBSS 2016

*Rome, Italy*

**June 10<sup>th</sup>**  
**CONGRESS**

**8.15 - 9.15**

## **International RBSS 2016 Challenge**

The Experts Commission:

Chairman: *Douek*

Judges: *Frascino & Auclair*

**9.15 - 10.15**

## **The Full Contact Ring - 2 vs 2 fighters**

Referee: Nava

the “Only implant Team”  
(*Heden & Mallucci*)

**vs**

the “Composite approach Team”  
(*Auclair & Grisotti*)

**10.15 - 10.45**

## **Coffee break**

**10.45 - 12.00**

## **Session: Breast Reduction**

Chairman: *Sarfati – TBC*

Summarizer: *Mallucci*

- Periareolar – Vertical scar breast reduction (*Marujo – TBC*)
- Inverted T techniques: immediate shape vs a scar ? (*Frascino*)
- How to improve the upper pole fullness (*Adams*)
- Stabilize the result in breast reduction: the alloplastic option (*Hamdi*)
- Realistic use of liposuction/lipomodeling in breast reduction (*Auclair*)

**12.00 - 13.15**

## **Session: Revisional Surgery in Complicated Breast Reduction**

Chairman: *Marujo – TBC*

Summarizer : *Hamdi*

**Topic:** “How one deals with very difficult secondary cases”

*Frascino; Adams; Heden; Del Yerro; Mallucci*

**13.15 - 13.30**

## **Closure and RBSS 2018 presentation**

*Pompei; De Vita*
