DIABETIC FOOT INTERNATIONAL SUMMER SCHOOL OF SURGERY

Real life in a multidisciplinary diabetic foot center

Weekly program

MONDAY, JUNE 29

	MONDAY, JUNE 29		
08.30	Welcome on board Dr. Riccardo Manca (CEO Istituto di Cura "Cittá di Pavia")	12.00	Overview of Diabetic Foot Surgery Prof. Robert G. Frykberg (Phoenix - USA)
08.45	Faculty: aim and scope of the course Prof. Chris Attinger (Washington DC - US);	12.30	Lunch time
	Prof. Robert G. Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy)	14.00-18.00	Outpatient setting: live visits with the experts. Prof. Chris Attinger (Washington DC – US); Dr. Giacomo Clerici (Pavia - Italy)
			WEDSNEDAY, JULY 1
09.00	Diabetic foot syndrome: state of the art Dr. Giacomo Clerici (Pavia - Italy)	09.00	Charcot foot surgery: indications, techniques, complications: lessons from the literature Prof. Robert G. Frykberg (Phoenix - USA)
09.30	Osteomyelitis: medical or surgical management? Dr. Dane Wukich (Pittsburgh - USA)	10.00	External fixators: the Italian experience Prof. Redento Mora (Pavia - Italy)
10.00	Diabetic foot infection: from the emergent surgery to the reconstruction:		Troi. Redefile Mora (Favia - Haly)
	flaps and new technologies. Overlapping? Prof. Chris Attinger (Washington - USA)	11.00	How to obtain a funcional stump during a major amputation Prof. Chris Attinger (Washington - USA)
10.30	Ischemic Diabetic Foot: how the endovascular options changed the fate of our patients?	12.00	Inpatient management of diabetic foot disorders Dr. Dane Wukich (Pittsburgh - USA)
	Prof. Jacques Clerissi (Pavia - Italy) Dr. Cesare Massa Saluzzo (Pavia - Italy)	13 00-18 00	(5 persons per case) Live into the Cath Lab: patients with Critical Limb
11.00	Ischemic Diabetic Foot: does open surgery still have a role? Dr. Andrea Casini (Pavia - Italy)	10.00 10.00	Ischemia and diabetes. Extensive revascularization tecniques Prof. Jacques Clerissi (Pavia - Italy); Dr. Cesare Massa Saluzzo (Pavia - Italy)
11.30	The role of angiosomes in wound healing		THURSDAY, JULY 2
11.30 12.00	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease	08.00	THURSDAY, JULY 2 Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA)
	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers		Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA)
	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease		Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA);
12.00 12.30	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections,		Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy)
12.00 12.30	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery)		Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA);
12.00 12.30	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery) Prof. Chris Attinger (Washington DC – US); Prof. Robert G. Frykberg (Phoenix - USA);		Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy) FRIDAY, JULY 3 Hands on: the future role of therapeutic magnetic resonance
12.00 12.30	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery) Prof. Chris Attinger (Washington DC – US);	14.00-19.00	Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy) FRIDAY, JULY 3
12.00 12.30	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery) Prof. Chris Attinger (Washington DC – US); Prof. Robert G. Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy) TUESDAY, JUNE 30 Hands on: offloading the foot. Not just wounds: TCC,	14.00-19.00	Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy) FRIDAY, JULY 3 Hands on: the future role of therapeutic magnetic resonance in diabetic foot ulcers
12.00 12.30 14.00-19.00	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery) Prof. Chris Attinger (Washington DC – US); Prof. Robert G. Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy) TUESDAY, JUNE 30 Hands on: offloading the foot. Not just wounds: TCC, walkers and postoperative devices Prof. Robert G. Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA);	14.00-19.00 09.00	Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy) FRIDAY, JULY 3 Hands on: the future role of therapeutic magnetic resonance in diabetic foot ulcers Prof. Alberto Piaggesi (Pisa - taly) Clinical Cases: share your experience with experts
12.00 12.30 14.00-19.00	Prof. Chris Attinger (Washington - USA) Preventing amputation: recognizing peripheral vascular disease complicating diabetic foot ulcers Prof. Robert G. Frykberg (Phoenix - USA) Lunch time Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery) Prof. Chris Attinger (Washington DC – US); Prof. Robert G. Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy) TUESDAY, JUNE 30 Hands on: offloading the foot. Not just wounds: TCC, walkers and postoperative devices	14.00-19.00 09.00 11.00 12.00	Charcot foot treatment: live surgery from the OR Prof. Redento Mora (Pavia - Italy); Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA) Live surgery from the OR (Minor amputations, surgical corrections, reconstructive surgery with dermal substitutes) Prof. Robert Frykberg (Phoenix - USA); Dr. Dane Wukich (Pittsburgh - USA); Dr. Giacomo Clerici (Pavia - Italy); Dr. Andrea Casini (Pavia - Italy) FRIDAY, JULY 3 Hands on: the future role of therapeutic magnetic resonance in diabetic foot ulcers Prof. Alberto Piaggesi (Pisa - taly) Clinical Cases: share your experience with experts The Attendees Lunch time Live surgery from the OR (Minor amputations, surgical corrections,
