5th DAVID SHARPE MEMORIAL SYMPOSIUM INNOVATIVE MANAGEMENT OF STRUCTURAL HEART DISEASE

Thursday 26th and Friday 27th **September 2013**

The Imperial Hotel, North Promenade, Blackpool FY1 2HB

Organised by:

The Lancashire Cardiac Centre,
Blackpool Teaching Hospital NHS Foundation Trust

International Expert Faculty addressing:

Multidisciplinary Management of Structural Heart Disease (SHD)

Minimal Invasive Valve Surgery

Percutaneous Valve Interventions

Multidisciplinary Atrial Fibrillation Management

Hybrid Interventions for SHD and AF

ONE HEART, ONE TEAM CONCEPT

Joint Cardiology, Cardiac Surgery and Cardiac Anaesthetic Meeting

<u>Welcome</u>

This year the Lancashire Cardiac Centre hosts the Fifth David Sharpe Memorial Symposium on Thursday 26th and Friday 27th September 2013.

We are delighted to invite interested clinicians and allied health professionals to meet in Blackpool to explore innovative techniques in the management of Structural Heart Disease. As in previous years, the meeting is run over two days and the format will replicate the previously successful team approach to advancing patient care across allied disciplines. We are proud to be able to host the Course Dinner in the historic Blackpool Tower Ballroom.

The meeting honours David Sharpe who died as a young consultant 10 years ago. His interest in teaching and training were well recognized and these symposia try to maintain his cooperative style. Delegate feedback over the past four meetings attests to earlier success and we hope to continue this in 2013.

As ever, we are grateful to our faculty of national and international experts. Each is renowned for leadership and teaching in their respective field. This opportunity to avail of their knowledge and skill in an interactive and intimate format is a recognized and integral aspect of DSMS.

None of this would be possible without the generosity of industry partners whose sponsorship has ensured continued development of this educational activity. In order to preserve optimal interaction over two days the number of delegates is limited.

Blackpool and the Lake District are ideally suited to families and combining the meeting with a family weekend is recommended.

We hope you will join us to improve our understanding of newer ways of tackling Structural Heart disease.

Shajil Chalil, David Roberts, Christopher Rozario, Manoj Purohit and Joe Zacharias
On behalf of the Organising Committee

5th DAVID SHARPE MEMORIAL SYMPOSIUM INNOVATIVE MANAGEMENT OF STRUCTURAL HEART DISEASE

Day One: Thursday 26th September 2013

08:15 Welcome and aims of the meeting

08:30 UNDERSTANDING MITRAL VALVE DISEASE

Chairs: David Glineur and Christopher Rozario

How are we doing with Mitral regurgitation Why do the Guidelines recommend what they do? Increasing Mitral repair rates: does it really matter? Simon Ray David Glineur Ian Wilson

10:00 Refreshment Break

10:30 MANAGING MITRAL VALVE DISEASE

Chairs: Steven Hunter and Mamta Buch

Endoscopic Mitral surgery, Fad or Future? Mitral clip is here to stay (Everest 3yr results) Robotic Mitral surgery: What does it add? Percutaneous Mitral replacements are round the corner Ralf Krakor Ottavio Alfieri Olivier Jegadean Mamta Buch

12:00 JEWSBURY LECTURE

Introduction
Managing Structural Heart Disease:
Where have we come from? Where are we going?

John Dark Ottavio Alfieri

13:00 LUNCH AND VISIT EXHIBITION

14:00 MANAGING ATRIAL FIBRILLATION

Chairs: Peter Braidley and Shajil Chalil

Newer drugs in managing Atrial Fibrillation PAF is an EP problem!

Dhiraj Gupta Pro: Neil Sulke Con: Manuel Castella

How Best to Treat Persistent AF: Surgical:

Robotics: Hybrid: Malcolm Dalrymple-Hay
Andre Ng
James Cox

16:00 Refreshment Break

16:30 MANAGING THE LA APPENDAGE

Chairs: Malcolm Dalrymple-Hay and Scott Gall

Thrombo-embolic risk in AF: Role of LA Appendage and anticoagulation Surgical closure of LA Appendage
Percutaneous closer of LA Appendage
Is it worth Commissioning

TBC Steven Hunter Joe de Giovanni Jim McLenachan

19:30 TRAMS TO THE TOWER BALLROOM FOR DINNER

Day Two: Friday 27th September 2013

08:30 EXTENDING TAVI FOR HIGH/MEDIUM RISK PATIENTS - WHAT EVIDENCE DO WE NEED?

