

**ONCOPLASTIC AND RECONSTRUCTIVE
SURGERY OF THE BREAST
SEVENTH EUROPEAN CONFERENCE**

MILANO, 04th DECEMBER - 07th DECEMBER 2013

Conference Venue

Il Sole 24 ORE via Monte Rosa, 91 - 20149 Milano - *Italy*

welcome

Dear friends and colleagues,

we are very pleased to invite you all to join us at the **“Oncoplastic and Reconstructive Surgery of the Breast, Seventh European Conference”**, that will be held from 4th to the 7th December 2013 in Milan.

We are very proud of the excellent Scientific programme that we have developed this year. The faculty has been chosen to really give you the best outlook on every single aspect of Oncoplastic Surgery of the Breast. As well as the surgical aspects, other areas of the treatment for breast cancer, that have an impact on the reconstruction outcome, are discussed in detail.

This year we will be holding the meeting in the seat of the prestigious financial daily newspaper “Il Sole 24 Ore”. The building was designed by Renzo Piano (one of the most prominent Italian architects). The busy building with an award winning meeting room will be a pleasant change from the traditional hotels that we have used up until now. The choice of the venue however, implicates that we have a limited number of places, so therefore we suggest early registration to guarantee a place for you.

We are bringing the registration price down this year due to the fact that the social dinner will not be included in the fee, so those of you who enjoy the evening event, can register for this event in addition to the conference.

We have tried to reduce as many costs as possible, to allow us to apply a lower registration fee as we understand that with the global economical situation it is making it harder every year to find funding and support to participate at educational meetings.

Looking forward to seeing you all in Milan in December.

Best regards.

CLOSURE AND NEXT MEETING

abstracts

Participants are invited to send abstracts on:

Innovations, complications and new techniques in breast reconstruction surgery

Breast prevention and detection after reconstructive surgery

Non invasive and minimally invasive surgical treatments

Participants with new data relevant to the subjects of the conference may submit one abstract to be considered for poster or oral presentation.

All the abstracts will be reviewed by the Scientific Committee and approved as poster or oral presentation.

Abstracts must be written in English and the text should not exceed 2000 characters (title included).

The title should appear in capital letters.

For each author, type surname first followed by given name and initials (presenting author in capital letters). List affiliations after the authors' list. The full address with telephone, fax number, and e-mail of the corresponding author must be provided.

Only abstracts submitted by registered participants will be accepted.

The accepted abstracts will be published in the final programme.

Send the abstract by e-mail as an attached document to:

congress@breastsurgeryinnovations.com indicating as the subject Oncoplastic and Reconstructive Surgery of the Breast.

The deadline for the abstracts is 15th September 2013 and acceptance of the abstracts will be communicated before the 15th October 2013.

Once accepted, you will receive the instructions for the presentations. The slides for the selected oral presentations must be sent prior to the conference dates.
