Reference: The letter of recommendation

Dear Sirs

The Croatian Ophthalmology Society (HOD) and The International Society for Ocular Trauma (ISOT) contacted The Ministry of Tourism in order to organise the following:

- ISOT Congress,
- 14th Congress of The Croatian Ophthalmology Society,
- 7th Young Ophthalmologists Symposium,
- 33rd Symposium of Ophthalmologists of Croatia and Slovenia,

all held in Dubrovnik, Croatia, from May 22nd to May 25th, 2014. The health care professionals in the field of ophthalmology from the region (Slovenia, Croatia, Bosnia and Herzegovina and Serbia) and Europe are expected to participate. Moreover, international speakers and guests are invited from all over the world. All pharmaceutical companies present at the Croatian ophthalmology market are also invited to support these events.

The Ministry of Tourism of the Republic of Croatia gladly confirms that the City of Dubrovnik is the recommended location for congresses and symposia.

Sincerely yours,
