

MONDAY, DECEMBER 03, 2012

08:30-10:00, Biodegradable Scaffolds, Hall A

Chairs: Yoseph Rozenman, Israel Ran Kornowski, Israel Ron Waksman, USA

08:30 Bioabsorbable scaffolds

Alexandre Abizaid

Instituto Dante Pazzanese, Brazil

08:42 ART Bioresorbable coronary stent: First in man (ARTDIVA trial)

Jean FAJADET

Clinique Pasteur, France

08:54 DREAMS Update: Twelve-month Clinical Results from the BIOSOLVE-I Study of the Drug Eluting Absorbable Metal Scaffold

Ron Waksman

Medstar Washington Hospital Center, USA

09:06 ART 100% Bioresorbable Stent: From Preclinical Data to the FIM Study

Antoine Lafont

Hopital European Georges Pompidou, France (CANCELLED)

09:18 Update on Abbott Vascular BVS Program

Richard Rapoza

Abbott Vascular/ BVS, USA

09:30 Bioabsorbable Scaffolds- are we Witnessing a Paradigm Shift?

Ran Kornowski

Campus Beilinson, Israel

09:42 Panel Discussion

Alexandre Abizaid

08:30-10:00, Complex Coronary Lesions, Hall B

In Memory of Dr. Ehud Grenadier

English-Russian Simultaneous Translation

Chairs: Rafael Beyar, Israel Kobi Richter, Israel Marie-Claude Morice, France

08:30 The Unmet Needs in Coronary Interventions

Amit Segev

Sheba Medical Center, Israel

08:42 Treatment of Calcified Vascular Stenosis: FIM Results

Todd Brinton

Stanford University School of Medicine, USA

08:54 A Novel System for CTO Crossing

Kobi Richter

Medinol, Israel

09:06 Collagenase for CTO: An Update

Bradley Strauss
University of Toronto, Canada

09:18 Cyphering the CTO's Issue: Wherein Lies the Body of Proof?

Corrado Tamburino
Ferrarotto Hospital, Italy

09:30 Antegrade and Retrograde Recanalization of CTO - are there Differences in Acute and Longterm Results?

Alexander Osiev
Academician E.N.Meshalkin State Research Institute of Circulation Pathology, Russia

09:42 Panel Discussion

Shmuel Rath, Eliezer Rozenbaum

08:30-10:00, Aortic Valve Interventions I, Hall C

Chairs: Ariel Finkelstein, Israel Alaide Chieffo, Italy Alain Cribier, France

08:30 Transfemoral TAVI: How to Make it Safer, Simpler, Faster and More Efficient

Alain Cribier
Charles Nicolle Hospital, University of Rouen, France

08:42 The Evidence is Not Enough: What Data do We Need Before Expanding Indications for TAVI

Corrado Tamburino
Ferrarotto Hospital, University of Catania, Italy

08:54 TAVI for Bioprosthetic Valves (Valve in Valve)

Ran Kornowski
Rabin Medical Center, Campus Beilinson, Israel

09:06 Transcatheter Aortic Valve Implantation with Edwards SAPIEN XT™ versus Medtronic CoreValve REvalving System® with AccuTrak™: The SAPERE Pilot Study

Alaide Chieffo
San Raffaele Scientific Institute, Italy

09:18 TAVI: Results from Randomized Trials and Registries (Including France 2 Registry)

Jean FAJADET
Clinique Pasteur, France

09:30 Coronary Stenting in Patients Undergoing TAVI: Comprehensive Percutaneous Cardiac Therapy

Ronen Jaffe
Cardiology, Lady Davis Carmel Medical Center, Haifa, Israel

09:42 Panel Discussion

Matjaž Bunc, Jean FAJADET

08:30-10:00, Digital Health Trends - Challenges in Digital Health, Hall H

Chairs: Peter J. Fitzgerald, USA Chaim Lotan, Israel Leslie Saxon, USA

08:30 Technology Convergence in Medical Devices

Stephen Oesterle
Medtronic Inc, USA

08:45 The Promise of Digital Health

Leslie Saxon

University of Southern California, USA

09:02 Challenges in Digital Health Med Tech Companies

Peter J. Fitzgerald

Stanford University Medical Center, USA

09:14 Regulation in Digital Health

Susan Alpert

USA

09:26 Mobile Health: Who are Our Customers and what are the Potential Viable Business Models?

