

ICCIR 2016

International Conference on
Complications in Interventional Radiology

Preliminary Programme

June 9-11
Poertschach | Austria

www.iccir.eu

Dear Colleagues,

Complications are a delicate matter, but practitioners committed to continuously improving treatment results know that these must be confronted. The International Conference on Complications in Interventional Radiology (ICCIR) is a unique event that brings together professionals aware of this reality.

While the ICCIR attracts interventional radiologists with diverse backgrounds, participants are united in their dedication to refining the subspecialty by scrutinising cases that did not go as planned. The congress exposes participants to a wide range of possible complications, and gives them the opportunity to join distinguished faculty presenters in exploring how these can be avoided or best managed.

To encourage frank exchanges, we strive to provide a particularly discreet and professional environment, including by carefully selecting faculty and limiting overall participation. Carefully selected case reports also constitute a defining element of this congress.

Participants have regularly lauded the congress for facilitating direct, open exchanges with colleagues presenting information based on their own real-life experience, with younger doctors especially appreciative of the opportunity to engage in thorough discussions outside of the busy workplace environment. We look forward to welcoming another group of dedicated interventionalists in June!

Christoph A. Binkert
Arno Bücker
Klaus A. Hausegger
Jan H. Peregrin
Jim A. Reekers
ICCIR Advisory Board

Scientific Programme and ICCIR 2016 Faculty

Keynote Lectures

Reporting and documentation of device failures

F. Fanelli (Rome/IT)

Minimising radiation injuries to patients

W. Jaschke (Innsbruck/AT)

Advanced checklist: what needs to be done before the procedure

J.A. Reekers (Amsterdam/NL)

Sedation and pain control during IR procedures

O.M. van Delden (Amsterdam/NL)

The ICCIR programme offers valuable learning opportunities, including 10 case sessions analysing approximately 50 complications. Four keynote lectures will be given by members of our distinguished faculty, who will also ensure a professional and discreet environment.

The ICCIR 2016 Core Themes

**Peripheral arterial interventions
EVAR and TEVAR
Biliary interventions
Oncological interventions
Stroke treatment**

The ICCIR 2016 Faculty

A.M. Belli (London/UK)
C.A. Binkert (Winterthur/CH)
E. Brountzos (Athens/GR)
A. Bücker (Homburg/DE)
F. Fanelli (Rome/IT)
B. Gebauer (Berlin/DE)
P. Haage (Wuppertal/DE)
K.A. Hausegger (Klagenfurt/AT)
W. Jaschke (Innsbruck/AT)
R.A. Morgan (London/UK)
J.H. Peregrin (Prague/CZ)
H. Portugaller (Graz/AT)
J.A. Reekers (Amsterdam/NL)
M. Schoder (Vienna/AT)
R. Uberoi (Oxford/UK)
O.M. van Delden (Amsterdam/NL)
D. Vorwerk (Ingolstadt/DE)
F. Wolf (Vienna/AT)

Congress Registration

Accommodation & Hotel Booking

Still looking for accommodation?

Whether you're looking for a hotel room or for travel directions to the ICCIR 2016 Conference Centre, help is at hand! Visit the ICCIR website for more information about Accommodation and Travel.

Online registration (with secure payment) is available at www.iccir.eu. Please note that your registration must be submitted and all fees paid by the respective deadlines. Incomplete applications (not containing full name and address) cannot be processed.

Registration Fees (Euro)

Until April 7, 2016

CIRSE Member	€ 350
Non-Member	€ 450
Resident*	€ 190
Nurse*	€ 190
Radiographer*	€ 190

After April 7, 2016

CIRSE Member	€ 450
Non-Member	€ 520
Resident*	€ 250
Nurse*	€ 250
Radiographer*	€ 250

* Registration must be accompanied by a confirmation, signed by the head of department

Reduced CIRSE Member registration fees are only available to members of CIRSE (Cardiovascular and Interventional Radiological Society of Europe) in good standing in the current year of CIRSE Membership.

Undergraduate Medical Students

Undergraduate medical students benefit from free registration. The application must be accompanied by a confirmation of undergraduate medical student status at the time of the congress (university documentation certifying your main course of study and your current semester/year), a one-page curriculum vitae and a copy of valid photo identification. Please send your registration request and your documents to registration@esir.org.

Kindly note that undergraduate medical students are not eligible to register as case presenters. Please also be advised that CIRSE will not provide any documents for visa purposes for undergraduate students.
