

## EchoDubrovnik 2015

### Friday 15 May

08:45	Welcome		Prof. Thomas Binder, Prof. Bogdan Alexandru Popescu, Prof. Maja Cikes	
	<b>Lecture</b>	<b>Presenter</b>	<b>Title</b>	<b>Topic</b>
09:00	Minilecture I	T. Binder	Eyeballing the heart. A quick orientation	Chamber size - quantification
09:55	Minilecture II	T. Binder	Left ventricular function - training the eye	Assesing LVF
10:45	Break			
11:05	Minilecture III	T. Binder	Cardiac function - Advanced techniques	Deformation imaging
11:50	Keynote lecture I	M Cikes	Tackling hemodynamics by echo	Cardiomyopathy + HFpEF, CR
12:30	Lunch			
13:35	Minilecture IV	T. Binder	Hypertrophy - what does it tell us?	Left ventricular hypertrophy
14:25	Minilecture V	T. Binder	Diastolic dysfunction where it matters	Diastolic dysfunction
15:15	Break			
15:30	Keynote lecture II	AM Pistrutto	Imaging secrets	Imaging
16:00	Hands on	Tutors	Training in groups	Practical echo
17:00	Hands on	Tutors	Training in groups	Practical echo
18:00	Hands on	Tutors	Training in groups	Practical echo
19:00	relax			

### Saturday 16 May

09:00	Minilecture VI	T. Binder	Heart failure - looking beyond EF	Cardiomyopathies
09:55	Minilecture VII	T. Binder	Defining cardiomyopathies	Hypertrophic + restrictive CMP
10:45	Break			
11:05	Minilecture VIII	T. Binder	Echo in CAD - Beyond wall motion abnormalities	Coronary artery disease
11:50	Keynote Lecture III	J Bergler	Quantifying AS - why gradients can fail	Aortic stenosis
12:30	Lunch			
13:35	Minilecture IX	T. Binder	Wall motion abnormalities, a training session	Coronary artery disease
14:25	Keynote Lecture IV	B. Popescu	Tricuspid regurgitation - why and when is it time for surgery?	Tricuspid Regurgitation
15:15	Break			
15:30	live webinar	T. Binder	Echo mysteries	Unsolved cases
16:35	Hands on Training	Tutors	Training in groups	Practical echo
17:00	Hands on	Tutors	Training in groups	Practical echo
18:00	Hands on	Tutors	Training in groups	Practical echo
19:00	relax			
20:00	Gala dinner			

### Sunday 17 May

08:30	Minilecture	T Binder	Leaking valves a global perspective	Mitral and aortic regurgitation
09:10	Minilecture XI	T. Binder	Congenital defects	Congenital defects
09:55	Keynote Lecture V	N Skoro	Pulmonary hypertension - echo perspective	Pulmonary hypertension
10:45	Break			
11:05	Minilecture XIII	T. Binder	Problems after cardiovascular surgery	Postoperative echo
11:50	Keynote Lecture VI	G. Gollasch	Benign or not	Masses and thrombi
12:30	Wrap up	T. Binder	Closing remarks	What we have learned
12:45	Lunch