Benny Zeevi

DFJ TelAviv Venture Partners, Israel

09:42 Panel Discussion

Susan Alpert, Isaac Applbaum

08:30-10:00, VIVA@ICI Vascular Interventions, Hall I

Chairs: Gabriel Bartal, Israel, Nickolas Kipshidze, Georgia, Michael R. Jaff, USA

08:30 Modern Medical Management of Asymptomatic Carotid Artery Stenosis

Michael R. Jaff

Massachusetts General Hospital, USA

08:42 The Decision: Medicine, Surgery or Stent for Carotid Artery Disease

Kenneth Rosenfield

Massachusetts General Hospital, USA

08:54 Carotid Artery Stenting: Where Does Its Future Lie?

William Gray

Columbia University Medical Center, USA

09:06 Results of Registry on Long SFA-Lesions Treated with Medtronic Drug-Eluting Balloons

Andrej Schmidt

Park-Hospital Leipzig, University of Leipzig, Germany

09:18 Drug Eluting Balloons in Peripheral Arterial Disease

Klaus Brechtel

University of Tübingen, Germany

09:30 Vena Caval Filters--New Technologies for a Routine Procedure

John Kaufman

University of Oregon Medical School, USA

09:42 Panel Discussion

08:30-10:00, Imaging and Beyond, Hall J

Chairs: Amir Lerman, USA Ali Oto, Turkey Haim Hammermann, Israel

08:30 Futuristic Advances in Coronary Imaging

Amir Lerman

Mayo Clinic, USA

08:42 Near-Infrared Spectroscopy: Principles and Updates

Giora Weisz

Columbia University Medical Center, USA

08:54 OCT Imaging in Bifurcation Lesions

Ioannis Iakovou

Onassis Cardiac Surgery Center, Greece

09:06 OCT assisted Treatment of In-Stent Restenosis by Drug Eluting Balloon

Viktor Demin

Orenburg, Regional Clinical Hospital, Russia

09:18 FFR Clinical Utility-What We Know Today, What We Hope to Know in 2015

Edo Kaluski

NJ Medical School, USA

Guthrie Health Services, USA

09:30 Intracoronary Electrocardiography –Simple Method For Assessment of Intermediate Lesions and Periprocedural ischemia in Coronary Bifurcation Stenting

Robert J. Gil

Central Clinical Hospital of the Internal Affairs and Administration Ministry, Poland

Institute of Experimental and Clinical Medicine, Poland

09:42 CT Coronary Angiography: Prognostic Value of the Minor Coronary Stenosis

Ali Oto

Hacettepe University Faculty of Medicine, Turkey

10:00-10:30, COFFEE BREAK, Exhibition Area

10:30-12:15, Plenary Session 1, Hall ABC

Chairs: Rafael Beyar, Israel Martin Leon, USA Chaim Lotan, Israel

English-Russian Simultaneous Translation

10:30 Opening Remarks and Acknowledgments By **Prof Rafael Beyar, Prof Chaim Lotan and Dr Martin Leon**

10:50 Finding Economic Value in the Application of Medical Devices

Omar Ishrak

Medtronic Inc, USA

11:10 Interventional Cardiology What's in the Horizon

Martin Leon

Columbia University Medical Center, USA

11:30 Live Case Transmissions from Rambam Medical Center

Moderators: Yaron Almagor, Eberhard Grube

12:15-14:00, LUNCH BREAK, Exhibition Area

12:30-13:30, LUNCH SESSION

Sponsored by Johnson & Johnson, Hall H

CANCELLED

Cordis: Innovation at the Heart of Renal Denervation

Chairman: Chaim Lotan

12:30 Introduction

Chaim Lotan

12:35 Renal Denervation: Overview, Current Results and Unmet Needs

Mark Sapoval

12:50 The Helical Multielectrode Independent Irrigated System. First Human Case Report. Meeting the Unmet Needs

Eric Wiffels

13:05 Renal Denervation Safety. Irrigation Benefits. Lessons Learned from Extensive Ablation Experience

