Porto  
2015

The European Society for Vascular Surgery  
XXIX Annual Meeting  
Alfandega Conference Center, Porto, Portugal  
23-25 September 2015

## WELCOME TO ESVS PORTO 2015

The ESVS Annual Meeting 2015 will be held in the city of Porto between 23 and 25 September. The venue will be the Alfândega Congress Centre that was recently voted Europe's Best Meetings & Conference Centre during the Business Destinations Travel Awards 2014.

The scientific program will provide Vascular Surgeons and other Vascular Specialists with a three-day conference on the most up to date information about new developments in clinical practice and relevant research. Important updates and re-evaluations of the latest technologies and techniques, radiation protection, diagnostic modalities, and data from clinical trials will be presented and discussed.

The panel of expert international speakers will present this cutting-edge information as well as being available for your comments and queries. The usual range of ESVS workshops will be available. The target audience will be mostly Vascular Surgeons and Residents but also

Interventional Radiologists, Vascular Medicine Specialists, Nurses, Technicians and all others interested in the management of vascular disease.

As always your participation will be crucial! The ESVS is your Society and we need the scientific input of all members. The centerpiece of our daily sessions will be the peer-reviewed presentations selected from the best of the submitted abstracts.

We look forward to welcoming you in Porto and hope that you will enjoy the final scientific program.

**Armando Mansilha,  
Chairman**  
Local Organising Committee

**Arkadiusz Jawien**  
ESVS President

## THE IMPACT FACTOR FOR THE EUROPEAN JOURNAL OF VASCULAR AND ENDOVASCULAR SURGERY INCREASED FROM 2.82 IN 2012 TO 3.07 IN 2013

For the first time the EJVES Impact Factor is higher than that of the Journal of Vascular Surgery.

(previous Editor in Chief), in achieving this breakthrough and improvement in our Impact Factor. On behalf of the EJVES, we are indebted to all of you who helped us achieve this excellent outcome. This includes our Editorial Board members, our Reviewers and (above all) our Authors. We would also like to thank our publishing colleagues at Elsevier for their help in improving the visual quality of the papers as they appear in the Journal.

Finally, it is also important to acknowledge the important contribution of Jean-Baptiste Ricco

  
**A Ross Naylor**  
Editor in Chief

  
**Philippe Kolh**  
Senior Editor
