2ND JOINT MEETING ON BREAST CANCER

21st - 22nd MAY, 2015

Stresa (VB), ITALY

Course Directors: Adriana Dionigi Corben, Francesca Rovera, Virgilio Sacchini

COURSE DESCRIPTION

The course provides a multidisciplinary review and update on the diagnosis and management of patients with breast carcinoma. The presentations will focus on recent diagnostic and therapeutic advances, and emphasize their practical implications. Some of the lectures will include discussion of the results of experimental studies to highlight recent progress in the understanding of breast carcinoma and future directions for its treatment. The course faculty consists of a cadre of experts in the diagnosis and treatment of breast carcinoma from Italy, European Cancer Centers and from the Memorial Sloan-Kettering Cancer Center in the United States of America.

Target Audience

The course is intended for physicians and nursing staff involved in the care of patients with breast carcinoma, who wish to broaden their knowledge of the disease.

Educational Objective

Upon completing this course, participants will:

- understand benefits and limitations of the latest techniques for the radiologic detection of breast carcinoma;
- understand the principles underlying classification and staging of breast carcinoma and their implications for patient care;
- understand the benefits and limitations of sentinel lymph node biopsy in the management of patients with breast carcinoma;
- familiarize themselves with the latest concepts and options for diagnosis and treatment of patients with breast carcinoma;
- understand the clinical relevance of recent advances in the basic research of breast cancer

PROGRAM

Day 1, May 21st, 2015

7.30 - 8.00 Registration

8.00 - 8.10 Welcome and Introduction

- Renzo Dionigi - Emeritus Professor of General Surgery University of Insubria, Varese
- Gianlorenzo Dionigi - Associate Professor of Surgery, Director 1st Division of Surgery University of Insubria, Varese
- Francesca Rovera - Course Director

SESSION I

Moderators:

Elisabeth Morris - Memorial Sloan Kettering Cancer Center, New York
Roberto Murgo - San Giovanni Rotondo, Bari
Franca Sambo - ASL Varese

8.10 - 8.25 Screening in Italy

Alfonso Frigerio - Mammography screening, Turin

8.25 - 8.55 How to discover breast cancer when it's still small. A new approach to mammography.

Laszlo Tabar - Uppsala University, Sweden

8.55 - 9.20 Breast ultrasound, when and how?

Adriana Bonifacino - Sant'Andrea Hospital, Rome

9.20 - 9.45 Magnetic resonance: a new era in breast cancer screening

Elisabeth Morris - Memorial Sloan Kettering Cancer Center, New York

9.45 - 10.10 Magnetic resonance: a new era in clinical practice

Francesco Sardanelli - Policlinico San Donato, University of Milan School of Medicine, Milan

10.10 - 10.35 Tomosynthesis: where we are and where we go

Pietro Panizza - National Cancer Institute, Milan

10.35 - 10.45 Questions

10.45 - 11.00 Coffee Break

SESSION II

Moderators:

Francesco Caruso - Humanitas Catania

Alberto Costa - Ente Ospedaliero Cantonale, Bellinzona

Monica Morrow - Memorial Sloan Kettering Cancer Center, New York

11.00 - 11.30 Margins in conserving surgery: a clinical perspective

Monica Morrow - Memorial Sloan Kettering Cancer Center, New York

11.30 - 11.55 When can we spare sentinel lymph node biopsy and axillary dissection?

Oreste Gentilini - European Institute of Oncology, Milan

11.55 - 12.20 New methods for sentinel lymph node identification

Bettina Ballardini - European Institute of Oncology, Milan

12.20 - 12.30 Questions

12.30 - 13.30 Round table with questionnaire and discussion: surgical advances, chemotherapy, hormonal therapy, immunotherapy, radiotherapy

Corrado Chiappa - University of Insubria, Varese

Radiology: E. Morris, P. Panizza

Surgery: R. Audisio, F. Rovera, V. Sacchini, C. Tinterri,

Plastic Surgery: M. Nava, L. Valdatta

Pathology: A.D. Corben, F. Sessa, L. Tan,

Oncology: F. Peccatori, G. Giardina

Physiotherapy: AM. Grande

Radiotherapy: P. Antognoni, A. Richetti

13.30 - 14.30 Lunch

SESSION III

Moderators:

Riccardo Audisio - University of Liverpool

Claudio Andreoli - Istituto Clinico Humanitas Rozzano, Milan

Adriana Bonifacino - Sant'Andrea Hospital, Rome

14.30 - 14.50 Breast surgery in young women

Mario Taffurelli - Policlinico Sant'Orsola Malpighi, Bologna

14.50 - 15.40 Nipple sparing mastectomy, when and how?*Maurizio Nava - National Cancer Institute, Milan**Virgilio Sacchini - Memorial Sloan Kettering Cancer Center, New York***15.40 - 16.40 Breast cancer and pregnancy***Francesca Rovera - University of Insubria, Varese**Fedro Peccatori - European Institute of Oncology, Milan**Fabio Ghezzi - University of Insubria, Varese***16.40 - 17.00 Coffee Break****SESSION IV - New Technologies***Moderators:**Oreste Gentilini - European Institute of Oncology, Milan**Virgilio Sacchini - Memorial Sloan Kettering Cancer Center, New York**Luigi Valdatta - University of Insubria, Varese***17.00 - 17.30 Surgery in elderly***Riccardo Audisio - University of Liverpool***17.30 - 18.00 New technologies in breast surgery***Virgilio Sacchini - Memorial Sloan Kettering Cancer Center, New York***18.00 - 18.20 Secondary lymphedema of the upper limbs: state of the art***Sylvain Mukenge - San Raffaele Hospital, Milan***18.20 - 18.30 Questions****18.30 Closing first day****Day 2, May 22nd, 2015****8.20 - 8.30 Introduction***- Eugenio Coccozza - Director of General Surgery Department Azienda Ospedaliera Ospedale di Circolo Fondazione Macchi Varese**- Francesca Rovera - Course Director*

SESSION V - Pathologic Assessment

Moderators:

Adriana Dionigi Corben - Memorial Sloan Kettering Cancer Center

Giuliano Lucani - Policlinico di Monza

Fausto Sessa - University of Insubria Varese

8.40 - 9.10 Classification of breast cancer: from morphology to molecular phenotypes"

Giuseppe Viale - European Institute of Oncology, Milan

9.10 - 9.30 Androgen receptors and breast cancer

Cristina Iva - University of Insubria, Varese

9.30 - 09.50 Pathologic assessment after neoadjuvant therapy

Adriana Dionigi Corben - Memorial Sloan Kettering Cancer Center, New York

09.50 - 10.20 "Small cell" tumors of the breast

Lee Tan - Memorial Sloan Kettering Cancer Center, New York

10.20 - 10.30 Questions

10.30 - 11.00 Coffee Break

11.00 - 11.30 The breast in the art

Renzo Dionigi - Emeritus Professor of General Surgery University of Insubria, Varese

11.30 - 12.30 Round Table with questionnaire and discussion: high risk patients, chemotherapy, hormonal therapy, immunotherapy, radiotherapy

Corrado Chiappa - University of Insubria, Varese

Radiology: A. Bonifacino, F. Sardanelli

Surgery: M. Grassi, M. Marelli, M. Morrow

Plastic Surgery: M. Cherubino, L. Valdatta

Pathology: F. Sessa, G. Viale

Oncology: G. Giardina, A. Goldhirsch, F. Peccatori

Genetics: B. Bonanni, MG. Tibiletti

12.30 - 13.30 Lunch

SESSION VI - Update in Oncologic Treatment

Moderators:

Alberta Ferrari - IRCCS Policlinico San Matteo, Pavia

Graziella Pinotti - Oncology Unit, Varese

Fedro Peccatori - European Institute of Oncology, Milan

13.30 - 14.00 Genetic profile for treatment

Aron Goldhirsch - European Institute of Oncology, Milan

14.00 - 14.20 Hereditary breast cancer, management of BRCA positive patients

Bernardo Bonanni - European Institute of Oncology, Milan

14.20 - 14.50 Guidelines for young cancer patients

Olivia Pagani - Ente Ospedaliero Cantonale, Bellinzona

14.50 - 15.20 New approaches to individual radiotherapy in Breast cancer

Antonella Richetti - Ente Ospedaliero Cantonale, Bellinzona

15.20 - 15.45 Electrochemotherapy for skin metastases from breast cancer

Maria Renne - Fondazione "Tommaso Campanella", Catanzaro

15.45 - 16.10 Breast unit: where we are now?

Corrado Tinterri - Istituto Clinico Humanitas Rozzano, Milan

16.10 - 16.40 Questions

16.40 - 17.10 Alternative therapies

Linda Bascialla - Oncology Unit, Varese

Walter Legnani - Milan

17.10 - 17.30 The role of the voluntary association

Adele Patrini - C.A.O.S., Varese

17.35 - 17.45 Concluding remarks and take-home messages

Virgilio Sacchini - Memorial Sloan Kettering Cancer Center, New York

Francesca Rovera - University of Insubria Varese

Adriana Dionigi Corben - Memorial Sloan Kettering Cancer Center, New York

17.45 Aperitif

GENERAL INFORMATION

TOPICS

- Screening
- Radiological Assessment
- Nipple Sparing Mastectomy
- New Technologies in Breast Surgery
- Sentinel Lymph Node Biopsy
- Lymphedema
- Young, Pregnant and Elderly Woman
- High Risk Patient
- Morphologic and Molecular Classification
- Neoadjuvant Therapy
- Radiotherapy
- Genetic Profile