Clemens Jilek

13:20 Q&A and Conclusions

Chaim Lotan

12:30-13:30, LUNCH SESSION

Sponsored by Medtronic, Hall I

TAVI- Current Challenges

Chairs: Jean-Claude Laborde Yaron Almagor

12:30 Pre-Procedural Planning

Nicolo Piazza

12:42 TAVI in AR

Victor Guetta

12:54 TAVI in Surgical Bioprosthesis

Ran Kornowski

13:06 Valve Positioning

Haim Danenberg

13:18 Panel Discussion

Ariel Finkelstein, Amit Segev, Dani Bitran

13:30 Adjourn

12:30-13:30, LUNCH SESSION

Sponsored by Gilead, Hall J

Tough Revascularization Decisions in the Cath Lab

Chairs: Giora Weisz, Gregg W. Stone

12:30 Introduction and Session Goals

Giora Weisz

12:35 Is Complete Revascularization the Ultimate Objective?

Amir Lerman

12:45 Deferral: How to Make the Right Decision

Gregg W. Stone

12:55 Adjunctive Ranolazine for Patients with Incomplete Revascularization

Giora Weisz

13:05 Peripheral Interventions: When to Treat and When to Watch

William A. Gray

13:15 Roundtable: To Revascularize or Not to Revascularize?

Giora Weisz, Amir Lerman, William A. Gray, Gregg W. Stone

13:30 Adjourn

14:00-15:40, Technology Parade I, Hall A

Chairs: Shmuel Banai, Israel Shimon Eckhouse, Israel Uri Geiger, Israel

14:00 Tips for the Start-ups

Mike Berman

Berman Medical, USA

14:12 RealView - 3D Holography for Structural Heart Interventions

Elchanan Bruckheimer

Schneider Children's Medical Center, Israel

14:24 The Coronary Sinus Reducer - a Device-based Therapy for Refractory Angina Pectoris

Shmuel Banai

Tel Aviv Medical Center, Israel

14:36 Glue Septal Ablation: A New Hope for the HOCM Patients

Ali Oto

Hacettepe University Faculty of Medicine, Turkey

14:48 ThermopectiX® — Cool Solutions for Hot Problems® in Interventional Medicine

Ronald Jay Solar
ThermopeutiX

14:58 Ultrasound Accelerated Thrombolysis is an Endovascular Treatment Strategy Enabled by the EKOS EkoSonic® Endovascular System

Jacob Cynamon

Montefiore Medical Center

Albert Einstein College of Medicine, USA

15:08 Multi-mode Fatigue and Durability Testing of SFA Stents

Lito Mejia

BOSE Corporation (CANCELLED)

15:18 Ikaria's Investigational Bioabsorbable Cardiac Matrix (BCM) for Prevention of Left Ventricular (LV) Remodeling and Congestive Heart Failure Post ST-segment Elevation Myocardial Infarction (STEMI)

Michael Stein

Ikaria, Inc., USA

15:28 Embolic Capture Angioplasty in Peripheral Interventions using the Angioslide PROEUS™ Device

Subhash Banerjee

Veterans Affairs North Texas Healthcare System, USA

TX and University of Texas Southwestern Medical Center, USA

14:00-15:40, Aortic Valve Interventions II, Hall B

Chairs: Yaron Almagor, Israel, Chaim Lotan, Israel Jean-Claude Laborde, France

English-Russian Simultaneous Translation

14:00 Live Case Transmission from Rambam Medical Center

Moderators: **Eberhard Grube, Alaide Chieffo**

14:45 Reprise Trial: Clinical Results of a New Lotus Valve

Bernard Chevalier

Institut Cardiovasculaire Paris Sud, France

15:00 TAVR 2013 Where are We Going?

Victor Guetta

Sheba Medical Center, Tel Hashomer, Israel

15:15 Valve Positioning Complication, Post Procedure

Jean-Claude Laborde

Clinique Pasteur, France

15:30 Panel Discussion

14:00-15:40, DES and Stents of the Future, Hall C

Chairs: Keith Dawkins, USA Renu Virmani, USA

14:00 Can Neoatherosclerosis Be Eliminated By Improving Stent Technology?