Chairs: Vinnie Bapat and David Roberts

A Surgeon's View

A Cardiologist's View

A Trialist's View

A Commissioner's View

Chris Young Jan Kovac William Toff Jim McLenachan

REDUCING PARAVALVULA LEAKS AFTER TAVI

Why i use a self expanding valve Why i use a balloon expandable valve Saib Khogali Vaikom Mahadevan

10:30 Refreshment Break

11:00 NON-FEMORAL TAVI APPROACHES

Subclavian and Transcarotid Trans-apical

Percutaneous Trans Aortic:

Richard Levy Vinnie Bapat David Glineur

11:45 WORKING AS A HEART TEAM EVERYBODY WINS

James Cox

12:30 LUNCH AND VISIT EXHIBITION

13:00 IS MINIMAL INVASIVE SURGERY THE ANSWER IN HIGH RISK AORTIC CASES?

Chairs: William Toff and Joe Zacharias

3F Enable Sutureless Valve Suture-less Valves are the answer (Intuity Valve) Right Anterior Thoracotomy is the answer (Perceval S Sutureless Valve) Harald Eichstaedt Chris Young Borut Gershak

14:30 Refreshment Break

15:00 HOW I DO IT BREAKOUT SESSION (TRAINEE SESSIONS)

Cardiology Session (Jaydeep Sharma and Mamta Buch):

1. Trans-septal puncture – How to do IT... using fluoroscopy and/or TOE $\,$

2. How to avoid/deal with vascular complications during TAVI

3. Sizing the aortic annulus – CT versus echo

Andre Ng TBC

Grant Heatlie /Robert Bury

Surgical Session (Ernesto Greco and Joe Zacharias):

- 1. Wetlab right anterior thoracotomy
- 2. Simulator training
- 3. Edited video sessions (How to do it)

Borut Gershak Harald Eichstaedt Ralf Krakor and Ernesto Greco

Anaesthetic Session (Andrew Knowles and Khalid Khan):

- 1. Safe cannulation of neck veins
- 2. Coronary sinus cannulation for cardioplegia
- 3. Temperature and pain management in minimally invasive cardiac surgery

Khalid Khan Andrew Knowles Juan Zaballos

17:00 Wrap up and close of meeting: David Roberts, Shajil Chalil, Christopher Rozario, Joe Zacharias

General Information

VENUE

The Imperial Hotel, North Promenade, Blackpool, Lancashire, FY1 2HB

Tel: 01253 623 971

The course will be held in the Lancastrian Suite The hotel has its own car park and parking is free for delegates (150 spaces)

HOTEL ACCOMMODATION

All requests for accommodation should be made direct to the hotel as soon as possible. The special agreed negotiated rate for delegates is £75 for single occupancy of a double room including breakfast per person per night. This rate is available for rooms booked on Wednesday 25th September and Thursday 26th September.

To book bedrooms please call Reservations on: 01253 623 971 – Please quote David Sharpe Symposium in order to obtain the special negotiated group rate.

LOCATION AND TRANSPORT

From junction 32 of the M6 North and South, follow the M55 towards Blackpool. Leave the M55 at junction 4 and follow the signs for the North Shore. Drive through the town centre until you reach the sea, turn right at the North Pier and you will find the hotel half a mile on the right hand side.

Nearest airport: Blackpool International – 3.1 miles Nearest train station: Blackpool North – 0.6 miles

COURSE DINNER

The Course Dinner on the evening of Thursday 26th September will be held in the world famous Blackpool Tower Ballroom. This is a unique opportunity to dine in this spectacular room which dates back to 1894. A subsidized charge of £20.00 is payable for a ticket and trams will be arranged to transport delegates from the symposium venue to the Dinner.

CPD ACCREDITATION

CPD accreditation has been applied for. Please ensure you sign the attendance register to qualify for these points.

EXHIBITION

The Industry exhibition will take place in the Washington Suite and we encourage you to visit the stands during the refreshment breaks.

BOOKING DETAILS

To register for this Symposium please book online at www.millbrook-medical-conferences.co.uk or complete the attached registration form and return it to Millbrook Medical Conferences.