Course Directors

Adriana Dionigi Corben

Director Breast Pathology Fellowship, Assistant Attending Breast Pathologist, Memorial Sloan Kettering Cancer Center - New York, USA

Francesca Rovera

Associate Professor of General Surgery, Director Senology Research Center, Department of Surgical and Morphological Sciences, University of Insubria - Varese, ITALY

Virgilio Sacchini

Professor of Surgery, Weill Medical College of Cornell University, Attending Breast Surgeon, Memorial Sloan Kettering Cancer Center - New York, USA

**CME & EACCME
ACCREDITATION
(Continuing Medical
Education & European
Accreditation Council
for Continuing Medical
Education)**

The SECOND JOINT MEETING ON BREAST CANCER is accredited for the Continuing Medical Education and EACCME training plan.

The Congress will give to participants the following credits:

Physicians all professions;

Nurse, Obstetric, Physiotherapist, Radiology Technician

In compliance with CME guidelines, fellows and other medical professions are not allowed to claim credits.

How to obtain credits:

collect your CME documents upon registration;

100% presence during the Scientific Program.

CME documentation, filled in and signed, must be returned to the Secretariat Desk at the end of the Congress.

We remind you that credits will be granted only after the Congress. CME scientific members will validate only questionnaires with at least 75% correct answers.

**Date
and Course location**

21st - 22nd May, 2015

Regina Palace Hotel - Stresa (VB), Italy

www.regina-palace.com - www.stresaturismo.it

Registration

To register e-mail to: info@summeet.it

Commissioning

Registration Fee: Physician 200,00€ (VAT included);

Free for Nurse, Obstetric, Physiotherapist, Radiology

Technician, Residents and Fellows in training

Discount Rate for ESSO member: € 150,00 VAT included.

Deadline May 10, 2015

THE OFFICIAL LANGUAGE IS ENGLISH

HOW TO REACH THE REGINA PALACE HOTEL

Corso Umberto I n. 29, Stresa (VB) Italy

By Car

From Sempione Pass Switzerland, we suggest to go forward when SS 33 becomes Highway A26 and exit at Baveno-Stresa. From San Bernardino-Bellinzona-Locarno Switzerland just follow the main road keeping the lake always on your left hand side until you reach Stresa (SS 34 until Verbania, then SS 33 direction Milan).

If you come from Milan, get A8 in direction of the lakes (Laghi - Sesto Calende), go on to A26 direction Gravelona Toce. On highway A26 you may exit at Arona and then follow SS 33 up to Stresa for about 18 Km keeping the lake on scenic road on your right hand side. You may also go forward on A26 and exit at Carpu gnino (forbidden to buses) where you'll find a narrow road going down to Stresa (5 Km) with a wonderful panoramic view. Otherwise you can continue going till the exit Baveno-Stresa where the road will immediately reach the lakeside: you'll need to drive back to Stresa for about 5 Km with the lake on your left hand side.

Main driving distances and times: Firenze Km 390 [4 hours driving]/Milano Km 80 [50 min driving]/Roma Km 650 [7 hours driving]/Torino Km 135 [90 min driving]/Venezia Km 350 [4 hours driving]/Verbania Km 15 [10 min driving]/Locarno Switzerland Km 45 [50 min driving]

By Plane

The nearest airport is Milan Malpensa. From the airport you can reach Stresa by car, by bus, by train. The taxi service is available upon request at the moment of booking. From the airport you can also take an autobus till the railway station of Gallarate and from there take a train till Stresa (line Milan-Domodossola).

Moreover there is a service Alibus, the new shuttle bus direct from the airport to the main towns of the Lake Maggiore, can be booked upon request. If you prefer renting a car, go from the airport to highway A8 and then follow the above directions in the "by car" section.

Milano Linate National Airport Km 110 [75 min driving], Milano Malpensa International Airport Km 45 [50 min driving], Turin Airport Km 150 [2 hours driving].

By Train

Most of the frequent trains on the Milan-Domodossola line stop in Stresa. Furthermore daily trains from/to Milan, Turin, Venice and, through the Simplon Pass to/from Bruxelles, Geneva and Basel are direct to/from the Railway Station of Stresa, which is situated in the center of the town.

It takes about 50 minutes (Intercity) and 80 minutes (local trains) to reach the Central Station of Milan.

REGISTRATION FORM

Regina Palace Hotel, Stresa (VB), 21st - 22nd May, 2015