Renu Virmani

CVPath Institute, Inc., USA

14:12 EPC Capture: The First 4-Component DES

Mitchell W. Krucoff

Duke University Medical Center, USA

14:24 Revisiting Coronary Stent Engineering : Evolution of BioMime & advancement to Aura, Morph & Mitsu

Amit Segev (replacing Sanjeev Bhatt)

Sheba Medical Center, Israel

14:36 New Clinical Results of Everolimus Eluting Stents with Stable and Biodegradable Polymer

Keith Dawkins

Boston Scientific, USA

14:48 Emerging DES Platforms: Bioabsorbable Polymers and Advanced Metallic Surfaces Are the Next Logical Steps!

Juan Granada

Skirball Center for Cardiovascular Research, USA

15:00 Newer Stent Design in DES Stents: Indian Scenario

Arun Kochar

Fortis Hospital, Mohali, India (CANCELLED)

15:12 Plasmonic Photothermal Therapy of Atherosclerosis with Noble-Metal Nanoparticles: a First-in-Man Study

Abstract

Alexander Kharlamov

Ural Institute of Cardiology, Russia

15:18 The EXCELLA II Multi-Center, Randomized Clinical Studies Evaluating the DESyne and DESyne BD Coronary Stents: Clinical and Angiographic Results

Abstract

Stefan Verheye

ZNA Middelheim, Belgium

15:24 Panel Discussion

Manokar Panchanatham, Naushad Ahmed Peeran

14:00-15:40, Digital Health Trends - IT Meets MT, Hall H

Chairs: Elizabeth Hoff, USA Aviv Lotan, Israel Uri Yaron, Israel

14:00 Healthcare Through Information Technology: We Can See it but How Can We Make it Real?

Elizabeth Hoff

Medtronic, Inc., USA

14:12 Self Assessment and Treatment Using Smart Devices

Amir Lerman

Mayo Clinic, USA

14:24 Beyond M-Health Hype: Creating a Personal Health Platform That Matters

Yossi Bahagon

Clalit Health Services, Israel

14:36 Health IT -What is it and How do you Finance it?

Anat Naschitz

OrbiMed Advisors, Israel

14:48 Why Don't We have a Longitudinal & Cross-Institutional Patient Health Record?

Amnon Shabo (Shvo)

IBM Haifa Research Lab, Israel

15:00 Advanced Telemedicine Technologies in the Service of Acute & Chronic Heart Diseases

Michal Golovner

SHL Telemedicine Ltd. Israel

15:12 Innovation in Telehealth: Getting from Concept to Product

Daniel Reisfeld

Rafael Development Corp, Israel

15:24 Panel Discussion

14:00-15:40, VIVA@ICI Renal Denervation Present and Future, Hall I

Chairs: Kenneth Rosenfield, USA Uri Rosenschein, Israel James R. Margolis, USA

14:00 Renal Denervation: The Future of Care for Hypertension and Diabetes

Michael R. Jaff

Massachusetts General Hospital, USA

14:12 Translational Research Approaches for Renal Denervation Therapies

Juan Granada

Skirball Center for Cardiovascular Research, USA

14:24 Externally Focused Ultrasound for Renal Denervation

Todd Brinton

Stanford University School of Medicine, USA

14:36 Vessix Renal Denervation System: Achieving Safety and Efficacy in < One Minute

James Margolis

South Florida Pes, USA

14:48 Scientific Basis for Renal Denervation for the Control of Hypertension

Josiah N. Wilcox

Medtronic CardioVascular, USA

15:00 Renal Artery Stenting. Is this a Viable Treatment?

Joshua Beckman

Brigham and Women's Hospital, Boston, MA, USA

15:12 Technical Aspects of Renal Artery Stenting

Kenneth Rosenfield

Massachusetts General Hospital, USA

15:24 Panel Discussion

14:00-15:40, Left Main Procedures, Hall J

Yonathan Hasin, Israel Oz Shapira, Israel Andrejs Erglis, Latvia

14:00 LMCA Disease - CABG vs. PCI

Bagrat G. Alekyan

Bakoulev Scientific Center for Cardiovascular Surgery RAMS, Russia

14:12 Left Main Stenting: Design and Status of the EXCEL Trial

Gregg W. Stone

Columbia University Medical Center and the Cardiovascular Research Foundation, USA

14:24 Left Main PCI: Does the Type of Stent Matters?

Marie-Claude Morice

ICPS Institute- Jacques Cartier Massy, France

14:36 Unprotected Left Main Angioplasty in High-Risk Patients

Adam Witkowski

Institute of Cardiology, Poland

14:48 How to Stent the Distal Left Main: Stent Selection and Technique, IVUS, Support and More

Andrejs Erglis

Latvian Centre of Cardiology, Pauls Stradins Clinical University Hospital, Latvia

15:00 Treatment of Left Main Restenosis Following DES

Alaide Chieffo

San Raffaele Scientific Institute, Italy

15:12 Panel Discussion

15:40-16:10, COFFEE BREAK, Exhibition Area

16:10-17:40, Technology Parade II, Hall A

Chairs: Haim Danenberg, Israel Eyal Lifshitz, Israel Mark Low, USA

16:10 "Bullet Proof" Medical Start Up Companies

Amir Lerman

Mayo Clinic, USA

16:20 C-THV Navigation for Optimal Valve Implantation During TAVI

Ran Kornowski

Rabin Medical Center, Israel

16:30 Next Generation Coating Technologies for New Clinical Needs

Gregg Hamel

SurModics, Inc., USA

16:40 Advanced Computer Simulations for Better, Faster and Cheaper Device Development from Bench to Bed

Matthieu De Beule

Feops, Belgium

16:50 Pericardium Covered Stent – Your ONLY Viable Bail Out Option? Or Much More?

Shimon Lobel

ITGI Medical

- 17:00** Development of Polyurethane Heart Valve Prostheses
Jan Roggenkamp
Institute of Applied Medical Engineering AME, Helmholtz Institute, RWTH Aachen University, Germany
- 17:10** Chocolate® Technology: A Novel Paradigm in Balloon Angioplasty
Gary Binyamin
Quattro Vascular Pte Ltd, Singapore
- 17:20** Panel Discussion

16:10-17:40, Stroke: Brain Injury During Cardiovascular Procedures, Hall B

Chairs: Natan Bornstein, Israel Victor Guetta, Israel Paulina Margolis, USA
English-Russian Simultaneous Translation

- 16:10** Transient Ischemic Attack (TIA) is an Emergency like ACS
Natan Bornstein
Tel-Aviv Sourasky Medical Center, Israel
- 16:22** Stroke, Neuro-Cognitive Function and Dementia
Paulina Margolis
Keystone Heart, USA
- 16:34** Acute Stroke Intervention by Interventional Cardiologists
Alpay Turan Sezgin
Baskent Üniversitesi, Turkey
- 16:46** Brain Damage – Will Embolic Protection Devices Reduce Strokes After TAVR?
Andreas Baumbach
Bristol Heart Institute, University Hospitals Bristol, UK
- 16:58** Imaging of Brain Infarcts, Timing and Image Interpretation
James Margolis (replacing Szilard Voros)
South Florida Pes, USA
- 17:10** Keystone Heart Deflect 1 Study; Safety and Performance, Case Examples
Andreas Baumbach (replacing Mike Mullen)
Bristol Heart Institute, University Hospitals Bristol, UK
- 17:22** Panel Discussion

16:10-17:40, Mitral Disease, A Challenge to Innovators, Hall C

Chairs: Gregg W. Stone, USA Ehud Raanani, Israel Yuval Binur, USA

- 16:10** Mitral Valve Treatment - Mitral Clips in Non-Everest Patients
Karl-Heinz Kuck
St. Georg Hospital, Germany
- 16:22** MitraClip for Functional Mitral Regurgitation: The COAPT Trial
Gregg W. Stone
Columbia University Medical Center and the Cardiovascular Research Foundation, USA
- 16:34** The Mitral Valve: The Next Frontier

Eberhard Grube

Department of Medicine II, University Bonn, Germany

16:46 Mitral Valve in Ring: Personal Experience, Tips and Tricks

Francesco Maisano

San Raffaele Scientific Institute, Italy

16:58 Panel discussion on Mitral overview and new considerations

Yuval Binur, Karl-Heinz Kuck, Carlos Ruiz, Gil Bolotin, Oz Shapira, Ehud Raanani, Francesco Maisano, Rick Geoffrion (ADDITION)

16:10-17:40, Digital Health Trends - The Future of Healthcare: Mobile Applications, Gamification & Social Media, Hall H

Chairs: Basil Lewis, Israel Nissim Darwish, Israel Tom Sudow, USA

16:10 Beyond Moneyball: How Biosensors are already Changing Sports Today

Leslie Saxon

University of Southern California, USA

16:22 Are You Talking to Me? Ensuring Patient Comprehension and Motivation

Talya Miron-Shatz

Center for Medicine in the Public Interest, USA

16:34 A Doctor in your Pocket. Really?

Yishai Knobel

Health 2.0, Israel

16:46 The Challenges and Opportunities of an Enterprise Strategy to Mobile Health Technologies

Gary Fingerhut

Global Cardiovascular Innovation Center, USA

16:58 Social Media a Tool for Better Health

Uri Goren

Neopharm Group, Israel

17:10 What's Your Status? Digital Health among the Israeli Cardiologist Community and Worldwide

Nava Barit Ben David (CANCELLED)

J&J Medical, Israel

17:22 Panel Discussion

16:10-17:40, VIVA@ICI Vascular Intervention and Innovation, Hall I

Chairs: Andrej Schmidt, Germany Yehuda Wolf, Israel, John Kaufman, USA

16:10 Initial Clinical Experience with Turbo Hawk Calcium Cutter Atherectomy Device

Andrej Schmidt

Park-Hospital Leipzig, Germany

16:22 Venous Intervention-Lysis, Stents, or is Pharmacotherapy Enough?

John Kaufman

University of Oregon Medical School, USA

16:34 Chemical Mechanical Ablation of Varicose Veins: from Idea to Practice

Michael Tal

Yale University Hospital, New Haven, USA

16:46 Results of Preclinical and Clinical Trials with Chemical Varicose Veins Ablation (VVT) Device

Alexander Belenky (replacing Alex Farber)

Rabin Medical Center, Campus Belinson, Israel

16:58 Innovations in Endovascular Repair of Abdominal and Thoracic Aortic Aneurysms

Yehuda Wolf

Tel Aviv Sourasky Medical Center, Israel

17:10 Optimization of Angiographic Equipment and Techniques: Safe Implementation of Hybrid Therapies

Gabriel Bartal

Meir Medical Center, Israel

17:22 Panel Discussion

Subhash Banerjee

16:10-17:40, Drug Eluting Balloon & Beyond, Hall J

Chairs: Juan Granada, USA, Morris Mosseri, Israel

16:10 Technical and Biological Challenges for Future DCB Development

Juan Granada

Columbia University, USA

16:25 Paclitaxel Releasing Balloon With an Inert BTHC Excipient: Technology Overview and Clinical Update of the Pantera Lux

Ran Kornowski

Rabin Medical Center, Israel

16:37 DEB only Strategy for Coronary De-Novo Disease

Bruno Scheller

University of Saarland, Germany (CANCELLED)

16:54 Can Drug Eluting Balloons be used in De-novo Lesions?

Morris Mosseri

Meir Medical Center, Israel

17:06 Development of a Drug-Coated Scoring Balloon: Preliminary Results from a Multi-Center FIM Coronary ISR Study

Gary Gershony

John Muir Cardiovascular Institute, USA

17:18 A Novel Rapalog Based DEB for Coronary and Peripheral Interventions – Initial Data

Darren Sherman

Caliber Therapeutics, Inc., USA

17:30 Panel Discussion

17:40-18:10, TECHNOLOGY PARADE COCKTAIL, Technology Parade Exhibition Area

18:10-19:25, New Access & Beyond, Hall A

Chairs: Gil Bolotin, Israel Amir Belson, USA, Marvin J. Slepian, USA

18:10 Thinking Outside the Vessel: Exotic Approaches to Implant Large Devices into the Heart

Robert Lederman
